Clubrooms and Magazine Details

The clubrooms are situated in Russell Terrace, Newtown.
Committee night is the first Tuesday of every month, except January.
Clubnight is on the third Tuesday of every month, starting at 7.30pm.
Motoring News is published monthly at the very start of the month. The deadline for articles and advertising is the end of the month. We welcome all contributions.
The contents of *Motoring News* do not necessarily represent the views of the Executive Committee. Whilst we do not mind other organisations reproducing any articles we have ownership of, we do insist upon the courtesy of an acknowledgement.
Every effort is made to present accurate information, however, Wellington Car Club and members do not accept responsibility for any inaccuracies. We are unable to accept responsibility for guaranteeing the goods and services advertised.

Editors' Report:

Welcome to 2002.

We hope you had a lovely Christmas and that this year brings you all you hope for (well, almost all).

Plans are well underway for Shelly Bay and Alexandra Road. The regs are going out in the next few days. Roll cages are compulsory for Shelly Bay and optional but recommended for Alexandra Road. Passengers will be allowed in cars with roll cages that have been appropriately scrutineered.

Helpers are, as always, still required – it would be nice, if you are entered in the event, for you to convince at least one "friend" to come along and help out!

We have a new major sponsor for the club – details will be announced when this is finalised. Thanks to Nathan Ewart for all his fast talking and hard work towards this.

There is to be a car-boot sale on March 9th – contact Sue Diggle on 3837 559 to arrange a (hopefully sunny) selling spot. Sellers $10 for the day, buyers, bring $$$$.

We hear that storks have been invading the ranks of our members again – at least this time the committee is – as far as we know – not stork infected.

You know who you are – and so do we! CONGRATULATIONS.

We also hear that 21 is the number of years someone is celebrating – from the invitations we've seen it sounds as if a great party is planned.

Thought for the month: What's the difference between a game and a sport? Sport is what one's servants watch on television and game is what one shoots.

Joke for the month: Imaging two identical WRXs in your garage (dream on). One rally modified and one road model. Which will use the most gas?

Answer is elsewhere in the mag!

Bernie's Blurb: (aka the President's Report)

Bernie is dictating this from a great height as he is painting the house (still) the neighbour's think he's colour blind as he is painting it yellow with purple 'spots'. (The purple is really the undercoat – we just thought we would scare the neighbours and it worked)!

Christmas Party: Thanks to all those who came to the party. Extra thanks to our friend who stepped into the suit and did a fantastic job. One of the little people saw him leaving via the bathroom which prompted some quick thinking by her big brother. We hear that beer makes Santa need to have a break or two on his travels.
I was a bit disappointed in the lack of children attending, would it help if we held it late November instead?

Driver Training Day was very successful and we appreciate all those who worked as trainers. We are looking at having another training day in April and maybe some dual car sprits as well. Some people had a ball, one even got told to turn his stereo down.

Shelly Bay /Alexandra Rd are well under way with a further planning meeting this month. If you can help let us know. I would like all competitors on site at least ½ hour early to help set up, tape, signs, barriers etc. We also are looking for trade prizes for class winners, please ring or bring to next club night. ie gift vouchers from your company etc.

Working Bee went well, it's magic what people can do in 2 hours, the prize to the one travelling the furthest had to go to a friend of a club member who came from Hong Kong.

We have access to some FULL sized pool tables, complete with balls etc for $2000 and the club gets a cut. If you are interested ring Nathan on 586 1766.

Event Sites. The motorkhana site we looked at was not suitable as it had reo bars coming up through it and they would slow you down too much. We may be able to use part of the road for a sprint. If you know of any sites we could look at and who we can talk to please let us know.

Cheers, Bernie.

Bernie

Club Captain's Report;

Driver Training Day, December 2001

The 3rd Driver Training Day was held in perfect weather conditions at Manfeild. Temperatures got up to 30°C and was tough on both cars and drivers.

Joe McAndrew and his team of coaches gave all drivers an insight into real race conditions. Many drivers that took part in the club's August training day are now showing great improvements in their race line and general driving ability.

A big thanks must go out to all those who provided the man-power to make the day the success it was. The next Driver Training Day has been booked for Saturday 20th April. The club will be running a car preparation discussion group very soon that will begin to cover the necessary modifications required to make track work in your car a little more enjoyable. Watch this space!!

All the best for the New Year.

Regards John Lucas.
Club Captain

Ever wanted to drive fast - legally?

Wellington Car Club
are running a competitor
coaching day, followed by a
dual-car sprint
at the 'Back-track',
Manfield, Feilding.

Saturday, April 20th, 9.30 am start.

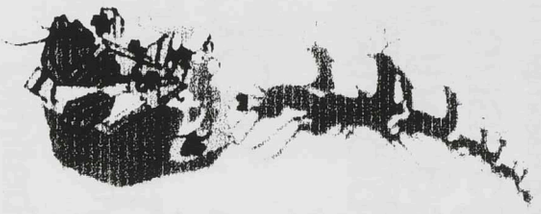

Limited places..
$55 entry fee includes track hire,
lunch & MSNZ levies.
Fee $75 for non car club members.

For regs and entry forms
ring John Lucas,
04 - 495 8006

Upcoming Events:

January 15th	Clubnight - Social Evening
January 20th	Port Road Sprint, HVMSC
February 19th	Clubnight - TBA
February 16th	Levin Sprint (Check date, it may be the 17th!)
February 23rd	Shelly Bay Sprint
February 24th	Alexandra Road Hillclimb
March 9th	Car-boot Sale
March 19th	Clubnight - Track-car Chassis Development
March 23rd	Taihape Rally
April 16th	Clubnight
April 20th	Taranaki Rally
April 20th	Driver Training Day

Do not let your kids see this

Xerious doubts

So it's Christmas and Santa is about to do the rounds. There are approximately two billion children (persons under 18) in the world. However, since Santa visits predominantly children of Christian origin, this reduces his workload to 15% of the total, or 378 million (according to the Population Reference Bureau).

At an average (census) rate of 3.5 children per household, this makes 108 million homes, presuming at least one good child in each.

Working East to West, Santa has 31 hours of Christmas to work with, thanks to the different time zones and the rotation of the earth. This works out to 967.7 visits per second, or around 1/1000th of a second to park the sleigh, hop out, jump down the chimney, fill the stockings, eat whatever snacks, get back up the chimney, jump into the sleigh and get on to the next house.

Assuming each of these stops is evenly distributed around the globe (we know this is not in fact the case but for the purpose of calculation...) he travels about 1.25km between households or a total trip of 135 million kilometres, not counting bathroom stops. This means he's travelling at around 1200km a second. By comparison the fastest man-made vehicle, the Ulysees space probes, moves at a slow 44km/sec, and reindeer, at best, 24km/hr.

Payload is another problem. Assuming each child gets nothing more than a medium sized Lego set weighing 1/2kg, the sleigh is carrying over 500,000 tonnes, not counting Santa himself. On land, a reindeer can pull around 135kg. Even if "flying" reindeer could pull ten times that amount, the job can't be done with eight or even nine - Santa would need 360,000 reindeer. This increases the payload, another 54,000 tonnes, or roughly seven times the weight of the Queen Elizabeth (the ship, not the monarch).

It gets worse: 600,000 tonnes traveling at 1200km/sec creates enormous air resistance - the reindeer would heat up in the same fashion as a spacecraft re-entering the earth's atmosphere.

The lead pair of reindeer would absorb around 15 quintillion joules of energy per second each. In short, they would burst into flames almost instantaneously, exposing the reindeer behind them and creating deafening sonic booms in their wake. The entire reindeer team would be vaporized within 4.26 thousandths of a second, or right about the time Santa reached the fifth house on his trip. Not that it matters, however, since Santa, as a result of accelerating from a dead stop to 1200km/sec in .001 seconds, would be subjected to centrifugal forces of 17,500 g's.

A 135kg Santa (which seems slim) would be pinned to the back of the sleigh by 2,000,000kg of force, instantly crushing his bones and organs and reducing him to a quivering blob of pink goo.

Therefore, if Santa did exist, he's dead now. Happy Christmas.

Concerned engineer, Hamilton.

HUTT VALLEY MOTORSPORT CLUB

PORT ROAD STREET SPRINT

SUNDAY 20th JANUARY 2002

SUPPLEMENTARY REGULATIONS

1. TITLE OF COMPETITION:
The competition will be known as Hutt Valley Motorsport Club Port Road Street Sprint

2. THE PROMOTERS:
The promoters of the competition are the HUTT VALLEY MOTORSPORT CLUB INC. All correspondence should be addressed to:

Port Road Street Sprint
Hutt Valley Motorsport Club
PO Box 38-874
WELLINGTON MAIL CENTRE

Telephone enquiries may be made to:
Dave Davies 528-2398 home 387-9931 work

3. DATE & TIME:
The competition will be held on Sunday 20th January 2002 with a compulsory drivers briefing at the start line at 8.30am.

Competition will commence immediately following drivers briefing.

4. STATUS OF COMPETITION:
The competition is a Clubsport Advanced Event held in accordance with the National Sporting Code of MotorSport New Zealand Inc. and these Supplementary Regulations and any Additional Supplementary Regulations.
THIS EVENT IS A ROUND OF DUNCAN MCKENZIE SERIES. The MSNZ Permit Number is 26691

5. VENUE:
The venue for the competition is Port Road, Seaview incorporating Barnes & Meachen Streets. There will be a map at the start line on Sunday morning.
The surface is sealed and approximately 2.0km in length.

6. OFFICIALS:

Clerk of the Course	Steve Bain
Secretary	Jane Black
Chief Scrutineer	Mike Burnside
MotorSport NZ Steward	Wayne Gair

7. NUMBER OF STARTERS:
One competing car will be permitted on the course at any one time.

8. ENTRIES:
An entry fee of $65.00 MUST accompany the official entry form and be received by the Secretary before 5.00pm on **WEDNESDAY 16TH JANUARY 2002.**
LATE ENTRIES WILL BE ACCEPTED UP UNTIL 5PM SATURDAY 19TH JANUARY 2002. LATE ENTRY FEE IS $100
The onus is on the competitor to ensure their entry forms are posted to the correct address.
Cheques are to be made payable to The Hutt Valley Motorsport Club Inc.

ENTRY IS RESTRICTED TO 60 COMPETITORS ONLY

Entries will be receipted in order received and no acceptances will be sent.

Should the number of entries exceed 60 the organisers will compile a Reserve Entry List. Reserve Entrants will be required to attend Safety Audit & Documentation as usual.

The organisers reserve the right to cancel the event if less than 30 entries are received at normal closing date.

9. SAFETY AUDIT & DOCUMENTATION:

Safety Audit, as per Schedule A, Appendix 2 of the NZ Motorsport Manual Edition 30, will be held on **Saturday 19th January 2002** at Total Performance Centre, 62 Victoria Street, Alicetown, Lower Hutt, between

2.00pm- 4.00pm.

Documentation will be held in conjunction with safety audit.

ALL DRIVERS MUST POSSESS AND PRODUCE FOR INSPECTION THE FOLLOWING:

a) Current Civil Drivers Licence
b) Current MotorSport NZ Competition Licence, minimum Clubsport status
c) Current MotorSport NZ affiliated car club membership card
d) Crash Helmet & Overalls as specified in the current MotorSport NZ Manual
e) Fire Extinguisher
f) Tyres to be used for the event
NOTE: AS PER APP 2 SCH A 4.8 (3) (a)
NO SLICK TYRES CAN BE USED AT THIS EVENT

All vehicles MUST display the safety audit sticker provided during competition.
All vehicles MUST be presented in a clean & tidy condition.
All vehicles MUST be fitted with an effective muffler.

10. PRACTICE:

Following drivers briefing **ALL** competitors will be required to make one reconnaissance tour in convoy. This will be classed as your practice.

11. OFFICIAL RUNS:

It is intended that all competitors will have the same number of official timed runs, except that where a competitor fails to start when required, that competitor will forfeit that run. It is intended to run three official timed runs.

Competitors will be required to run in numerical order. Should a competitor fail to do so, without dispensation from the Clerk of the Course, the competitor will forfeit that run.

** **COMPETITORS WILL NOT BE PERMITTED TO CARRY PASSENGERS WHILST COMPETING!**

12. BEHAVIOUR:

Competitors will drive considerately and gently except when competing.
Competitors are requested to ensure the parking and pit areas are left in a clean and tidy state.
Failure to comply with the above may result in exclusion from the results.
Competitors are requested to refrain from the temptation to familiarize themselves with the course prior to competition.
Although the organisers are unable to prevent competitors from visiting the location we would remind them that road closures are not easy to obtain and abuse of this privilege will not be tolerated.

13. PROTESTS:

Protests will be in accordance with the National Sporting Code.

14. CLASSES:

The following classes will apply -

A 0-1300cc
B 1301-1600cc
C 1601-2000cc
D 2001cc-Over

15. AFTER FUNCTION & PRIZEGIVING:

Following the event there will be a prizegiving at the clubrooms.

16. SPECTATING

THERE WILL BE NO SPECTATING AREAS.

Report on the Race tech Central region A.G.M held at Fielding December 2nd 2001

Bernie and I went up the day before ,for the competitor coaching day ,report on that in the bulletin from John, (I have the photos from the coaching day at the club rooms if any one would like to look at them.)

Mike Gibbs was elected chairman
Doug Hill as technical officer.
Grant Brodie & Chris Parker as seeding officers
Margaret Thompson & Debbie Clunie sharing the rest of the jobs

Reports on the seasons rallies from an organizers view point following.

Rule changes for 2003 season
Class A to be 0 to 1350cc Class B 1351 to 1650cc Class C 1651cc up
Class E pre 92 4wd definition to be tighten

2002 season date

23rd March Taihape Same as 2001
20th April Taranaki Change to SS6
21st or 28th July Hawkes Bay National round , no big ford, going south this time.
24th August Taupo , no notes, Saturday afternoon/Sunday morning.
28th September Kapiti looking at a possible rally.

It has been suggested the stage notes are banned for series competitors, the discussion has been deferred until the next AGM ,I didn't feel I could vote on this as I don't know the feelings of other club members, can you let me know so I can vote the way most competitors want.

The Bay Rally had applied to be round of the series , this was declined

A sponsor has approached the series organizers and as soon as an acceptable agreement has been worked out , the name will change.

Registration fees will not be going up.

If you have any questions please ring Bernie or I and we can give you the correct information or at least put you on to the right person.

See you out there in March

Sue Diggle

2001 RACETECH CENTRAL REGION RALLY SERIES
SERIES CO-ORDINATOR'S REPORT

The Central Region led the way in 2001 being the first of the regional rally series to Sanction their series with MotorSport NZ. It has lifted the profile of the series and the media now recognise each event as a major rally in NZ.

The central region series has become more recognised over the past five years, and one only has to look at the growth of registrations from 85 in 1996 to an all-time high of 123 in 2001. This can be contributed to the dedicated team of organisers from the clubs running rallies and building up a high profile of very successful events. With all five rounds counting towards points this year, made for an exciting and closely fought series.

This year, numbered Membership Cards were issued to those that registered, to give David Black - Racetech a means of identifying the competitors that purchased from him, and obtained discount on products. The Series Articles were also published in booklet form – a little more upmarket than just sheets of paper.

Again Mike Beauchamp from Motorsport Central gave the Central Region events very good coverage, and thanks to the clubs that supported Mike's newspaper. Results and reports have been sent to a various media throughout NZ but unfortunately I don't get to see what they ail print. However Auto Trader and SpeedSport have been very co-operative publishing material. Thanks to Richard Clunie who writes our articles for SpeedSport. Trudie Cooper has kept the MotorSport NZ Website up-to-date and this has also created a lot more interest in central region rallying. A number of clubs have also set up their own Websites and this has provided an even greater exposure for the series.

MotorSport NZ held a seminar for Sanctioned Series co-ordinators in September, and while I was the only rally co-ordinator among the racing fraternity, it was a very informative seminar covering our duties.

There are a great number of people I would like to thank who have given their support this past year. I cannot name you all, but would especially like to thank all the organisers who readily provided me with info before, during and after your events. You have all been most helpful. A big thank you also to the clubs that provided me with accommodation and meals while attending your events.

Bernie Keith has again kept the Clerks of the Course on their toes while running HQ at each event, and he has also provided me with info on withdrawals etc for publicity. Chris Parker and Charlotte Reihana have again provided an excellent service with compiling the results and supplying up to the minute info. Thank you Bernie, Chris and Charlotte for your dedication to central region rallying. Grant Brodie has done a great job seeding all the hundreds of competitors and I have heard very few complaints about seeding.

The final round of the series saw the overall winner and two class winners have their cars post-event scrutineered by MotorSport NZ Technical Officers. While it was not an entirely popular move, the fact that the Series is now a sanctioned series, we have to make sure that the cars running in our classes are legal, and I am pleased to say that all three passed the test.
in last round

The prizegiving at Manawatu unfortunately had a sour ending with sponsor David Black stating he would not be renewing his sponsorship for 2002. This is a disappointment as he had stated at the previous event that next year would see bigger and better things.
I would like to thank David for his contribution to Central Region rallying over the past five years, and also all the clubs and individuals that have supported both Black Rally Sport and Racetech. Sponsors are not easy to find, and when we do find them we must endeavour to look after their needs. I feel we had supported him well, but would ask everyone to give any future sponsor their full support.

Thanks Mike Gibbs for your support, and the timing crews and officials from central region clubs, who without you the organisers would struggle to run their events. Last but not least, thanks Dave Hayward for your contribution to our series, helping run training sessions, organising events and helping out. Good luck to you in the land of Oz.

Margaret Thompson, Series Co-ordinator

PLYMOUTH INTERNATIONAL TARANAKI TARMAC RALLY 2001

The weather was mostly fine with couple of showers for the day with rain falling during the night.
From 127 registrations, 118 crossed the start ramp with 86 completing the rally, (last year 71 starters). All but 4 had entered by normal closing date, which makes way for confidence & support in the rally. Gives the organising committee an extra burst of enthusiasm. With the high level of entrants we focused on (A) doubling our documentation staff, (B) making sure the venue for prizegiving would be adequate.
My brief visit to documentation showed those whom had not completed their paperwork were holding up the queue, they were to take their paperwork to 'work stations' & then rejoin at the end of the queue. A slightly different layout will be much more efficient.
The "road closure" window was ok. for that many as were the number of timing crews however another 30 starters would necessitate 2 more complete start/finish crews because of the time required to get to their next stages.

Distance was reduced to 179km, of special (216) because of road works. This scored us Valuable 'brownie points' with the District Council as we had an objector complaining about number of cars, noise, and condition of road after rally etc. that the DC gave us their support.
Our timing & special stage start order was arranged to accommodate a wedding, which went off very well. I bele3ive we were delayed about 8 minutes for the wedding party while they were escorted through the stage.
Driver's briefing was messy as it was pointed out that the alternations to the Road Book were not lining up with the Stage notes or corresponding pages in the Road Book. By the time it was sorted & the rest of the meetings concluded it became rather long day in fact too long to be acceptable. It raises the question 'do we have 2 driver briefings' to cover those who are first through documentation/scrutineering & those through the second half?
Saturday ran pretty much to time schedule, except for SS1 which was delayed for 12 minutes due to a taping party misunderstanding, from all reports suggest that we had generous time allowances, even those at the rear of the field were able to use both service & regroup time to their own advantage

Farmer, 800 metres in from start of SS9 had 28 cars go through his fence (albeit the same hole) so opened up the gate to make it easier to rejoin. He thought it was a huge joke in fact is talking about removing that length of fence for next rally.
Our publicity stage (SS13) was commended for its compliance to a very high safety standard by the Stewards. This is one of these stages that always causes concerns for the organizers and thankfully we appear to be on top of it for the moment.

Two areas of concern re Safety: 1 competitor leaving stage at a side road & unsighted.
2. Two competitors crashed at same point, only 1 zedka.

450 people sat for the seal. Other than the delay for the later diners awaiting more meat, appeared to be enjoyed by most.

Prizegiving was too drawn out. People after a few drinks tend to lose their concentration level unless it directly affects them personally also the lack of seating for those that don't wish to dine. Where does one put them?
Timing Crews in the main did an excellent job, however those that don't often get to other rallies, showed in their paperwork etc. I would like to take this opportunity to thank all Clubs that supplied us with Officials, Timing Crews, plant & equipment to help make our rally such a success also to all of our Sponsors, especially to Dave Black & Racetech who has supported both the Top Half & Central Rally Series. One again thank you all.

In working out the average speed as suggested by the Rally Commission, our stages are SS1 123.4, SS2 125.34, SS3 94.53, SS4 125.4, SS5 136.3, SS6 131.7, SS8 99.7 SS9 128.18, SS10 122.2, SS11 125.3, SS12 108,6, SS13 128.31.
So with the exception of SS5 & 6 we are close to the mark of the 132kph ruling.

Our date for 2002 is 20/04/02, mark your diary now.

Arthur Roper
Rally Chairman

Taupo Car Club 2001 Rally Report

This year the club ran a highly successful traditional forest rally (every Special Stage started on time) in the Tahoakuri Forest on the Napier – Rotorua highway some 15 mins north of Taupo.
The rally committee would like to thank our main sponsor Barrons Caravans, and also Fletcher Challenge Forests who made this rally possible, we would also like to thank the various car clubs and their members who gave of their time to help whether you volunteered or were dragged screaming out into the forest.
The Rally was the 4th Round of the RaceTech Central Region Rally Series, a Round of the National Club Championship, and also included were two classes for Classic rally cars.
The event comprised Nine Special Stages in the Forest and a Spectator Stage at Taupo Raceway in the early afternoon which saw the spectator banks as full as our National Race meetings, in all 136km of Specials and 170km of touring.
64 competitors left the starting line and of those 45 finished. During the event we used a common service park all day that was actually open for service at all times if you read the road book etc. the correct way, as it was within 16km of all Forest stage starts or Finishes.
We ran a spectator stage in the middle of the event at Taupo Raceway which had the spectator banks more full than on race days. This allowed service crews a change of scenery during the day.
Feedback from the competitors and MotorSport reports suggest that we can pat ourselves on the back for a job well done, the only areas that we let ourselves down were a lack of personnel, and a Prizegiving venue which let us all down badly. Comments about the roads were not accepted well with the organisers on the basis that this is a forest rally and not all rallies should be on smooth, flat, wide, recently graded, sections of state highways to suit recently purchased state-of-the-art family saloons!!
Next years Rally is on the 24th August, 2002 and some initial planning has started. It will be 160 km of special and 160 of touring.
If you are interested in assisting in the organisation of next years round of the RaceTech Central Region Rally please approach a member of the Rally committee and make yourself known or e-mail: rallysec@taupocarclub.org.nz.

Taupo Car Club Inc Gratefully acknowledge the help of the following sponsors:- **Barrons**

Taihape

2001 "BP" GUMBOOT RALLY

The 2001 "BP" Gumboot Rally held on Saturday 31 March was the fourth rally organised by the Club and appeared to run very smoothly, at least until part way through the last stage. All stages started on time and all ran smoothly until a competitor took out a power pole that happened to be part of the main power feed into Taihape.

The resulting lack of power to the town threatened to cause all sorts of problems from no results to no meal, and most importantly to put the Club offside with residents. Fortunately power was restored to most of the town fairly promptly. The exception was the area close to the pole and the Club President lives about one hundred metres from the offending pole. The Club's copier, which should have produced multiple copies of the results, was at his house!

As an aside, the damage to the pole cost $5942.80 and was billed to me personally. The account took two months to be received from PowerCo and was promptly passed on to MotorSport's Insurers (who had been notified with an hour of the mishap). PowerCo was also notified that it was the TDCC who should have been billed – but that they should deal with MotorSport's insurers who the account had been sent to.

Almost exactly a further two months later, I received a call from Baycorp Collection Service that the account was now in their hands and a further $1725.19 had been added, and what was I doing to pay up! Needless to say, my reply was rather terse and pointed out that they should be dealing with the Car Club's insurer, which the caller refused to accept.

I quickly found out that the account had just been paid – the delay was in getting MotorSport to pay the excess! PowerCo reluctantly agreed that they should not have been billing me – but wanted to know who would pay the $1725.19 – I assured them it would not be me, the TDCC or MSNZ.

Four days later I received a letter from Baycorp who were obviously not giving up – and PowerCo promptly received a further strong Fax! That finally got an admission that I had been wrongly billed and my credit rating would not be affected. No mention of the $1725.19, which I presume PowerCo paid. The joys of running rallies – why do we do it!!!

This years event was identical to last year and some 88 entries were received (78 – 2000, 69 – 1999, 72 – 1998) with 79 cars actually starting the event (70 – 2000, 66 – 1999, 68 – 1998). There were 58 finishers (50 – 2000, 51 – 1999,46 – 1998). The Gumboot Throwing Competition held at the lunch break was again well received.

The Club again set out to hold a friendly event with the emphasis on value to the competitors by keeping to a one day format with easy access to service areas; and to organising an event that minimised the number of Control Teams and thus cost to other clubs.

I believe we succeeded yet again

Many people put in a huge effort to ensure the running of the event and the results of their efforts are evident in the success of the rally.

The Club is appreciative of the help received from members of other clubs and from members of the Taihape community. The community really got behind the rally yet again and their support, and the overall success of the event, convinced the Club to plan for another rally in 2002.

However, with increasing numbers of a very small Club wanting to compete, it is a matter of some doubt whether the Club will run a rally in 2003.

This year the Army and Feilding St Johns again supplied the First Aid teams and their assistance was much appreciated.

Radio communications are always difficult because of the nature of the Taihape district, but the efforts of the AREC operators, plus the Clubs own network for key officials, provided adequate communications.

The allowing of a change of No 2 Driver in the event of carsickness under controlled conditions was again appreciated by an affected competitor. I believe that this is a very important provision – particularly at the first rally of the season.

I also note that there is now provision to allow for rejoins in similar circumstances and this will also be included in next year's regulations.

Graham Robertson
Rally Manager/Clerk of Course

REPORT ON PALMFEILD MOTORS SUBARU DAYBREAKER® RALLY 2001

Introduction
It is fair to say that the Manawatu Car Club's second NZRC rally this Century was successful. We had a full field, didn't kill anyone and seem likely to make a small profit – what more can you ask?

Work Load
The effort required to organise and conduct a top class NZRC rally today is immense. Organising the rally itself is relatively easy compared to the huge task of arranging the sponsorship/promotion/publicity. We were very lucky to have a committed organising team who went the extra mile for the good of the Daybreaker. Four key members of this team are not available next year and other officials of the event have also advised their retirement. Finding replacements prepared to shoulder the work load will not be easy.

Competitor Co-operation – Lack Of
For rally publicity and promotion to be successful competitors must make themselves available for displays, interviews, forums, etc. Only 20% of the field helped with this (and did a good job of it). The well advertised 'rally car race' initially attracted 32 entries. Several thousand spectators were badly let down when only three cars turned up on the day. Few competitors bothered to turn up for Sunday's prizegiving. Without doubt one of the biggest problems organisers face is a lack of co-operation and commitment from competitors.

Format
With few changes, the 2001 Daybreaker used the same format and route as 2000. This was a good move, mistakes were corrected and the organisation worked well.

District/City Council Co-operation
The benefits Districts/Cities derive from a major rally are becoming apparent to Councils. Co-operation, assistance and even money was forthcoming this year. A major plus!

Things that went well
- The website.
- Sponsorship. 71 businesses/organisations provided some form of support.
- Publicity and promotion. Including activities in The Square and the finish ceremony. Good media coverage.
- The Albert Motor Lodge venues and 'after match party'.
- Roads. Competitors liked them and they stood up well.
- Manfeild in daylight.
- Service Parks, particularly the support of the local people.
- Results system (Chris Parker and Lance Hastie).
- Police assistance.
- Support from Councils, communities and residents on the route.

Things that went badly
- The Safety Car crashed and delayed that stage (SS8) by 28 minutes.
- Competitor attendance at prize givings. Both Saturday night and Sunday.

Officials
Once again, the competence and enthusiasm of officials/marshals/timing crews from CRRS Clubs was outstanding. Our thanks to all. It has become more difficult to find volunteers for responsible positions since the Queenstown affair.

Statistics
- 102 entries. 87 starters. 55 finishers.
- Friday Time 3.30pm – 8.54pm (5hr 24m). SS 13.5km. Total 54.0km.
- Saturday Time 5.45am – 7.00pm (13hr 18m). SS 193.8km. Total 506.1km.
- Total 18hr 42m. SS 207.2km. Total 560.1km.

End
The success of the 2001 Daybreaker is a good note for the 'Old Guard' to finish on. Good luck for the future.

Dave Hayward
Rally Manager
24/10/01

The 2001 VJ Oil Rally of Hawkes Bay

This year our rally used 160kms of forest and public roads. Some roads were new and some not used for some time. Using forest roads can be dicey as the weather can play a large part in the way your rally runs. Our course revolved around three key roads, each containing a ford. These fords and the roads where checked during and after heavy rain but still managed to surprise us on rally day.

The support from Pan Pac Forests, eager to increase their public profile, opened up Whirinaki forest to us, also our financial support of St Johns and AREC, saw Pan Pac and Carter Holts waive road usage and repair costs.

We had 97 entries and 85 starters, but only 49 actually finished.

Our biggest problems were the shortage of experienced timing crews and lack of an executive channel (Fleetlink), the bottle neck at the major ford. Our taping and de-tape crews let us down also.

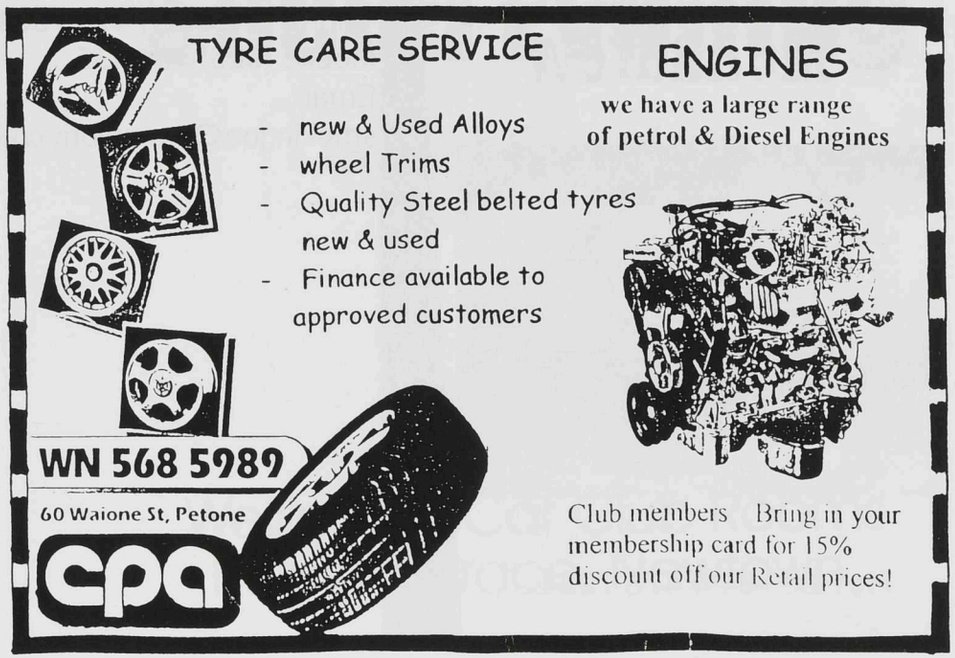

The highlights – the use of a river road made a good publicity event, also our series sponsor David Black did an excellent job as MC at the start line and prize giving.

Again, we did not have notes at our rally, perhaps the note provider needs to market his notes to the mid to lower end users to ensure he gets the return he needs.

All in all, a successful rally for the organisers.

Steve Foster

Bruce McLaren scholarship

Motorsport New Zealand Inc being the national sporting organisation for four wheel motorsport is affiliated to the world governing body, FIA (Federation Internationale de la Automobile).

Motorsport NZ established the Prodrive Trust to operate its college student driving skill enhancement programme and to raise capital to enable a range of scholarships to be introduced to assist competitors who have indicated potential star qualities in their race driving skills.

Aims

- To provide an assistance package spread over twelve months to one MotorSport NZ licensed competitor under the age of twenty-one who has already demonstrated the ability to excel in their chosen motorsport discipline.

  As part of the assistance package the chosen scholar will be enrolled in a number of programmes to ensure a sound understanding and knowledge is gained of;
  - The desired level of physical fitness
  - Mental preparation techniques
  - Correct nutrition
  - Sports drug policy
  - Preparation of sponsorship proposals
  - Servicing sponsors needs
  - Preparing media information
  - Techniques for handling media interviews, print, audio and visual
  - Techniques for public speaking
- To provide an environment for the chosen scholar to raise their public profile through the Prodrive driving skill enhancement program.
- To provide opportunities with a level of financial support to gain detailed knowledge of vehicle preparation and set up of both saloon and single seaters.

NOTE: The winner of the Bruce McLaren Scholarship will be offered opportunities including;

(a) One week in Woking, Surrey at the McLaren facility working with sections of the factory. There will be many sessions conducted by McLaren personnel and offers hands on experience in areas such as carbon laminating, gearbox assembly, machining etc. The Scholarship includes return air travel for the winner and accommodation for the week in Woking. The week at McLaren will be 2–6 September 2002.

(b) One week at Australian Institute of Sport covering such areas as general and specific fitness, diet, psychology and massage. This week with young drivers from Australia is early December 2002.

Conditions of application

Applicants must be;

1. Permanent residents of New Zealand, and
2. Members of a member club of MotorSport New Zealand Inc, and
3. Holders of a MotorSport NZ issued competition licence of either National or International Grade, and
4. Under the age of twenty-one at the 31st of December in the year of application, and
5. Able to provide a time commitment to;

   (a) assisting with the Prodrive driving skill enhancement programme (approximately 80 hours spread over twelve months), and

   (b) attending and participating in the number of packages arranged as part of the scholarship, and
6. Furnish reports on outcomes achieved as and when required by the Prodrive Charitable Trust.

Applications for the Scholarship will be advertised annually in prominent motorsport style publications.

Applicants are expected to complete an application form which is forwarded to a judging panel who consider all applications and conduct interviews where deemed appropriate, and determines a successful applicant.

NOTE: Whilst the Scholarship is open to all under the age of twenty one it is envisaged that persons between the ages of eighteen and twenty-one will be better equipped to gain the best advantage. Not withstanding these comments the judges will consider applications from younger applicants however should such a person be successful in receiving the 2002 Bruce McLaren Scholarship then the packages detailed under the Aims section may not all be available due to practical and legal issues.

The judges decision is final and no correspondence will be entered into.

How to apply

The application form asks a number of questions aimed at providing the Bruce McLaren Scholarship judging panel a detailed insight of the applicant's achievements to date and what is hoped to be achieved in the future.

The more information that is provided through the questions to the judges in assessing each applicant's abilities, the better chance they will have of making a soundly based decision of the best recipient.

Completing an application should not be a difficult or onerous task if you (the applicant) follow these guidelines;

a) Read through the application form and these notes to get a feel of what the judges will be looking for.

b) Draft a response to each question on a separate sheet of paper then review what you have written, grouping your responses into a logical sequence. When you are satisfied then complete the final copy of each answer.

c) Attach to the application, two good quality photos of yourself. One to be a head and shoulders photograph, the other of your choice.

d) Please ensure your submissions are clear and legible. Typewritten responses are preferred.

e) Ensure you complete the declaration and sign the application form.

f) Ensure it is posted to arrive prior to the closing date for applications.

Closing date for applications

The 2002 Bruce McLaren Scholarship applications close at 5.00 pm on Monday the 4th of February 2002.

Notification of selection for final interview

Finalists will be advised of interview arrangements as soon as practical after application close-off.

Award announcement

The 2002 Bruce McLaren Scholarship will be awarded at the MotorSport 55th Annual Awards dinner in Wellington on Saturday 18th May 2002.

Address for applications

All applications are to be made on the official application form and delivered by mail to:

2002 Bruce McLaren Scholarship
c/o The Prodrive Trust
PO Box 3793
Wellington

"To succeed in motor racing it must be the most important thing in your life, because if it isn't the most important thing to you, there are dozens others for whom it is.

Those are the people you have to beat. You must eat, live and think motor racing. The more you think about it and plan, the better you will do."

BRUCE MCLAREN

SUBARU
ALL-WHEEL DRIVE
RALLY OF CANBERRA

3–5 MAY 2002

VOLUNTEER INFORMATION

Join the Team and Be Part of the Action!

The 2002 Subaru Rally of Canberra is offering fantastic volunteer incentives!

Volunteers at the 2002 Subaru Rally of Canberra will receive:

- A thank you gift from **Subaru Australia**
- A **free** spectator pass to all forest spectator points
- A **free** 'Volunteers Welcome Pack'
- **Free** entry to the post-event function on Sunday 5 May 2002
- Incentives for additional ticket sales

Accreditation will be issued from the Accreditation Centre.

How to fill in your Volunteer Official Application form

Refer to **section D** of your form to indicate which position you prefer:

Rally Office Assistant
In the months leading up to the rally, assistance will be required with the event preparation; general availability on weekdays, evenings or weekends is required.

Headquarters Official
Located at Rally HQ*; assist with the smooth running of Headquarters including duties such as reception, administration, competitor liaison. Required from Saturday 27 April – Sunday 5 May.

Equipment / Set up Marshal
Assist before and during the rally with the preparation, supply, allocation and delivery of equipment.

Reconnaissance, "Recce" Marshal
Reconnaissance* occurs on Tues 30 April and Wed 1 May 2002. Located at the start, finish and within Special Stages*; record the entry of competitors at the start of the stage and maintain security of the stage.

Results Official
The Results Centre will be located at Rally HQ*. Infield results will be located at Spectator Points and Service Parks. Results officials assist with the compilation and distribution of results; these positions will be required from Thursday 2 May.

Scrutineering Official
Located at EPIC; assist with scrutineering (safety/compliance checks) of all competition vehicles on Thursday 2 May.

Road Closure Marshal (must have car)
Located within a Special Stage* sometimes in an isolated position for the day, although usually a great spectating point. Assist with maintaining the security of the course – requires own vehicle.
These positions are required from Friday 3 – Sunday 5 May.

Flag Marshal
Stays with the Radio Operator within a Special Stage*; on advice from Rally HQ may be required to display flag to competitors to slow them down
These positions are required from Friday 3 – Sunday 5 May.

Spectator Marshal
Located at designated Spectator Points within a Special Stage*; responsible for assisting with the control, safety and parking of spectators; these positions are required from Friday 3 May – Sunday 5 May.

Control Security
Located at the start and finish of Special Stages*; ensure that only authorised personnel enter the control area or Special Stage. These positions are required from Friday 3 May – Sunday 5 May.

Start / Finish Control Official
Includes Post Chief, Timekeeper, Record Keeper, Starter, Timer and assistants. Responsible for recording of information, starting and timing of competitors at a Special Stage*; these positions are required from Friday 3 May – Sunday 5 May.

Parc Ferme / Service Park Marshal
Involves the checking in/out of competitors and the security of designated areas; regroups (scheduled stop to regroup) and Service Park(designated area to work on cars); these positions are required from Friday 3 May – Sunday 5 May.

***Special Stage** – A Special Stage is the various sections of forest completely closed to the public where rally cars travel at competitive speed – located up to 40kms from Canberra

***Rally HQ** – Rally Headquarters is where all the decisions regarding the overall running of the event are made. The Results Centre and Media Centre are also within Headquarters.

***Reconnaissance** – Reconnaissance or "recce" is when the crews go over the special stages prior to the rally to write their own instructions or "pace notes". Recce is for crews to practice the route in road going vehicles at restricted speed.

MOTOR SPORT IS DANGEROUS **Correct as at 5/12/01**

Spectators are reminded that motor sport is dangerous and accidents can happen. All care is taken to protect the public but spectators are warned there is a possibility of an accident causing injury, death or property damage. By the purchase or issue of this ticket the spectator acknowledges that the entry to the event venue has a degree of danger and the promoter, clubs, corporations, organisations and persons having any connection with the promoting, organising or conduct of the event shall have no liability to the spectator except in regard to any rights you may have arising under the Trade Practices Act 1974.

VOLUNTEER HOTLINE: 6205 2444

SUBARU ALL-WHEEL DRIVE
RALLY OF CANBERRA

FIA ASIA-PACIFIC RALLY CHAMPIONSHIP

RoC News

2002 Subaru Rally of Canberra – 3-5 May.

With the high octane combination of fast cars, tight corners and plenty of dirt, the Subaru Rally of Canberra will take to the forests around the National Capital from Friday 3rd – Sunday 5th May next year.

The event will be the first round of the 2002 Asia Pacific Rally Championship, and it is also the premier rally event staged annually in Eastern Australia. The 2002 Subaru Rally of Canberra is also a round of the Australian Manufacturer's Championship.

The 2001 event heralded a rewarding synergy between Subaru Australia and the Rally of Canberra and event organisers are looking forward to continuing this successful relationship.

It is expected that next year over 350 Subaru WRX owners will visit Canberra in conjunction with the Rally for what will be the third annual RexFest.

Last year the Rally attracted over 7,600 visitors and injected an economic benefit of $596,000 into the ACT community.

For several years now the Rally of Canberra has been the 'jewel in the crown' of the Asia-Pacific rally championship, attracting a host of driving talent for the three-day event.

World class rally drivers and teams from around the world will compete for the title with organisers confident that the event will attract a large number of competitors from within Australia and New Zealand as well as Japan, Asia and Europe.

Widely renowned as one of the most spectator friendly events of its kind in terms of viewer access, the Subaru Rally of Canberra will next year step up the level of entertainment offered at its many forest stages.

Spectators and competitors are being directed to the official website www.roc.com.au (which should be up and running late this year or early 2002) for further information and competitor assistance.

Changes at CTEC

Change is the flavour at CTEC at the moment. Our CEO of 8 months, Peter Stainlay, has left the beautiful weather of Canberra to help out in the skies at Singapore Airlines. Our Marketing & Communications Director, Mark Jensen, will be acting CEO until the recruitment process for a new CEO is completed.

IMG have also been awarded the management rights to the Subaru Rally of Canberra. IMG's role in the Rally will be overall project management along with preparation of certain event elements of the Rally.

Changes at the Rally

The 2002 Subaru Rally of Canberra is taking rallying back to its roots! In 2002 the entire Rally is being conducted in the forests surrounding Canberra.

The new event format will see forest action on Friday, Saturday and Sunday, with special spectator and entertainment areas set aside for Saturday and Sunday. There will be the usual selection of fantastic spectator points on all days of the Rally along with the designated entertainment areas. Service Parks will also make a reappearance in the forest areas. The next Edition of RoC News will have a full description of the 2002 itinerary and entertainment schedule.

Volunteering in 2002

Again volunteers will be the toast of the 2002 Subaru Rally of Canberra.

Included with this newsletter is a copy of the 2002 Application Form. We have given the form a little bit of a re-vamp for the year and hopefully it will make yours and our lives easier! The Rally team are working hard to put together yet another fantastic package of goodies for the Volunteers. Stay tuned for details!

Please fill in your details and return the form if you are interested in volunteering for the 2002 event. It is also very important if you have an e-mail address that we get the correct address. It is so much easier to send messages through the speed of the Internet compared to snail mail!

Subaru prepares for second year of rally sponsorship

Subaru's outstanding rallying success in 2001 will further boost public interest in the Subaru Rally of Canberra in May.

Subaru Rally Team Australia scooped the Australian Rally Championship Manufacturers', Driver's and Group N titles in 2001, giving it a clean sweep of the national rallying awards.

That success was reflected in Possum Bourne's win in the 2001 Subaru Rally of Canberra and Cody Crocker's victory in the Group N production class – a record they both hope to emulate at the 2002 event.

2002 is the second year of Subaru's sponsorship of the rally and plans are already well underway to make the blue and yellow company colours even more prominent around the national capital.

Cody Crocker will be bringing the new generation Impreza WRX to Canberra for the first time.

For the third consecutive year, the rally will coincide with the Impreza WRX Festival, drawing hundreds of fans of the legendary Impreza WRX to the rally and several other special events planned for them over the weekend.

Owners of the new generation Impreza WRX STi, the ultimate high performance version of the WRX, launched in

RoC News

December, are also likely to turn out in force to see the rally versions of their cars in action.

Interest in Subaru rally cars has also been boosted by Subaru World Rally Team driver Richard Burns' victory in the World Rally Championship, taking out the Driver's title in the last event of the season, the Rally of Great Britain, to become the first Englishman to win the WRC crown.

2001 IN REVIEW

2001 has been a big year for Rallying. The Australian Rally Championship (ARC) has been run and won, the Asia Pacific Rally Championship (APRC) has seen some very interesting results and the World Rally Championship (WRC) went down to the wire at the Rally of Great Britain.

Again Team Subaru dominated the ARC. Possum Bourne took out his sixth Australian title and Subaru was well represented with Cody Crocker taking out the Group N title.

The completion of the 2001 Season also saw the end of the WRC Corolla of Neal Bates and Coral Taylor. Fingers crossed Neal will be back bigger and better in 2002!

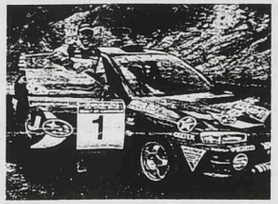

2002 will be an interesting year for Australian Rallying. There are many changes on the horizon and only time will tell what happens next!

As expected, Malaysian driver Karamjit Singh won the 2001 Asia Pacific Rally Championship, taking the overall title with 2nd place in the Rally of Thailand, held near Pattaya. Having already secured the APRC Group N title with a similar finish in China, Singh went to Thailand needing just 3 points to secure the overall championship title from arch rival Italian Nico Caldarola.

The WRC title was the closest for years! The Rally of Great Britain saw four possible title contenders battle it out. After close competition all weekend, Richard Burns' third place was enough to have him emerge as the victor of the Drivers Championship. Burns' win was the first for an Englishman since the inception of the Championship in 1979.

DRIVER PROFILE – SUBARU'S CODY CROCKER

Cody Crocker started with Team Subaru in 1998. In 2001 he won yet another Group N Australian title and is looking forward to tackling the challenges of 2002 in a 2000 Impreza WRX Sti.

THE DETAILS....

Date of birth 18 October 1971

Marital status Not married

Resides Port Melbourne, VIC

Drives Subaru Impreza WRX on the road, Subaru Impreza WRX off the road!!

Has been rallying for 15 years. I was navigator for dad until I got my licence.

Height 5'10" (176cm)

Favourite food Risotto (chicken or pumpkin)

Favourite drink Milo! (or a nice red wine if I have to)

Favourite movie Can't decide between Romeo & Juliet or The Castle.

Favourite author Douglas Adams (Hitchhikers guide series) although I'm reading a good book on theories of evolution at the moment, can't remember the author though!

Favourite TV Show It's between Pizza, Southpark and The Secret Life of Us, I think Southpark.

Favourite music Depends on my mood. Varies from Coldplay when I'm calm to Korn which gets me going before a rally!

MERRY CHRISTMAS

And finally, Merry Christmas to you all! Have a safe and happy holiday and we look forward to working with you on a successful 2002 Subaru Rally of Canberra.

Classified Advertisements

Wanted: Club room keys from past committee members. Could you please get them to Bernie or Sue as soon as possible to save the cost of re-keying all the locks and getting new keys cut.

Cleaner still required for club rooms. Wages negotiable. A love of ants essential. Ring Bernie on 934.7468

WANTED: Clubnight Attendees
No wages, inducements occasionally offered. Be at the clubrooms, 7.30pm, third Tuesday EVERY month, RAIN HAIL, COLD OR SHINE.

Wanted: Email addresses for past and present members who are currently overseas and interested in knowing what is happening in the club.
Send to karin@paradise.net.nz

Clubrooms to rent: Rates are extremely friendly, with ample parking and no close neighbours. Contact Bernie on 934 7468 or 025 653 9337.

Wanted – someone (or more than 1) to phone members to remind them of upcoming clubnights, special interest items etc. as indicated on our survey forms. Will take approx. 20 minutes per month.
Call Sue for details on 389 7392 or 383 7559.

Your Ad Here: Fax your details before the end of the month and we will do our best to include it in the following month's Bulletin. Fax - 389 1160.

Warning, Warning; DO NOT clean out your garage / workshop, we are having a carboot sale on March 9th.

Did you know imaginary cars don't use gas!

Wanted: Marshals and helpers for Shelly Bay and Alexandra Road. You will get: free lunch, a parking pass, free entertainment, and overwhelming appreciation from each and every competitor, free entry into the 'helper's prize draw', free after-match function entry, personal phone call prior to the next Wellington Car Club event. Ability to handle silly questions and requests essential. Ring Edwin on 477 9457 evenings.

Wanted: Barbeque chef or chefess to cook snarlers at the Trophy Series Weekend. Barbeque supplied but gas bottle needed.
Contact Bernie on 934 7468 if you have the required gas bottle and / or time and skills.

Clubrooms and Magazine Details

The clubrooms are situated in Russell Terrace (south end), Newtown.
Committee night is the first Tuesday of every month, except January.
Clubnight is on the third Tuesday of every month, starting at 7.30pm.
Motoring News is published monthly at the very start of the month. The deadline for articles and advertising is the end of the month. We welcome all contributions.
The contents of *Motoring News* do not necessarily represent the views of the Executive Committee. Whilst we do not mind other organisations reproducing any articles we have ownership of, we do insist upon the courtesy of an acknowledgement.
Every effort is made to present accurate information, however, Wellington Car Club and members do not accept responsibility for any inaccuracies. We are unable to accept responsibility for guaranteeing the goods and services advertised.

Editors' Report:

We hope that you are all ready to either compete or help out at Shelly Bay and Alexandra Road. Remember if you are going to be competing then you are expected to get there early to help set up and stay afterward to help pack up – or you could bring along someone else to help out for you. This year we are issuing stickers to officials, sponsors, competitors and one service crew per entrant. Vehicles without a sticker will not be allowed into the venues. (Unless they are very large, red and have lots of water on board and a ladder on top or have revolving beacons on top). Sue says please don't hassle her – the public are bad enough.

Please note the new ad on the front cover – Copper Face Jacks have kindly made a large donation towards the Trophy Series Weekend. Their bar will be in Kent Terrace and once opened it would be nice if members supported them. Thanks again to Nathan for organising the sponsorship deal.

David Black has been in the news lately – the Evening Post ran an article on his company. His *Racetech* seats were also noticed on an *Assignment* programme featuring the HVHS solar powered car competing in Australia. They didn't win but they put a lot of effort into it. Obviously some fast talkers involved – they even got the army to help them out.

Apologies for the lateness of last month's *Motoring News* – we decided to have a few days off. We didn't realise that so many people would be upset because they were kept waiting for it. More apologies for the spelling mistake in the Editor's report last month – my fingers went walking and hit the wrong key.

Welcome to the Wellington Region Mr and Mrs Thompson. Two of the best motorsport organisers in the country. They are now members of our club and we look forward to seeing them at events and clubnights.

For those of you who have been following the ongoing "Bernie painting the house" saga – he has almost finished the outside...see photo of the master painter later in mag. Thanks to Nathan for the photo.

Edwin won the raffle at January Clubnight.

Thought for the month:
It's nice to be important, but more important to be nice.
Joke for the month: Why did the sheep fall off the cliff?
Answer later in the mag.

Bernie's Blurb: (*aka The Prez Sez*)

January clubnight was very quite and ended up turning into a 'planning meeting' for the Trophy Series. Thanks to those who did manage to make it along. The Club has been approached by 'Holden's PR People' to assist them with the promotion of the new Monaro – it looks as if this might happen at Alexandra Road. Talks are continuing…

The committee would like some entrants in the Trophy Series to make their (locked) cars available for about half a week-day for publicity purposes. The plan is that the cars will be parked (could be on trailers if you wanted) around town in spots where they will be seen by lots of people. A notice in the car windows will tell people about Alexandra Road, raise the profile of the event and our event sponsor '**Copper Face Jacks**' and encourage people to come along. Please ring me or Nathan before we hassle you!

Thanks to Andrew Coom and Edwin Bode for all the hard work they have put into getting the club website up and running. We just need more content – if you have anything suitable you can email it to Edwin or bring it along to the next clubnight. The address is wgtncarclub.org.nz so go and check it out and then give us something to fill those empty pages!

Answer to the joke – Because it missed the ewe turn.

Enclosed with this month's ad is a flyer for the car-boot sale – could you please put it on a public notice board near you. We still need to hear from people with things to sell – ring Michelle on 586 1766.

Thanks once again to Nathan Ewart who has come up with some amazing sponsorship packages, also Michelle Rundle who has been tracing trade prizes along with Nathan for the Trophy Series Weekend. More prizes are needed so please do your best to get as many of them as you can. Please advise me of any prizes you have organised and any details of what class etc they are to be given for.

Please note that many of the committee members have got new phone numbers – the details on the inside front cover have been changed.

Have a nice month and I look forward to seeing you all on the 23rd and 24th at the Trophy Series weekend.

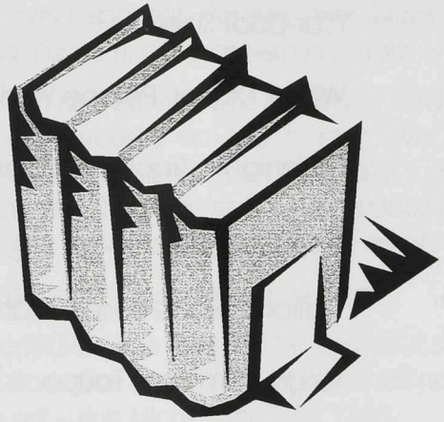

Cheers, Bernie.

Upcoming Events:

February 17th	Mangahao Sprint, Levin
February 19th	Clubnight – MSNZ Rules and Regs
February 23rd	Shelly Bay Sprint
February 24th	Alexandra Road Hillclimb
March 9th	Car-boot Sale

Russell Terrace, Newtown.

Club Captain's Report: Port Road in a Southerly Gale

The Hutt Valley Car Club's first Port Road event for the year took place on Sunday 20th January amid strong southerly gales and intermittent rain.

There were five marshals from Wellington Car Club and the event got underway mid morning.

Wet road conditions reduced the usual Port Road times but suprisingly the event escaped with out any major casualties apart from a Peugeot collecting a curb.

As always, the event ran like "clock work" and the standard of driving was remarkably high. Well done Hutt Valley.

Hutt Valley Motor Sports Club

Port Road Sprint 20 January 2002

TURISMO

TRANSAM

Rally of Sweden - Summary of Leg 2, 02/02/2002

The second leg of the Rally of Sweden was just another reason to smile for the Peugeot Sport team. Marcus Gronholm continued to excel retaining the lead throughout the day's proceedings while his teammate Harri Rovanpera staked his name on second place and did not relent in his quest to ensure Peugeot's domination at the only true winter event of the season.

Having won five of today's six stages Gronholm proved that Finns are a master of this event. In fact the 2000 world champion finished no lower than second place in today's challenges. Rovanpera set times that saw him remain continuously in the top six.

But the even better news for Peugeot was the charge put on by their third driver Richard Burns today. The reigning world champion began the day in 13th place after going off the road yesterday, but clawed his way up the order finishing in fifth place.

Ford's day was an up and down situation. While Carlos Sainz went up the order his teammate Colin McRae went down. Sainz began the day in eighth place and worked his way up into third place. However he is over two minutes behind rally leader Gronholm. McRae though began in third place and ended in eleventh. The reason for the Scotsman feel down the order was because on the second stage of the day he broke a wheel and lost over three minutes to the front-runners.

Mitsubishis Jani Paasonen was one of the big fallers of the day going from fourth place to 16th. Like Colin McRae he also experienced problems on SS7 losing a wheel and over three minutes. Although he tried to work his way back of the order his momentum was gone and he ended the day six and a half minutes behind the leaders.

Meanwhile Alister McRae get consistently good times to end the day in eighth place and in the position to attack for a points finish on tomorrow's final leg. Francois Delecour was unable to work his way back up the order after his problems of yesterday and finished the day 24 minutes back.

It was a day to forget for the Subaru squad. Having lost Tommi Makinen yesterday their sole remaining river Petter Solberg was in sixth place overnight and raring to go. However fate had a different plan and the Norwegian was forced out of the rally on the first stage today with engine problems.

Another retirement for the day was Skoda's Toni Gardemeister. He went off the road on the final stage of the second leg and retired from the rally. His teammate Kenneth Eriksson had a better day though. He began in 12th place and moved as high as fifth before eventually dropping down to sixth.

Consistent performances in the top ten meant that Eriksson was able to fly the flag for the Skoda team. Stig Blomqvist also improved his position today finishing in 13th place.
Hyundai had a lot to smile about at the end of today. Freddy Loix, driving with a broken left foot, finished the day in fourth place and just thirty seconds behind Carlos Sainz in third. His teammate Kankkunen was seventh for the day, while Armin Schwarz continued to struggle to find some form finishing 20th on the leaderboard.

The Citroen team continued to use today as a learning experience seeing that neither driver was in the position overnight where they could make a charge to finish in the points. Sebastien Loeb's only mistake of the day was an off road trip on SS9, but besides that his stage results allowed him to move

from 29th to 19th in the standings. However his teammate Thomas Radstrom decided to take a 16 minute penalty on the second stage of the day in order to gain a better running position, but all his results for the day saw him finish in the top eight for the stages.

The Group N class is being headed up by Kangas. He has the overnight lead, 4.1 seconds in front of Carlsson. Sohlberg is in third place, 42.3 seconds back, while Backlund is fourth. Breaking up the Mitsubishi domination is Arai in fifth place, driving the Subaru.

Classified Advertisements

Wanted: Club room keys from past committee members. Could you please get them to Bernie or Sue as soon as possible to save the cost of re-keying all the locks and getting new keys cut.

Cleaner still required for club rooms. Wages negotiable. A love of ants essential. Ring Bernie on 934.7468

WANTED: Clubnight Attendees
No wages, inducements occasionally offered. Be at the clubrooms, 7.30pm, third Tuesday EVERY month, RAIN HAIL, COLD OR SHINE.

Wanted: Email addresses for past and present members who are currently overseas and interested in knowing what is happening in the club.
Send to karin@paradise.net.nz

Clubrooms to rent: Rates are extremely friendly, with ample parking and no close neighbours. Contact Bernie on 934 7468 or 025 653 9337.

Wanted – someone (or more than 1) to phone members to remind them of upcoming clubnights, special interest items etc. as indicated on our survey forms. Will take approx. 20 minutes per month.
Call Sue for details on 389 7392 or 383 7559.

Wanted to Buy: Small single layer racing suit. Telephone Alan 04 – 239 9192 or 025 – 210 2070 or email alan.groves@clear.net.nz

Warning, Warning; DO NOT clean out your garage / workshop, we are having a carboot sale on March 9th.

Remember: If you change your address or phone number please let Karin Keith know.

Wanted: Marshals and helpers for Shelly Bay and Alexandra Road. You will get: free lunch, a parking pass, free entertainment, and overwhelming appreciation from each and every competitor, free entry into the 'helper's prize draw', free after-match function entry, personal phone call prior to the next Wellington Car Club event. Ability to handle silly questions and requests essential. Ring Edwin on 477 9457 evenings.

Wanted: Barbeque chef or chefess to cook sausages at the Trophy Series Weekend. Barbeque supplied but gas bottle needed.
Contact Bernie on 934 7468 if you have the required gas bottle and / or time and skills.

Clubrooms and Magazine Details

The clubrooms are situated in Russell Terrace (south end), Newtown.
Committee night is the first Tuesday of every month, except January.
Clubnight is on the third Tuesday of every month, starting at 7.30pm.
Motoring News is published monthly at the very start of the month. The deadline for articles and advertising is the end of the month. We welcome all contributions.
The contents of *Motoring News* do not necessarily represent the views of the Executive Committee. Whilst we do not mind other organisations reproducing any articles we have ownership of, we do insist upon the courtesy of an acknowledgement.
Every effort is made to present accurate information, however, Wellington Car Club and members do not accept responsibility for any inaccuracies. We are unable to accept responsibility for guaranteeing the goods and services advertised.

Editor Report:

Karin has been sent off in to the wide blue yonder Cod Fish Island for two weeks to watch the Kakapo chicks do their thing, so you are stuck with me until she comes back , if she comes back.

Shelly Bay & Alexandra Rd are over for another year, other reports later in the Bulletin, the prize giving went off well. Our sponsors did us proud, it took as long to give their trade prizes out as it did to give the trophies, for those that weren't there among the 80+ we had the following to give away , a jacket and socket sets from Snap-on Tools, Sleeping bag, drink bottles ,tool box from Placemakers (Evans Bay), Wheel alignments from North City Tyre Centre and Tony Tyre Services, Dinner vouchers from Valentines Restaurant Petone, tee shirts , caps from Dunlop Tyres , oil packs , injection booster, grease from MacLennan Performance Centre, Watches from Liquorland (Kent Tce) , Car care kits & oil screwdriver sets & Windscreen wash from Repco, , I'm sorry if I have missed any one out blame the pressure we were under.

I was glad to see at the end only two drivers were not there to collect their trophy, must just about be a record for attendance.

We are trying to sort out the membership data base, the old system won't run on programs we have, if you know of anyone who has been missing out, on their bulletin please let me know

I've been going back to some old magazines in 1997 the membership fees were the same, I found a couple of reports on Alexandra Rd from 1997 & 1998 they are reprinted later.

John Lucas won the raffle at February Clubnight.

See you later Sue.

Thought for the month:
Will Karin come home ?
Joke for the month: What do you get when you cross fleas with fish ?
Answer is too grubby (thanks Bernie)

Bernie's Blurb: (*aka The Prez Sez*)

Thank-you to all you who held at Shelly Bay / Alexandra Rd the support we have had was great. Apart from the precipitation, usual timing hassles and differences of opinion, the event happened – not pretty – but it happened. With Sunday dawning fine and clear, the tone was set for success. Hearty thanks to those marshalls who showed up early and had to track set up ready to go *before* 8.30 – thanks again. Clean up went fairly smoothly, apart from the misplacement of a sledgehammer and log splitter, everything seems to be intact.

Prizegiving went well. Andrew our sponsor was happy – would prefer higher bar takings, but that's how it goes. Thanks Joe and Dean for giving him a buzz at both events.

The club telephone is now being diverted to Nathan's line. This seems to work far better than a message system. Messages are now being cleared quickly, which has netted more members.

We now have funding to paint the outside of the club rooms only problem is what colour. Sue said I can't have yellow/ purple. Ideas quickly please.

Due to the total lack of interest in the car boot sale , we have decided to cancel it. Sorry but if you had planned to sell anything you should have rung someone.

We have been talking to some of the other local car clubs about having a combined club evening together, possibly a pool night at Copper Face Jacks, your thoughts on it? more on that later.

We have gained a few new members this month welcome to Simon, Ron, Mike, Diana & Steven and Barry.

No controversy or wind-ups this month, you may all have a break from it.

Enjoy your motoring, keep safe.

DON'T FORGET THE WMSA PRIZEGIVING – IT IS THE TIME FOR US ALL TO RECOGNIZE THE ACHIEVEMENTS OF OUR FRIENDS AND FELLOW COMPETITORS.

SEE LATER POSTER FOR DETAILS.

Please note that many of the committee members have got new phone numbers – the details on the inside front cover have been changed.

Cheers, Bernie.

I have a modified car, do I need to inform my Insurer?

It is in your interest to advise your insurer of any modifications made to your vehicle. Failure to do so could void your vehicle insurance policy. Generally, insurers' rely on their knowledge of a particular vehicle's factory specifications to measure likely repair costs and the risk of theft.

Vehicle modifications fall into two categories: those that require Low Volume Vehicle Certification, and those that do not. A first priority is to ensure your vehicle is compliant with the law before it goes on the road, otherwise your insurer will not insure you.

For more information about the LTSA's Low Volume Vehicle Certification requirements, refer to the LTSA website www.ltsa.govt.nz and look under the "Vehicle Safety Section", then look under "Guide to Modification and Customisation." The guide recommends that you discuss your planned modifications with a "Low Volume Vehicle Certifier". The Certifier will advise you on what issues need to be considered to ensure that the modifications are safe and comply with the law.

Similarly, you need to discuss your planned modifications with your insurer as they will need to reconsider your vehicle's risk profile and adjust the terms of your policy, for example, your insurer may require a larger excess or a higher premium. Your insurer may also require you to have a security system - meeting a specific standard - installed once modifications are completed.

By considering these steps you will be going a long way to protect your investment and your liability.

John Lucas, Club Captain.

Ever wanted to drive fast - legally?

Wellington Car Club
are running a competitor
coaching day, followed by a
dual-car sprint
at the 'Back-track',
Manfield, Feilding.

Saturday, April 20th, 9.30 am start.

To the Competitor, Service Crew, Family & Friends
I invite you to come to Taihape and enjoy the hospitality of the Taihape District Car Club for the fifth "BP" Gumboot Rally.

Our intentions are to provide to the:

Driver & Co-Driver - a compact & friendly low cost one-day rally with excellent stages, together with a compulsory Gumboot Throw.

Service Crew - only 3 Service Areas with approx. 80 kms of travel, so time to relax & watch some of the rally.

Family & Friends - choose between watching the Rally, shopping, cafes & restaurants, also bungy jump, white water rafting, horse treks, jet boat rides & garden walks by arrangement.

Prize Pool
* **1 @ $1000 Cash Draw**
* 2 @ $500 Cash Draws
* 2 @ $250 Cash Draws

(To be eligible you must start stage 1 and be at the Prize Giving)

Adrenaline Prizes — Helicopter rides, rafting, bungy jumps, jet sprints & horse treks.

Variety of Trade Prizes

Unique Trophies for 1st overall & 1st, 2nd & 3rd in class

Stage Notes -Neil Allport Motorsport will be supplying Safety Notes to those competitors who wish to purchase them - see Supplementary Regulations for details.
Change Of No 2 Driver - in the event of the No 2 Driver suffering from acute car sickness, a change will be permitted at the lunch break as per the conditions in the Supplementary Regulations.
Rejoins - Competitors forced to withdraw during the morning may rejoin the rally after the lunch break as per the conditions in the Supplementary Regulations

A personal view from a road block marshal at Shelly Bay / Alexander Rd weekend

Shelly Bay:
The good things, the weather cold, wet and very windy, no one wanted to sunbathe at the beach and so no one cared it we had taken a lot of the car parks up.
The ID stickers ,great they worked , didn't have to stop cars to ask who they were and kept the hoons out.
The competitors and their crews.
The bad thing The weather .(can't have it both ways)

Alexandra Rd:
The good things : The stickers, the competitors and crews, the people of Wellington that took their overseas visitors to the wind turbine because they couldn't get up Mt Victoria from either end, the ones who went for a long lunch for the same reason.
The bad things: The drivers who can read all three road closed boards and then drive off without indicating I think I saw more close calls than any other marshal. The idiot that once said "Wellington was dead on a Sunday" was he wrong, rough traffic count of 28,500 cars passed my point.

I would like to personally thank the following who made my life easier or in some way nicer.

First of course my beloved who hasn't seen his wife for what feels like weeks, who toned down some of the more crazy ideas I had come up with, and did it all with a smile.
My boss who put up with me taking time to pick up or drop things off , never mind the phone calls.
Bernie who would grump and then smile and do what I had asked him to do , push me when I started to flag.
Karin who was always there and willing, also types with two hands a lot faster I can with one.
Their kids who always asked if I was staying for tea and would do the boring jobs for us.

Every one else who helped on the days before and during the event.

Special thanks to all the committee Nathan, Michelle, John, Paul, Ness, Edwin, Ken, Roger, Andrew, all who have given me hope the the Wellington Car Club will not only survive but will go on to be better than it every has been

This weekend if nothing else, proved that the little black safety car last year wasn't going that fast , this time its red & white twin had two class wins.

Sue Diggle

Calling all Intermarquers!

Hope this finds you all rearing to get back on the track.

This serves as an invite to you all to attend the Wellington Motor Sport Association (WMSA). Prize giving dinner at Petone on Saturday, 9 March – forget the Oscars, this is the place to be! Overall and class winner trophies will be presented, and it'll be a good get together. So, if you're one of the following winners or a competitor/supporter, come and join us.

Winners:	M1 Class	Bill Robson
	M2 Class	Ron Stirk
	M3 Class	Darryl Monk
	M4 Class	Peter Rourke
	M5 Class	Stuart Owers (also overall winner)
	U1 Class	Ross Armstrong
	U2 Class	Ross Church
	U3 Class	Andy Bray
	U4 Class	Stu Turnbull
	U5 Class	Rex McIntosh

This is the first time a recognized prize giving for The Surgery Intermarque Sprints has been held, so your support could lend to it's success and make it a regular event. Call Alan Hyndman (498 3000 x 44100) day or Wayne Gair (236 7541) evenings for details and tickets.

Theseus Management Group

Alfa Romeo Owners' Club of NZ • BMW Car Club of NZ • Capri Car Club of NZ • Cooper Car Club of NZ • Ferrari Owners' Club • Fiat Owners' Club NZ • Jaguar Drivers' Club Jaguar Enthusiasts' Club • MG Car Club • Porsche Club of New Zealand • Rotor Motorsport Sunbeam Owners' Club NZ • Wellington Triumph Sports Car Club • Wellington Motor Sport Association

2002 Series Surgery Intermarque Sprints

Mark your calendar now with the 2002 dates (if you haven't already).

26 May (Sunday)	host:	Intermarque Committee
30 June (Sunday)		BMW/Porsche
11 Aug (Sunday)		Capri
8 Sept (Sunday)		Fiat/Triumph
5 Oct (Saturday)		MG
1 Dec (Sunday)		Alfa Romeo

The late start of May gives us all plenty of preparation time.

Be there!!!

- STOP PRESS -

Entries for the MG McGuinness Charity Classic meeting on Sunday, 3rd March, at Manfield close soon!

This meeting is an excellent stepping-stone from Intermarque sprinting into low key racing. The racing is all based on time slots, so that you race with cars / drivers of very similar times, and don't have to deal with cars that are much faster than yours.

So, if you're considering giving it a go, this is the meeting to choose – tailormade for those still building confidence on the track, but looking for a challenge and some fun. A great meeting!

For entry info, contact Ross Armstrong (232-4175 evenings).

New Members

Simon Butcher : From Miramar is a used parts seller/ dismantler and drives a Honda Integra.
Ron Scanlan : From Lower Hutt is self-empolyed and drives a Toyota AE86 Turbo and a Mitsubish Lancer GSR

ALEXANDRA ROAD HILLCLIMB
22 FEBRUARY 1998

The capital put on a perfect day for Wellington Car Club's annual Alexandra Road Hillclimb in February.

The tight and twisty Mt Victoria Course attracted entries from as far afield as Rotorua and Auckland, but Wellington drivers took the top five placings. Ian Taylor broke the venue record by 0.41 of a second in his Mitsubishi VR4 with a time of 45.33, winning back the record Joe McAndrew took off him in 1992. Taylor held the record during the late 80s in his V8 Escort, and this year he was an incredible three seconds faster than second placed John Billington, also in a VR4, who posted a time of 48.60. Jason Toomer came third (Escort) 48.73, Don McLean fourth (Datsun 260Z) 48.97, and Richard Billington fifth (VR4) 49.20.

The event was notable for the three father and son combinations competing - John and Richard Billington (in the same VR4), Harvey and Mark Kibble (in the same Subaru Omega), and Graeme and Jason Toomer (different Ford Escorts). The two Kibbles were evenly matched, with Mark just getting ahead of his father (50.06 to Harvey's 50.08) to take eighth place. Richard Billington is starting to show the same form as his father, equalling his time (49.20) on the third run. This time saw him overtake Roy Hiscock (Legacy R S 49.47) and Graeme Toomer (Escort-Toyota 49.99) for fifth place.

Taylor also won the Wellington Car Club Trophy for fastest combined times at Alexandra Road and the Shelly Bay sprint held last November. Second to fifth placings in the two-race series were the same as Alexandra Road.

Clubrooms and Magazine Details

The clubrooms are situated in Russell Terrace (south end), Newtown.
Committee night is the first Tuesday of every month, except January.
Clubnight is on the third Tuesday of every month, starting at 7.30pm.
Motoring News is published monthly at the very start of the month. The deadline for articles and advertising is the end of the month. We welcome all contributions.
The contents of *Motoring News* do not necessarily represent the views of the Executive Committee. Whilst we do not mind other organisations reproducing any articles we have ownership of, we do insist upon the courtesy of an acknowledgement.
Every effort is made to present accurate information, however, Wellington Car Club and members do not accept responsibility for any inaccuracies. We are unable to accept responsibility for guaranteeing the goods and services advertised.

Editor's Report:

Sue has just spent the weekend in Taihape at the Gumboot Rally. The Bugger Award went to one young competitor who put his car over a large bank and only broke a wing mirror. The car was resting nicely against a tree until the tow truck came along and pulled him to the top of the bank. Then the winch broke, "Bugger". The car was rather messy afterwards.

I watched the other hard luck story happen at prizegiving. There were two draws for two tyres each, the prizes kindly donated by Palmside Motors. The first person whose name was pulled out for draw one wasn't there. His mate offered to collect the prize but was told "You have to attend prizegiving, it's in the articles of the series". The draw was redone and the friend who had offered to collect them won. 'Bugger'. It paid to attend prize giving with WCC 'adopted member' Dave Wilce picking up $500 in cash.

This month we have finally managed to get some more of the info about trophies into the mag – just look what you could take home from next year's WMSA prizegiving. There are still more trophies to go. We have not been able to print photos of all the trophies as we don't have any photos of some of them. Others we do have old black and white photos but the scanner isn't connected at the moment and the job went in the too-hard basket for the moment.

Karin's trip to Whenua Hou was fantastic – not a wheel to be seen! (Also two weeks of no children and pure 'adult conversation'). The Kakapo are absolutely amazing birds and at last update there were 23 more (population now 84) than at the beginning of the year. The effort and technology being put into the project is mind-boggling. The nests are filmed 24/7 (time lapse video footage) and while the mum is off the nest the eggs and chicks are watched by a nest minder who keeps them warm with a little specially designed electric blanket - a Whoppie cushion filled with wallpaper paste and containing a small heater and temp. sensor. It is connected to a thermostat and run by a 12V dry cell battery (very heavy!). The battery is carried up the hill each afternoon by the poor exhausted nest minder. The paths are very steep and very muddy a lot of the way. The nest minders are woken up during the night when the mum goes off to feed – a 'door bell' goes off in the tent. They then have to ring in to base, organise themselves into warm clothing and wet weather gear, get all the equipment needed at the nest together and head off. Some nest minders were spending up to 680 minutes (yes we worked in minutes – hard when you are very tired) per night at the nest (in 3 or 4 stretches).
The nest minders became great friends and the emails have been flowing since everyone returned. home. The trip down and back were lovely, especially the helicopter rides! The weather was great a lot of the time – about half the nights were wet, some thunder and lightning storms hit but the rest of the time the weather was awesome – hot and calm. Sealers Bay where the hut is beautiful and many days were spent playing on the beach. Some people swam everyday and swore that the water was warmer than in Dunedin and Nelson. All in all, it was an amazing experience and very much deep-end learning!

Thought for the month: Do they know they are under 24 hour surveillance? Did DoC get their consent – and was it in triplicate?

Joke for the month: What do call rabbits in an Easter parade on a hot day?

Hot cross bunnies.

Bernie's Blurb: (*a.k.a. The Prez Sez*)

WMSA PRIZEGIVING: This was an excellent event, thanks to the organisers, well done chaps. It was a privilege to hand out the trophies to so many well deserving club members. I also had the pleasure of announcing Sue Diggle's life membership. Sue has put an awful lot of time and energy into the club over the years she has been involved. I think this is the first time I have seen her lost for words in all the years I've known her.
It was a good turnout by the combined clubs, with a bit of fun going on - Ted Clay telling Gordon to eat more pav / cream and others told to drink up (Bartons Line next day). Great results from Wellington competitors, results later in magazine.

RALLY: Spent another motorsport filled weekend away from home; Saturday was Taihape's Gumboot Rally – the usual excellently organised and run event. The new timing crews from local schools (no not the children, they volunteered their parents) had been well trained and were led by experienced personal. They performed well. The weather held – bright and sunny- to make for an enjoyable day. As soon as the results were sorted Chris, Charlotte and I high-tailed it to the Targa Bambina in Taumaranui, arriving in time for a late dinner (the café was kept open for us). Up bright and early to find the morning fog-bound. As the fog burned off the day proved to be glorious. 94 starters set off at 8 am for 11 stages. There were no major dramas with the most interesting crash of the day being the new Audi stationwagon ($200k+worth) crashing into a tree.

Nathan has been at it again – fundraising that is! He has come up with a nice cheque towards future events. Well done.

Murray McGuire has sent a note saying that this year is WCC's 60th year. He is wondering if anyone is interested in attending a social evening to celebrate. This would be later in the year. If you are interested then please let me know asap.

The Motorsport New Zealand AGM is being held in Wellington on May 17th. If you have any thoughts you think the club should take to this then please talk to me asap.

The committee has received a letter from 'interested parties', please do read it (printed later in mag.) and let us know what you think.

Cheers,

Bernie.

Gibbons Trophy, 1953

Awarded for the fastest time of the year by any driver at Shelly bay Sprint. WCC members only.
2001 – presented to Joe McAndrew.

D.P. Fisher Trophy, 1948

Awarded for the outright fastest time of the year up Alexandra Road.
2001- presented to Joe McAndrew.

Auto Fleet Services Trophy, 1972

Awarded for scoring the most points at Interclub gravel hillclimb or gravel sprint events.
WCC members only.
2001 – presented to Ted Clay.

Trophies we don't have photos of:

Friendly Car Sales Trophy, 1953

Awarded for fastest time of the year, Alexandra Road, 1301 – 1800 CC class.
WCC members only.
2001 – presented to Jason Toomer.

Wellington Car Club Rally Trophy, 1975.

Awarded to the highest placed Wellington Car Club Competittor (includes Co-drivers) at the International Rally of New Zealand.
2001 – presented to Jane Black.

Speed Trophy, Date unknown.

Awarded to the highest placed member at all WCC speed events.
WCC members only.
2001 – presented to Joe McAndrew.

Ladies Trophy, 1971.

Awarded for gaining the most points at WCC events.
WCC female members only.
2001 – presented to Deborah Kibble.

Atkinson Trophy, 1947

Awarded for being highest placed at all Interclub events, including gravel sprints, hillclimbs, sealed sprints, motorkhanas, autocrosses and trials.
WCC members only.
2001 – presented to Ted Clay.

Worker's Trophies:

The Morgan Workers Trophy, 1959.

Awarded for assisting at or running events, including working bees.
WCC non-committee members only.

2001 – presented to John Lucas.

Trophies we don't have photos of:

Ross Gordon Marshal's Shield, 1975.

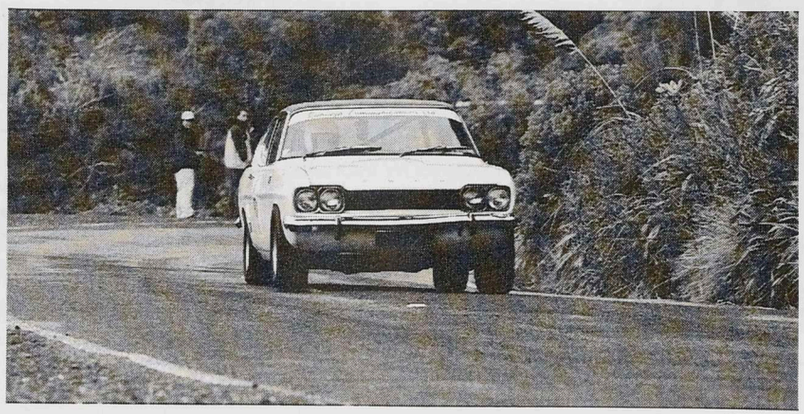

Awarded for marshalling at WCC events. WCC members only.
2001 – presented to Edwin Bode.

Marslin Organisers Trophy, 1976.

Awarded for organisation of the most speed events. WCC members only.
2001 – presented to Kevin Whiteman.

Committee Trophy, Date unknown.

Awarded for contributing the most to the running of WCC. WCC committee members only.
2001 – presented to Sue Diggle.

March Club Night
How to set up your race car.

Last months club night was one of the most interesting I've been to for some time. Guest speaker Peter Zivkovic is a well respected race car builder, film stunt driver, and builder of wind machines with a big block V8 attached (for Lord of the Rings, who else?). His knowledge is extensive to say the least. So with starting on the simple subject of adjustable shocks and why you would want to adjust the bump rate the discussion quickly moved into how load is transferred through a car, and a crash course in advanced mathematical geometry. What a bore I hear you say. Quite the contrary. Peter was able to show how changing one aspect of suspension, anti-squat, or any other part of the car's geometry, has an effect over the whole car. It is an extremely complicated subject that can end up sending you in circles. But just like a little eco-system everything is inter-related.

So what he can do now is spend 3 days measuring your car, throw the data into a flash computer programme and it spits out a lot of data showing in theory how your car is setup and in theory how to set it up better. Example, fine tuning the suspension system (note I said system not just shocks, but arms, pick up points, etc blah blah blah.) in Wayne Huxford's Transam has knocked 3 seconds off his lap times, without touching the engine. No problems, it just took lots and lots of time, and $ to make the right bits. So by this stage questions were flying thick and fast, including some very detailed questions on how to make a 260Z turn corners. No Ken, it's more money than you can afford to make a 260Z handle well.

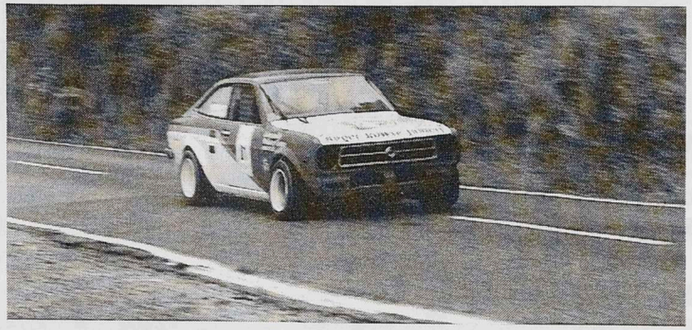

All related to this is of course are the bits that make you stop. So some lessons on what you can do at the lower $ end and what you can achieve at the top end. An example of which was the rotor and calliper off one of Dick Johnson's Bathurst Sierra's. This is old technology now, but none the less impressive compared to what most of us run.

So what is the secret to setting up your car. TIME! And testing. Start out simply by driving round Manfield for 10 or so laps, come in and change something, go back out and see what happens. Start the suspension very soft and go to very hard so that you can really feel the differences. Then adjust until you are happy with it and are going faster. When you look at the big boys that's what they do, they keep testing to see what happens and as you do more of it you start to know how your car changes and handles. But don't go out and buy shocks at $3000 a corner first. Start simple and work up.

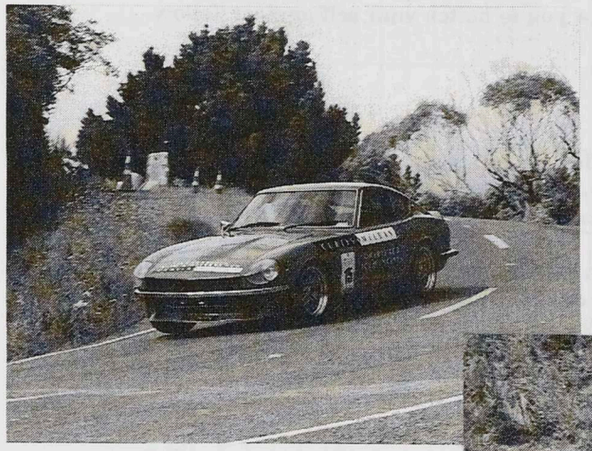

A most entertaining evening and a lot was learnt. Enough to understand the principles of how weight transfers through a car, and enough to be able to get hopelessly confused if you tried to think too hard while trying to change it. For those that weren't there, you missed out on a wonderful opportunity.

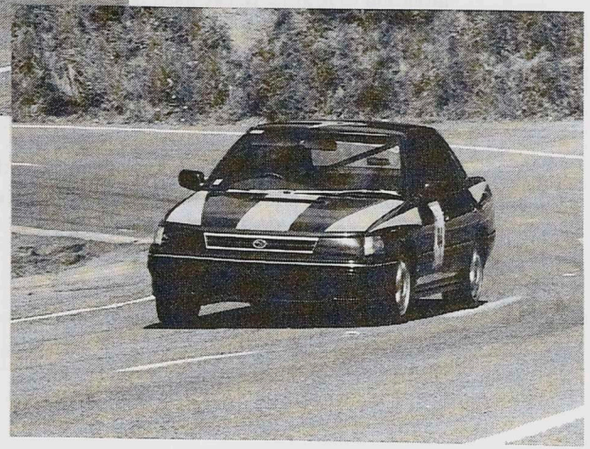

Thanks to Pete for sharing his knowledge and thanks to John for having the idea to get Pete back down to the club.

Give Car Racing A Go

Driver Training & Dual Car Sprint
Manfeild Saturday April 20 2002
Wellington Car Club Inc

The Wellington Car Club is running a driver training day and a dual car sprint at Manfeild starting at 9:00 am. MANZ Permit No 26698

This presents a good opportunity for you to try out circuit racing as well as hone your driving skills in a safe controlled environment.

Tony Oliver (one of New Zealand's top touring car champions) will be acting as principle coach and will along with other experienced circuit racers will take you through the course.

Later in the day timed runs will be taken followed by the optional dual car sprint that will allow you to match your self against fellow competitors.

Lunch will be provided

The cost is $55.00 for Car Club members and $75.00 for non members. (This includes motor Sport New Zealand Levies, day car club membership for non car club members, lunch and qualified safety personal)

Your vehicle needs to be in a safe condition. It is recommended that your vehicle gets a full service a safety check prior to the event. Pay particular attention to brakes. Brake pads & disc's need to be in good condition and brake fluid needs to be new. You do not need a roll cage. Tyres with plenty of tread depth will be important should it rain.

To register for the event call John Lucas phone (H) 04 386 4121 (W) 04 495 8006.
John will be happy to answer any of your questions. **One form will need to be completed along with receipt of your cheque. Please make cheques payable to the Wellington Car Club Inc.**

Thank you

Being awarded a life membership to the Wellington Car Club at the WMSA prizegiving came as a total shock, so what I said at the time was nothing like what I was feeling.

To me this means so much, it places me up with like of Jane Black, Eddie Conroy, Alan Harvie, Ruth Shepherd, Mike Galvin and others, people I have always admired and thought had done so much for motorsport and the Wellington Car Club. It never occurred to me that one day I could be classed with them. I feel honoured and humble that my peers felt I should be awarded for simply doing something I love.

Gordon and I joined the club in the 1980s, we have been partners in life, business and motorsport for over twenty years. The only thing we don't do together very often is travel in the same car (we have a problem with each others driving I'm too slow and he's too fast)

Gordon used to rally 4WDs (series 2 Landrover) and I learnt early on that if we were going to spend time together I had better go along. From there, Gordon went to sprints and on to rallies. After one time when he yelled at the service crew for forgetting to put the spare wheel in the car (twice), I thought I would be better off on a timing crew where the only person who yells is the COC. After a couple of years I learnt to yell back.

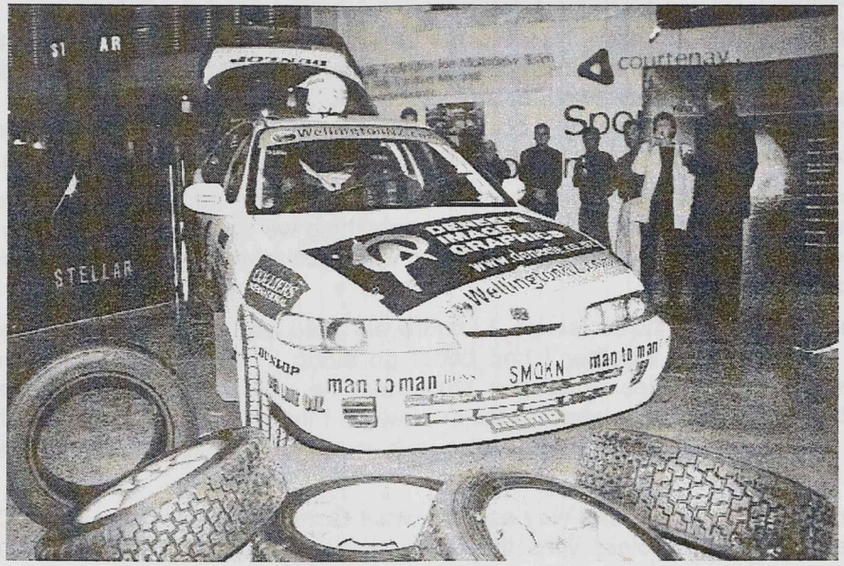

At prizegiving I felt the same way as I did when Gordon won his class in the CRRS, his National title, the class wins the other weekend and the times he has had a placing. It is a team effort and without him and lots of friends at my side I couldn't achieve what I have.

I feel this is the highest honour the car club can present, so thank you to all involved.

Sue Diggle

Joe & Murray, The Marathon Men

Photos & Story by Jody Seabright

Joe McAndrew has never been one to back away from a challenge, and this attitude has finally got him into big trouble, thanks to his co-driver Murray Cole. At a recent function in Wellington's brand new Courtney Central Complex to thank their sponsors and to show everyone what they are up to, Joe, Murray and the Totally Wellington Team explained.

The Challenge. Midnight Sun to Red Sea Marathon Rally. Start in Sweden, proceed to drive through Poland, the Czech Republic, Slovakia, Hungry, take a 5 day tour through Turkey, head through Syria and finally stop at the red sea in Jordan. 20 days consecutive competition covering more than 600 kms each day. No wonder they call it a marathon.

The Big Trouble. Preparing a car to cope with all of this, organising to get there, and competing.

So with a Honda Integra Type R, a fist full of sponsors, and a service crew of two, Craig Martin, and Paul McGuire they are off ready for the 2nd June start.

Why an Integra Type R? Joe and Murray are competing in the Production Car Class, which means 2wd drive, no turbos, under two litre, and no modifications. The Marathon was originally designed for classic cars, but in an effort to widen appeal and competitor numbers the organisers introduced a modern production car class. The Honda has a Mugen hand built engine, which has very good power out put for a standard 1800cc. Trust Joe to work this out first. It comes standard with good disc brakes, is strong, handles well, oh and it has air conditioning. Overseas competition has shown them to be reliable. A good car to start with. Therefore, with effectively only upgraded suspension, a roll cage and under car protection added it should be a competitive package.

After talking to experienced marathon competitors, they were told the person with the biggest sump guard wins. So much for a fast car, just put a sump guard on wheels. Joe took this to heart and the Integra now sports a 12mm thick alloy sump guard, only because they couldn't find 10mm alloy plate anywhere. After the application of brutal force to shape the guard, that took care of the front half of the car, but what about the back? Strip the car, line the underside with kevlar and reinforce everything.

Some may have seen the car competing last year in various rallies as a shakedown to sort the car, give Murray some experience co-driving, and find the cars weak points. This they achieved, culminating to finish 3rd overall in the Timaru Rally. But not until Joe had found the weak points and invent a few others as well. The car has now been stripped, re-built, and put back together, ready for putting in the container to England just after Easter. After picking up the car and service vehicle in England they travel by ferry and overland to Sweden ready for June 2nd. Sky TV UK will be filming the rally and producing a documentary, so hopefully we too will get to see Joe & Murray competing over there.

New Zealand motorsport fans wish the Totally Wellington team good luck and hope to see Kiwis once again on the podium at an international sporting event. For more information visit www.smokinjoe.co.nz

May 26th	Autocross, Levin
May 26th	Surgery Sprint, Manfeild

A New Era for Motorsport in New Zealand

Is it time to change the way Motorsport in New Zealand is managed and governed? Twenty-five clubs who met in Auckland on the 25 January thought so. We are writing to ask what you think.

We think examples of unacceptable governance are: -

- Numerous rule changes without consultation eg Manual 30
- Failure to listen to members –resulting in ineffective commissions
- Failure to adhere to the Constitution particularly Object 3.10 "At all times to act on behalf of, and in the interests of, the member clubs and motorsport"
- Lack of adequate communication
- A confrontational, defensive approach to any constructive criticism
- Poor financial management
- Lack of transparency in the reporting of the affairs of Rally NZ and Race NZ
- Heavy handed interference in the way member clubs run their events and affairs, including unreasonable charges which must be passed to competitors
- Rule changes the consequences of which have not been thought through eg Certificates of Description
- Unquestioning adoption of FIA rules that have no relevance in NZ
- Declining corporate support and sponsorship
- An inability to think strategically, to comprehend the ramifications of their decisions and to plan for the future.

The way forward: -

- Place remits before the 2002 Annual General Council meeting to stop the Executive from changing the Constitution and National Sporting Code without the approval of member clubs (proposed remits attached)
- Cancel all rule changes in Manual 30 that have not been approved at an AGCM and invite the Executive to resubmit them if they consider they have merit. In this way they can be properly debated, as should have happened in the first place
- Put together a good slate of candidates and challenge for the positions of President, Vice President and Executive Committee member, which by rotation are open for election this year. The problems outlined above will only be corrected with competent leadership.

We need your help to bring about change. Please tell us if you think we are on the right track. If you have experienced problems in dealing with MotorSport NZ, their policies or their unelected officials, please let us know. We must do something about it.

Most importantly, you will know of people in your club who would be competent Executive members. Let us know who they are so that we can put together a good slate of candidates and back them. It will not be easy. MotorSport NZ was not wrecked in a day and will not be rebuilt in one. It will take hard work and a lot of time. Would you support the payment of an honorarium to the President if that were required to get the best possible person?

Nominations must be submitted to Motorsport NZ by Wednesday 27 March 2002. Remits and registration of Club Representatives are required by the same date. To participate in the process of change, you must have a delegate registered to attend the Annual General Council Meeting. If your club cannot afford to send a delegate to Wellington, but would like to have its voice heard, please let us know. We can help.

Proposed amendments to the National Sporting Code

Remit 1

That Article 4 of the National Sporting Code be deleted and replaced with the following:

"4. Amendment to this Code

(1) In this Article "essential change" shall mean a change or amendment referred to in sub-Article 2 hereof which requires immediate implementation:

(a) to comply with a mandatory directive or requirement of FIA when compliance is required before the next Annual General Meeting; and

(b) in the interests of safety of competitors, officials and best spectators practice to secure the safe conduct of any event or competition

(c) to comply with the law of New Zealand.

(2) Motorsport NZ may amend this Code, any Appendix to this Code and any Schedule to any Appendix of this Code:

(a) at any time when the amendment or change is an essential change, but such amendment shall only remain in force and effect until the next Annual General Meeting of the Council of Motorsport NZ, unless ratified by that meeting; and

(b) if and when the change or amendment to this Code has been approved at an Annual General Meeting or Special General Meeting of the Council of Motorsport NZ.

(3) All amendments to this Code shall be published by Motorsport NZ by promptly issuing a Manual of Amendment and shall come into effect:

(a) as to an essential change, on the date nominated by Motorsport NZ (but subject to lapse if not ratified in accordance with Article 4(2)(a) hereof; and

(b) as to any other change or amendment on the date on which the same is approved the Council of Motorsport NZ in General Meeting.

in both cases whether or not the Manual of Amendment has been published."

Remit 2

"That all changes to the National Sporting Code and all Appendices thereto published in Manual Amendment 30 not specifically approved at the 2001 Annual General Meeting be forthwith cancelled, unless put individually to the vote of the Annual General Meeting and approved by majority vote by the meeting.

Remit 3

That an amended Manual Amendment be published incorporating only those Amendments and Appendices ratified by the meeting.

Proposed amendments to the Constitution of MotorSport NZ

1. Delete Article 7.6.6 and replace it with the following:

   "7.6.6 To develop and place before the Council for Council's approval at a General Meeting such policies and procedures or amendments thereto as the executive considers necessary to enable the Council to govern and/or the executive to administer the affairs of motorsport."

2. Delete Article 7.6.7 and replace it with the following:

   "7.6.7 To develop and place before the Council for Council's approval, or ratification as the case may require, at a General Meeting, a National Sporting Code or such amendments to that Code as seem necessary or desirable for the control of motorsport in New Zealand and consistent with its obligations to Féderation Internationale de l'Automobile ("FIA").

3. Amend Article 8.4 by adding to the list of business to be discussed the following to be inserted after the word *"Code":*

   " ... policies, procedures or amendments to them, ..."

NOTE

Article 8.4 already provides for alterations to the National Sporting Code.

5 March 2002

To Club Presidents and Secretaries

All clubs have received in the past few days a document from Club Targa and the Tauranga Mount Motorsport Club headed "A New Era For Motorsport in New Zealand."

The document raises the question "Is it time to change the way motorsport in New Zealand is managed and governed?" It then proceeds to list a series of generalisations which appear to damn every aspect of the organisation's operations:

- its Constitution
- its Rules,
- its financial management,
- its communication,
- its sponsorship arrangements and
- its strategic thinking.

In simple terms, if you accept the thrust of this document, almost everything that has been done in the past few years is wrong, the people who have run the organisation are incompetent and have not been acting in the members' best interests.

MotorSport New Zealand is a democratic organisation and the sign of a healthy organisation is freedom of speech and debate and enough candidates prepared to contest elections and put in the volunteer hours.

But members do not have the right to slander reputations through innuendo and false information. I have no intention of allowing either myself or the Motorsport Executive – all of whom give their time for free – and the professional management of the organisation, to be maligned by people who don't want to recognise that the sport is run on a democratic basis, where majority decisions rule.

If they can convince a majority of clubs that they can run the business better, for greater benefit to all members, not just their own self interest, so be it. As I am up for re-election this year I look forward to being able to debate the issues in an election for president. I know Vice-president Paul Te Punga and Executive member Raymond Bennett, who are also standing for re-election, are keen for a thorough airing of the issues.

At a time when the sport has near record fields in many classes, there are bigger crowds turning out for meetings, there are better sponsorship arrangements in place, there is greater TV coverage than ever before, the organisation is financially sound and there is a clear strategic development path, I am comfortable that the sport is moving forward. That is not to suggest there are no issues, but they are part of the ongoing management of the sport.

Motorsport is a high risk, high cost sport, full of strong willed individuals, many with strong opinions they are not backward in expressing. As President, I know that not every member is going to be satisfied with every decision made either by the AGCM or Executive but decisions are made based on all the available facts with the wider interests of the sport in mind and with the objective of providing the greatest benefits to the greatest number.

I have every confidence in the collective wisdom and decisions of the sport and will abide by democratic decisions based on a majority vote. I hope that the sport will not allow itself to be hijacked by those purporting to have the interests of everybody at heart, but who in fact appear to have their own agenda for their own benefit.

I am not going to attempt to answer the generalisations in the circulated document. In many cases the authors choose to ignore facts already provided, in others it is not clear what, exactly, is the issue. I do not intend to express an opinion on the remits until the AGCM.

This document and the circumstances surrounding it raise important questions for the future management and development of our sport. If, as is implied, there is a groundswell of disaffection with the organisation and its management then the democratic process will reveal that.

If every time an individual or small group is unhappy with a decision made either by the majority through the AGCM, or by the Executive under delegated authority, and then proceeds to damn individuals and the organisation, motorsport will sink in a morass of argument and bitching and nothing will be achieved. Who would be prepared to fill the elected offices?

Member clubs and individuals need to consider these issues prior to the AGCM in May. It is vital that all clubs send delegates to the AGCM who are fully briefed on the club's position, to ensure that the democratic will of the majority prevails for the benefit of the greatest number of competitors.

HUTT VALLEY MOTORSPORT CLUB

STEWARDS TROPHY MOTORKHANA

SUNDAY 7th APRIL 2002

SUPPLEMENTARY REGULATIONS

1. TITLE OF COMPETITION:

The competition will be known as Hutt Valley Motorsport Club Motorkhana

2. THE PROMOTERS:

The promoters of the competition are the HUTT VALLEY MOTORSPORT CLUB INC.

Telephone enquiries may be made to

Dave Davies 528-2398 home 387-9931 work

3. DATE & TIME:

The competition will be held on Sunday 7th APRIL 2002 with a compulsory drivers briefing at the start line at **9.00am.**

Competition will commence immediately following drivers briefing.

4. STATUS OF COMPETITION:

The competition is a Clubsport Basic Event held in accordance with the National Sporting Code of MotorSport New Zealand Inc. and these Supplementary Regulations and any Additional Supplementary Regulations.

THIS EVENT IS A ROUND OF STEWARDS TROPHY MOTORKHANA SERIES. The MSNZ Permit Number is TBA

5. VENUE:

The venue for the competition is The carpark next to Holden NZ Plant off Alexander Rd, TRENTHAM , UPPER HUTT

The surface is sealed .

The organisers expect to run at least 6 tests and at least two at a time

6. OFFICIALS:

Clerk of the Course Jared Rush

Secretary Bronwyn Knox

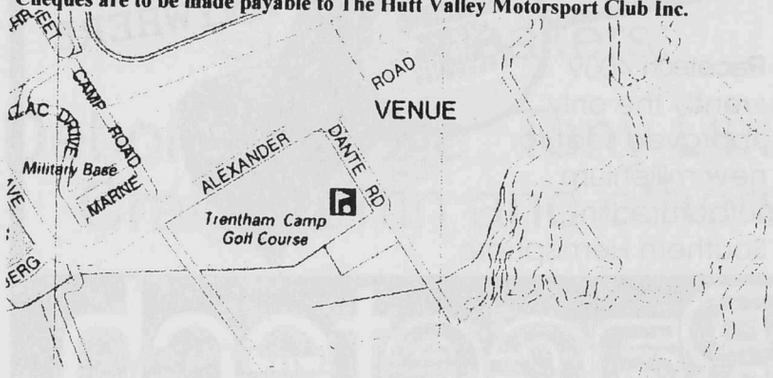

7. NUMBER OF STARTERS:

One competing car will be permitted on the course at any one time

8. ENTRIES:

An entry fee of $20.00 MUST accompany the official entry form and be received by the Secretary before starting

Cheques are to be made payable to The Hutt Valley Motorsport Club Inc.

Diggle Rally Team

A Modicum of Success at Taihape

Taihape, the home of the compulsory gumboot throw, fun challenging gravel roads, and gentleman's hours that seem almost unnatural (for a rally).

With the first car starting at 09:00, (yes that's right the six is supposed to be upside down) we had a leisurely start, finally deciding to head to the start at 09:15. The pre start is rather like a group of dogs sizing each other up nervously. Everyone circling each others cars checking out the others equipment and standing around telling lies about what they've done to the car since last year. This is never more so in Class B which has become very competitive. At least 6 or more had the ability to take class honours. The smart money was on a Mr T Dixon, more often than not in a class of his own. Then there was Shane Parker, Craig Halligan, Carl MacIntyre, Craig Martin, hopefully us, plus others who showed a turn of speed during the day. Karl Dixon being one of them.

Stage 1 we drove like a couple of Nannas. Not much to write home about, apart from driver and navigator getting to know how the other works. Maybe that's what happens when it feels like a Sunday afternoon, you drive like it.

Stage 2 was a good improvement.

Stage 3 saw about 5 cars stopped in the stage. All mechanical bar 1 by the looks, including Greeny. By this time the day was getting hot, the car was adding to it, and the dust was in the air. So service was a welcome break. Refill on fluids, (both us and the car), and catch our breath. Not enough fitness training in the off season.

Cont. over page

Stage 4 & 5 two nice ones that are a good challenge, our times weren't great, but we were working better as a team. It was at this time that we started thinking back to service and how much fluid had been taken on. Obviously Euan & Shane wanted to keep the car as light as possible, and we now know that we can get at least 20 or so km touring after the fuel light comes on. Gordon had always been meaning to test that some time.

Re-group and service in Taihape was a nice sojourn in the sun. Fill the fuel tank, two new tyres for the front, a chin wag and a sleep. Oh, and a throw of the gum boot. Why is it you always remember you forgot to practice with an old boot at home after your pitiful attempt. Luckily Bruce Herbet is more pitiful than me so I didn't get the box of Weetbix at prizegiving.

Stages 6 & 7 is where we thought we started to get it together. We had somehow managed to be given a two minute gap coming out of re-group, or was it starting 7. This was most fortuitous with the dust getting worse. Before you say anything the gap wasn't engineered but now we had it we weren't giving it up. This was stuffed up a bit in 7 when we caught and passed a slow, sick looking Legacy, lost some time in the dust, but comparatively our time was good.

Servicing after 7 once again consisted of fuel and a tyre rotation. That done at leisure, Euan and Shane kindly informed us they were off to spectate. In a service area it looks odd, driver, navigator, rally car, no service van or frenzied activity. It looks like we were lost or something. So what else is there to do but toddle off to the next start, a whole 500 metres away.

Stage 8 & 9 is where we actually started to get it together. Little did we know it but these two stages set us up for second in class. Either everyone else went to sleep, or we woke up, or both. Either way the stage times saw us cranking 10-20 seconds. That felt good.

Stage 10 was short burst on seal for publicity. Having managed to negotiate Stu's power pole (all $6000 worth of it) we finished with the clutch smelling in fine form, and gear selection requiring maximum effort. Euan did say he wanted to work on the gear box before Taranaki. Now he's got a pressing reason to get in there anyway.

Now getting back to the dead cert favourite. Unfortunately (for him, not for us) Tony had a puncture and lost 5 minutes. Not often that happens, therefore our placing got higher and in the end it was only 5 seconds to Shane Parker who took out first in Class B. Consistency got us there, having not spun or tampered with the scenery. A couple of close calls but the fences and culvert couldn't jump far enough to catch us out, even the hawk kindly moved aside, just. Not a bad start to the season with a new navigator. Here's looking forward to the rest of the season.

25 February 2002

Wellington Car Club
P 0 Box 5142
Wellington

Dear club member,

RE: SPECIAL OFFER – WHEEL KIT CLEARANCE

As a follow on to our club offer started in October 2001, we are now pleased to be able to offer you first option on a selected range of wheel kits we have an excess of stock of, and are wanting to clear.

These kits are strictly limited in stock, and will be sold at heavily discounted prices, considerably less than the normal price.

A list of these clearance kits is attached. This offer will run from 1 March 2002 to 31 May 2002, or until stock is exhausted, whichever happens first.

Of course, as part of our club offer, your club will get a 10% rebate on the sell price of any of these clearance kits sold. Our usual club offer of 30% off the retail price and a 10% rebate to your club will continue to apply on all other purchases of wheel kits and other selected products.

Purchases can be made at any one of our nine branches nationwide, or by phone or e-mail. When ordering by phone, your nearest branch will quote a price, and once payment is received, courier the goods to the requested address.

At Precision Bearings & Transmission Ltd we hope you are able to take first advantage of this offer, and look forward to be of service to you in the near future.

Kind Regards,

Kris Machaado

Clubrooms and Magazine Details

The clubrooms are situated in Russell Terrace (south end), Newtown.
Committee night is the first Tuesday of every month, except January.
Clubnight is on the third Tuesday of every month, starting at 7.30pm.
Motoring News is published monthly at the very start of the month. The deadline for articles and advertising is the end of the month. We welcome all contributions.
The contents of *Motoring News* do not necessarily represent the views of the Executive Committee. Whilst we do not mind other organisations reproducing any articles we have ownership of, we do insist upon the courtesy of an acknowledgement.
Every effort is made to present accurate information, however, Wellington Car Club and members do not accept responsibility for any inaccuracies. We are unable to accept responsibility for guaranteeing the goods and services advertised.

Editor's Report:

Sue has just spent the weekend in Taranaki at the Tarmac Rally. It was a really busy weekend; some of the locals were out with slug guns, others were out with cans of diesel emptying them on the road. There was also a lost milk tanker and a big truck that wasn't lost but needed to be let into a stage.

Thanks to all the CRRS competitors who were very understanding and helped in all sorts of ways to make sure that no stages had to be cancelled.

Drivers Training day was down on numbers this time around. Everyone seemed to enjoy themselves.

Another club member worked very hard this weekend – she can keep her job says Sue – she doesn't want it (been there done that!). CONGRATULATIONS to Andrea and Joe on the birth of their son.

Articles are coming in to us from some members – some noticeably more than others. (Thanks Jody and yes we will allow you to use virginal if you have to). We would love to have more, if you promise an article then we keep a space open for it and if it doesn't arrive then we have to reshuffle everything around. We know some of you have got some great tales to share – F1, Taranaki, Racing, Driver Training…You don't even have to put your name to it if you don't want to.

Nathan informs us that **Copper Face Jacks** is NOW OPEN and he is on the door. On Thursday Nights Tui is on special plus you get a free Tui's cap if you buy 5.

Night Trials are starting again – cheap motorsport at its best. See ad later in mag.

As promised the numbers are 1.15.16.20.27.39. bonus 5. so will we see you at club night .

Thought for the month: Will Joe finish the marathon and be first Kiwi home?

Joke for the month: Two blondes walking in the bush come across some tracks. They argued for a while about whether they were bear or human. See later in mag for next line.

Bernie's Blurb: (*a.k.a. The Prez Sez*)

Congratulations to all WCC members who finished the Taranaki Tarmac Rally, see results later in the mag. It would be good if we could get our hands on some *race* results from Manfeild for the mag as well, nice to see Tony on TV but would like to know his times as well (hint).
Also had a Driver Training Day, John tells me it went well but hasn't as yet done his report. Thanks to all the helpers.
Tea Creek results are on another page - great to see six WCC members out there doing it. Ted can't have gone out for dinner the night before this time.

We are still working on the new venues for motorkhanas, sprints, etc. aiming at the cheaper level of motorsport.

We will need your help with the Braille Trial (see flyer later for details) and for Prodrive when it comes to town. Please support these.
The MSNZ AGM is this month, any strong feelings on how I (your delegate) should vote on your behalf?
Your committee (*that dynamic bunch of do-anything motorsport fanatics*) is looking at painting the inside of the clubrooms and tarting them up a bit – with your help of course. A better image when renting them out. We have had a couple of bookings to date, but always looking for more.
A working bee date is to be finalised and notified in next bulletin.

The committee is attempting to ring most members every month to personally tell them what is coming up. If you don't hear from someone, ring Edwin on *973 2815* or *021 443 048*.

Not long to wait now for you Playstation fanatics. *FRIDAY 24TH MAY from 7.30 onwards.* Time for WCC to kick some other club's butts.

Have a great motorsport month and keep the rubber on the road. Please don't drink & drive, I have enough problems with the sober idiots on the road.

Cheers,

Bernie.

June 18th	Club Night - TBA
June 23rd	Clubmans Race, Manfeild
June 23rd	Motorkhana, Levin
June 30th	Surgery Sprint, Manfeild

April Club Night
A Funny Thing Happened on the Way to the Rally.

It's amazing what you can learn at a club night these days. All sorts of interesting things come out when you have a forum.

Things like, Tony Dixon has 150hp at the wheels, I think that's what he said, anyway too much, shouldn't be allowed. If we were the government we would demand that he give most of it up and share it with those of us that don't have as much horsepower.

Things like, scrutineers don't always put the bonnet pins back in properly. Check yours before the bonnet becomes a sail.

Things like, how to take the smell away after your navigator has chucked in the car, at speed. Shove big handfulls of suntan lotion up your nose, it provides a different smell and blocks other smells from getting up there. But two dribbles of white stuff coming back down does tend to unnerve the starting marshals. The stories they have heard about rabid drivers may actually be true. I must admit that Blainey did smell ripe or was it tripe, anyway bad. The other navigators noticeably moved away from him at the start controls thereafter.

Things like, they rally differently in Italy. As in they don't use safety triangles even if they park their car just over a blind brow. So if, or when you hit them they expect you to either have insurance to pay for the damage to their car or for you to pay. And big ugly Italians do get very irate when they find out we in NZ have absolutely no intention of paying for said damage. So an altercation, and an interview with the FIA later all is ok as the Italians are fined $US4000 for trying to pick a fight with a Kibble. I mean Jamie has such a short temper the Italian was lucky to leave unscathed.

Things like, rallying in the 70's was different. There was a rally through Wellington, I knew this myth did exist. That rally cars carried axes to enable you to cut your way out from the undergrowth when you come off. That you could rejoin at any point, as in after tail end charlie had pulled you back up, after you had shot home to repair the car, weld bits back into place, and remove the remaining bits of glass, after you had caught the rally back up and slotted back into the queue you could start again. Excellent stuff.

Anyway, enough of what I have learnt, you'll have to attend the next club night to find out more. See you all at Copper Face Jacks on 24th May. (A Friday night).

Do you want a free lunch on June 16th??

There ain't no such thing!

But, you can get pretty close to it by volunteering as a driver in the annual **"Braille Trial".**

This year the route has been set by Wayne Gair and Dianne McDonald of Harbour Capital Car Club. Eddie Conroy of Wellington Car Club has checked the route. Eddie has set over twenty of these "Braille Trials."

What happens if you do want to join us for lunch?
We will send out:

- your allocated navigator's name and contact details;
- an entry form;
- Supplementary Regulations for the event and;
- a pamphlet on how to help the blind.

To earn that free lunch:

- Please ring your navigator well before the event because they really look forward to the day.
- On the day you will need to pick up your navigator from their home and take them to the start at the Niblick Hall in Tireti Road, Titahi Bay.
- At the start we collect the signed entry forms, hand out name tags and give you a time to report to the Start Control.
- Then out and about on the trial which should take just under an hour and a half.
- And back for that free lunch.

This event is starting and finishing in Titahi Bay and all you have to do to take part in it is ring Dianne on (04) 236 7541 or email Dianne at: diannem@ihug.co.nz

The Lighthouse Tavern

RALLY of the FAR NORTH

2002

This year's event promises to be better than ever !!

The RALLY of the NORTH on Saturday 17 August, will again be based around the tourist resort town of PAIHIA. Total distance for the rally is 365km, with 8 Special Stages of 161kms. Lunch/Service will be in Paihia, making the event, and servicing very easy for teams with one service crew or a limited budget.

Many of the roads will be familiar to regular competitors in the Rally of the North, but parts of some stages are being used for the first time.

As in previous years, the Far North gravel roads will be smooth, making this event a test of the driver, rather than the car!! Every stage is on a smooth public road. These are the stages that have made the event the top Rally of the Top Half Series as voted for by the competitors for the last three years.

Stage Notes will be available again this year, giving crews planning to compete in the WRC Rally of NZ event another chance to practice this skill.

Paid entries received by June 30th will be eligible to receive one of three $250 cash prizes or one of three $250 accommodation packages, arranged in conjunction with RALLY DRIVE NZ. Other 'spot' prizes are being organised and details will be in the Supplementary Regulations, which will be available shortly from the addresses below, and on the MSNZ Web Site.

The RALLY of the NORTH 2002 is on Saturday 17 August and is:
Round 4 of the Winger Subaru, Rock FM Rally Series.
Round 3 (final) of the North Island Rally Championship.
Round 4 of the Club Rally Championship.

Taupo Car Club Inc presents:

"CLUBMANS" 2002 WINTER SERIES

Round 1 - Saturday 1 June
Round 2 - Sunday 30 June
Round 3 - Sunday 28 July
Round 4 - Saturday 31 August
Round 5 - Saturday 21 September

Classes: 4 x Saloons Groups (based on lap times)
2 x Dual Sprints Groups
1 x Sportscars/Single Seaters

Entry Fee: $75.00 - Saloons & Sportscars Groups
$45.00 - Dual Sprints

Portfolios can be obtained from:
Melanie Coleman Ph 07 847 9784, Fax 07 847 9732

Club Night

May 24th, 7.30pm (A Friday)

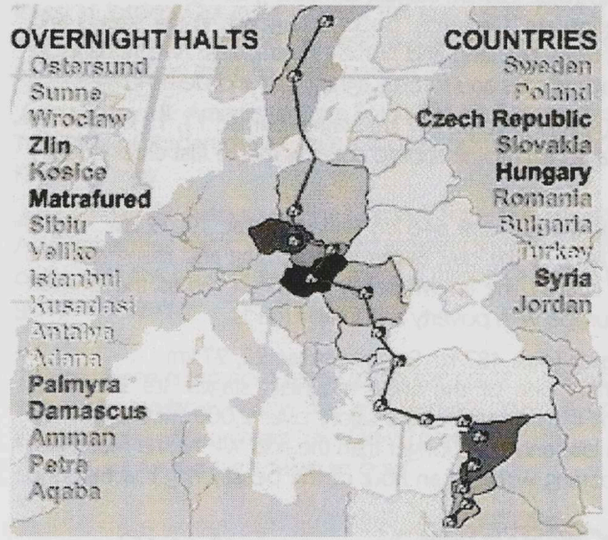

This month's event:

Playstation & Pool Challenge

Venue:

Copper Face Jacks,
76 Kent Terrace.

Joe and Murray's Adventure – Midnight Sun to Red Sea.

Itinerary:

June 1 Ostersund, Sweden.
This is the HQ town for the event. First day of documentation & scrutineering.

June 2 Ostersund, Sweden.
Documentation and scrutineering continue, followed by the event briefing.

June 3 Day 1: Ostersund to Sunne. Total: 583 km Stages: gravel 19, 21, 30 km
Three classic stages from the famous Midnight Sun rally within the first hour. 'Yumping stages', fast flowing on traditional smooth Swedish gravel with lots of crests.

June 4 Day 2: Sunne back to Sunne Total: 160 km Stages: gravel 20, 9, 24 km
The heartland of Swedish rallying, taking full advantage and getting as many stage km in as possible. The organisers of the famous World Championship Swedish Rally have laid on three of their very best stages for us. A half day, just 160 km total of which 51 km are World Championship stages.

June 5 Day 3: Sunne to Karlskrona Total: 615 km Stages: gravel 22, 19, 9 km
Another big impact day! Out of the hotel and into the first stage within minutes. The stage is known locally as Stig's Road, named after the London-Sydney Marathon 2000 winner and former World Champion Stig Blomqvist. He set records over it in five different makes of car. It's over 21 km and his times were in the 11 minute bracket which sounds very quick. Then you find that all the records were set in full snow! Catch the overnight ferry to Gdynia in Poland.

June 6 Day 4: Gdynia to Wroclaw (Poland) Total: 521 km Stages: tarmac 9, 7 km
Two short sharp stages on tarmac through farm land early on- a small taste of what is to come. Horse-drawn ploughs and tiny slow moving smoky two-stroke Trabants - mobile chicanes.

June 7 Day 5: Wroclaw to Zlin (Czech Republic) Total: 382 km Stages: tarmac 16, 35, 22 km
Making up for yesterday, today is a huge day, three stages totalling 72 km. The stages run through small cobbled villages and the locals turn out in their thousands to cheer.
Stages are tight and narrow, demanding precision and offering everything from rolling countryside to lumpy bumpy and billiard table smooth tarmac, narrow lanes with the shrubs scratching both sides of the car. This is the remote backwater of Poland - full of people who love their motorsport. Across the border into the Czech Republic - sweeping through mountain villages. Early into Zlin where five local main dealers will open their workshops to

play host to the rally. The Merc dealer has a million dollar 1937 SS Mercedes in his showroom, left in a barn after the German occupation and discovered only 15 years ago.

June 8 Day 6: Zlin to Kosice (Slovakia) Total: 429 km Stages: tarmac 14, 26 km
This is the Eastern Europe of a bygone era. Orchards, ducks and geese in the streets and traditional farmyards with everything done by hand and horse - no tractors. Two remarkable stages on narrow public roads through villages and forests; tight, tricky and demanding.

June 9 Day 7: Kosice to Matrafured (Hungary) Total: 307 km Stages: tarmac 11, 13 km
A short day today, two mountain stages and some superb scenery then a fast cross country run over the border into Hungary.

June 10 Day 8: Matrafured to Sibiu (Romania) Total: 646 km Stages: tarmac 19, 12 km
Almost 40 km of stages in the first hour of the day. Super stages, rising and falling and the second one with barely 500 m of straight line anywhere. A super fast run to the border. Three hours of third world Eastern Europe with poverty and lumpy roads.

June 11 Day 9: Sibiu to Veliko (Bulgaria) Total: 487 km Stages: tarmac 23, 27 km
Into a hidden secret mountain range, one of the finest mountain stages. It's 23 km of sensational racing with more hairpins than a hairdresser's salon, over 2,000 metres up. The second stage is flatter and around a lake and even longer than the first. We hit the motorway to get some fast km done before coping with half an hour of the beastly ring road around Bucharest.

June 12 Day 10: Veliko to Istanbul (Turkey) Total: 625 km Stages: tarmac 17, 11, 15 km
Three great European championship mountain stages today for another superb 50 km of racing before we say farewell to Bulgaria. Across the border into Turkey and a 200 km blast down the motorway into Istanbul.

June 13 Day 11: Istanbul - Rest day

June 14 Day 12: Istanbul to Kusadasi (Turkey) Total: 599 km Stages: gravel 20, 16 km
We start the day with an 8 km drive alongside the 3,000 year walls of the original Byzantine city and onto a 55 minute jet ferry ride which very smartly saves us 170 km by road and takes us onto the Asian side of this fascinating country. Two superb mountain stages on gravel before dropping down through the biblical town of Ephesus.

June 15 Day 13: Kusadasi to Antalya (Turkey) Total: 573 km Stages: gravel 22, 19 km
One of those mind boggling days - 150 km of amazing shaped volcanic rock formations, Roman ruins, tiny villages and roads devoid of traffic. Two stages that are just superb.

June 16 Day 14: Antalya to Adana (Turkey) Total: 590 km Stages: tarmac 22, 23 km

June 17 Day 15: Adana (Turkey) to Palmyra (Syria) Total: 600 km
Some great mountain roads, a bit slow going in places early on. Two tarmac stages in the mountains before we drop down to the Syrian border.

June 18 Day 16: Palmyra to Damascus (Syria) Total: 340 km Stages: desert 20, 20 km
A short day and your introduction to desert stages. A re-group at the famous Baghdad Café between stages.

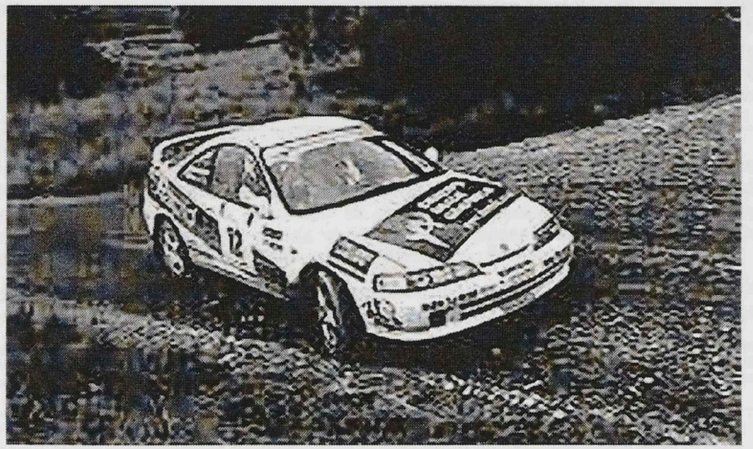

June 19 Day 17: Damascus to Amman (Jordan) Total: 251 km Stages: gravel 10, 2, 2 km
A fast run to the border and into Jordan. Our first stage is just over the border in the only forest in Jordan. Out in the cool of the evening to do the second stage - a Spectator Stage in the middle of Amman, the nation's capital. Two runs over the 2 km stadium stage with 5,000 spectators there to cheer you on.

June 20 Day 18: Amman to Petra Total: 326 km Stages: desert 9, 18 km
Two Rally of Jordan desert stages today, short but demanding, then a run along the famous Kings Highway.

June 21 Day 19: Petra to Aqaba (Jordan) Total: 208 km Stages: tarmac 8 km, mixed 23 km
A 15 km tarmac hillclimb through an amazing rocky landscape Then the sensational final stage of the event. A mind blowing scenic run through a breath taking canyon. Starts on tar goes to gravel and sand.

This has been taken from www.smokinjoe.co.nz – with some adjustments to make it fit into the space available. Follow Joe and Murray's progress on the website – they say it will be updated daily if they (read 'The Crew') have time.
Good Luck for the big adventure boys.

New Product Release
2002

Impulse Engine Technology P/L has been developing for the past 14 years a revolutionary new process called "Negative Supercharging" which cost-effectively supercharges conventional engines without using a supercharging device. As a result we have developed several new hi-tech engine parts and improved a number of hi-performance parts required with the Negative Supercharging Kits.

Hi-Performance Engine and Transmission Parts
for Chrysler 6 and V8 Engines

- Developed specially for the Negative Supercharging Kits
- Engineered to handle the additional stress produced by supercharged engines
- Produces a performance improvement in standard to hi-performance engines
- Made to a high quality
- Competitive or the lowest in price
- Now available as individual parts

(Retail Prices Include GST)

Distributor Advance Spring Set
Uses a radical new ignition advance curve to produce up to 10% more low end torque and fuel economy. Also dramatically improves acceleration, responsiveness and makes the engine start more easily.....**$16.20**

Exhaust Manifold Gasket Set
Impulse exhaust manifold gaskets are made from hi-temperature steel/paper material and are the only gaskets currently available that correctly fit the exhaust ports. They enable the gases to flow freely and do not need to be trimmed to fit the ports like other gaskets. Also the gaskets are available in 2 different sizes to fit the small 318 ports and large 360 ports.....318 V8 (2) **$24.20**
.....360 V8 (2) **$24.20**

Exhaust Manifold Stud Set
Hi-tensile studs and nuts produce a much stronger clamping force to fully seal gasket. These studs and nuts are supplied with the Impulse racing cylinder heads.....6 cyl (13) **$66.00 set**

Plenum Plate Set
Attaches to under the intake manifold and cooling system to provide the correct level of heat under the plenum chamber needed to vapourise the fuel and produce a faster more powerful combustion. This improves acceleration and responsiveness, increases fuel economy and eliminates stumble and hesitation. Set is supplied with plate, nozzles, bolts and gasket. Recommended for 6 cylinder engines which use exhaust headers.....Hemi 6 **$99.00**

Racing Cylinder Heads
Impulse racing cylinder heads use advanced air flow technology to produce the highest horsepower increase currently available at an affordable price. Heads are supplied with racing flat head intake valves, chrome silicone single valve springs suitable for up to .550" lift, chromemoly retainers, racing collets, racing positive 2-ring type valve stem seals, K-line valve guides, shortened valve guides to allow up to .650" lift, hardened exhaust seats, special 4 angle valve job, special pocket porting and hi-tensile studs and nuts.

(Exchange Only)
Impulse head with racing 1.96" flat head intake valves add up to 70 hp.....Hemi 6 **$1,600.00**
Impulse head with original 1.84" tulip intake valves add up to 50 hp.....Hemi 6 **$1,200.00**

Note: Large or replacement valves do not always produce more horsepower because each cylinder head design has different requirements. We have found with the Hemi 6 head that aftermarket 1.84" tulip and standard 1.96" tulip intake valves produce less cfm flow and horsepower than the original 1.84" tulip intake valves. This is the reason why standard 245 Hemi heads produce slightly better performance than standard 265 Hemi heads.

Spark Plug Amplifiers
Uses new plasma spark technology to produce up to 5-10% more horsepower and fuel economy. Also improves acceleration, responsiveness and makes the engine start more easily. The spark plug amplifier is a compact device that screws onto the end of the spark plug and one is required per cylinder. (Developed by Combustion Technology Products Corp).....**$40.00 each**

Valve Spring Set

Single valve springs are suitable for high valve lifts up to .550". Springs are made from chrome silicone wire and have a 1.435"OD x 1.000"ID, 110 lbs seat pressure @ 1.700" lift and 300 lbs open pressure @ 1.200" lift. These springs are supplied with the Impulse racing cylinder heads.....6 cyl (12) **$115.50 set**
.....V8 (16) **$153.60 set**

Valve Spring Retainer Set

Retainers are made from heavy duty chromemoly and are designed to fit the Impulse single valve springs. These retainers are supplied with the Impulse racing cylinder heads.....6 cyl (12) **$112.00 set**
.....V8 (16) **$149.00 set**

Valve Stem Seal Set

These are positive all rubber 2-ring type seals that press onto the standard diameter valve guides in Chrysler heads. They are racing oil control seals that eliminate excessive oil past valve guides in standard, rebuilt and racing engines and are very effective in stopping exhaust smoke due to worn valve guides in old engines. Also each seal set is supplied with 2 fitting tools and instructions needed to correctly install the seals for optimum oil control. These seals are supplied with the Impulse racing cylinder heads.
.....Hemi 6 (12) **$28.10 set**
.....V8 (16) **$35.20 set**
.....Positive 2-ring type seals sold separately **$2.50 each**

Note: Positive 2-ring type seals produce far superior oil control than the old fashioned vitron umbrella type seals and for this reason they are used by the racing industry and today's car manufacturers. Also these seals can be easily installed onto the valve guides with the head bolted to the engine.

Trans Shift Kit - Stage 1

For Borg Warner 35 transmissions only. The shift kit produces a 30% firmer shift during full throttle and a smooth shift during light throttle. Also dramatically reduces clutch slippage and transmission temperatures. Recommended for standard to hi-performance engines.....Hemi 6 Shift Kit **$100.00**
.....(Exchange Only) Hemi 6 Shift Kit Fitted to Valve Body **$215.00**

Trans Hi-Perf Rebuild - Stage 2

For Borg Warner 35 transmissions only. Suitable for the serious street racer who needs a super strong Borg Warner transmission which can reliably work with hi-performance Hemi 6 engines. Produces a 50% firmer shift and is built 30% stronger using larger sun gear shafts, clutches and heavier bands. Also dramatically reduces clutch slippage and transmission temperatures. Recommended for only hi-performance engines.
.....Hemi 6 Hi-Perf Trans **$1,200.00**
.....Freight Return Costs: approx $60 Syd/Syd - $90 Melb/Syd - $220 Perth/Syd

Note: Hi-Perf Trans available as a rebuild only. We will arrange to have your trans picked up from anywhere in Australia, rebuilt and returned within 2 weeks. Trans must be supplied in good condition, clean and dry on the outside, trans oil removed and be fully wrapped in plastic within a strong cardboard box. For safety reasons, oil must not leak through the packaging at any time during delivery otherwise the courier will not deliver the trans. Transmissions supplied dirty and/or damaged will increase the basic cost of the rebuild.

Our business is currently very busy tooling up to manufacture Negative Supercharging Kits and Crate Engines for Chrysler 6 and V8 engines. Negative Supercharging Kits and Crate Engines will be available initially for Chrysler Hemi 6 and small block V8 engines in 7 stages of performance and cost in May 2002. For other Chrysler 6 and V8 engines the Kits will be available towards the end of 2002.

For orders or inquiries by phone, please leave your name and contact details on our answering machine if you can not get through and we will return your call as soon as possible.

CAR TRIALS 2002

Why not give car trials a go this year?

What's a car trial? It's a navigation and timekeeping exercise, where crews follow instructions to travel around public roads at a set average speed, and points are lost for missing checkpoints and for early or late arrival.

All you need is a road-legal car, a navigator, pens, a clipboard, and a torch. Additional crew members, and local street maps, are an advantage. Bring your family and friends.

Never done a car trial before? No problem! The monthly night trials are an ideal place to start. Contact the organiser beforehand, and we can probably put you in with a seasoned campaigner for your first event. Or just turn up and have a try anyway – and learn as you go.

This year there is a **five round series**, on the evening of the second **Wednesday** of each month from May to September. You don't have to do all rounds – just do as many as you want.

Round 1	**May 8**	**Darryl and Sandra Monk, phone 934 4990**
Round 2	**June 12**	**Barry Lakeman, ph 970 1339, and Eddie Conroy, ph 478 6742**
Round 3	**July 10**	**Ben Stockbridge, phone 472 1716**
Round 4	**August 14**	**Stephen Marks, phone 477 1815**
Round 5	**September 11**	**Cathy and Mike Reid, phone 568 6322**

All rounds in 2002 **start and finish at the Hutt Valley Motorsport Club rooms**, Halford Place (end of Jackson Street), Petone. Documentation from **7 pm**, first car away at 7:30 pm. Running time is approximately 1 hour 30 minutes. Relax over a coffee afterwards.

Entry fee is $10 per car for each round, inclusive of Motorsport NZ levy.

You don't need car club membership for your first two events. After that, only the driver needs to be a member - of any car club in the Wellington Motor Sport Association. No competition licence required.

All participants earn points in each round, and there's a trophy for the winner of the series.

Enquiries to event organisers (above), or the series co-ordinator John Rapley, phone 562 8356.

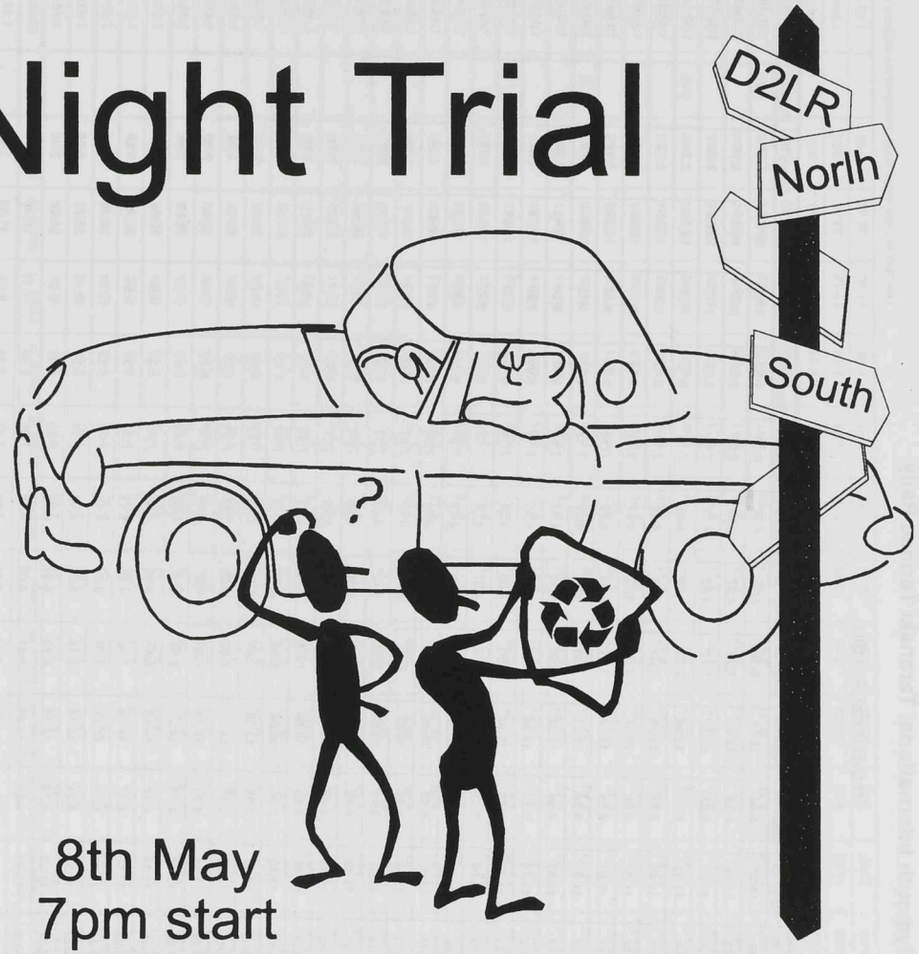

Email john.rapley@parliament.govt.nz to receive updates and information during the year.

DAYTIME EVENTS

And if you're keen to do some daytime events on good country roads, mark these dates in your diary and watch out for further details:

July 20	A three-hour event in the Kapiti/Horowhenua area; round 1 of the local interclub series; organisers Carol Weston ph 499 0263 and John Rapley ph 562 8356.
August 31 & September 1	Five-hour events in the Wairarapa; comprising the national Gold Star championship, also rounds 2 and 3 of the local series; organisers Wayne Gair & Dianne McDonald ph 236 7541, and Paul & Katrina Te Punga ph 586 0689.

Night Trial

8th May
7pm start

Diggle Rally Team

Taranaki Tarmac - It's hard and always has a habit of biting when you least expect it, as we found out. The bits where you expect it to bite you are fine, they are generally noted in the Route Book.

So after an annoying start retrieving the clutch pedal from under the bump stop on the floor we started getting into the groove of tarmac rallying. Dunlop Formula Rs do grip well, apart from where stones are covering the inside of the corner, and you go from inside to outside very quickly. Looking up the field of cars later in the day all I could see was a flock of Formula Rs, the rally competitors must have run the Dunlop man dry before the event. It's a pity that Dale Perry only lasted to stage 3 before going straight ahead at a tight left hander. He was driving one of his later model Mirages and we were looking forward to a battle during the day.

Anyway, wizzing along through the morning stages was good, we weren't pushing to the absolute edge and our times were looking competitive. May be this asphalt stuff isn't so bad after all. Then Stage 5, the start goes uphill for 500m or so to a brow, then the road does a 90 right just over the brow, and I mean just. So as you see this nice surprise and you are still waiting for your wheels to touch the ground again, you begin to think, bugger me. A lot of others thought the same too, judging by the wheel tracks and the conversation later. We made it, but it took a while to get back into it again, a few others making the same comment. Nice to know we weren't alone.

After that we found that a Mirage can fly (over yumps) but the rear suspension arms don't like being dragged along the seal. That you can negotiate chicanes made less than a car length wide (a Mirage car length that is). They said they were tight but that was ***** (Sue can I say virginal in the mag?).

The afternoon was continuing along as the morning, two stages, service, fuel, lift the bonnet to make it look like we were servicing, out again, do two stages. However at Stage 9 the afternoon started to drag a little. The required extraction of a milk tanker managed to hold proceedings for about an hour. When you loose momentum it's hard to get into the rhythm again. So after Euan Fuge had acted as a zero car, the field started to move again. Actually Fugey needs to be congratulated, he had put the tip of a spark plug through one of the rotors in the chicken cooker, so the engine wasn't going that well, and he volunteered to go through the stage at pace (well what ever pace he could muster) to ensure it was clear for the rest of us. I hope headquarters gave him a generous assessed time. And he managed to finish the rally, one rotor down.

Later at Stage 11 (I think) we again had a wait, although it was deemed prudent to wait while two kids trying to hit cars with a slug gun were rounded up. Where do they get these people in Taranaki? May be it should be called a Red-Neck Rally. (he smiles to himself, no offence Arthur). Then we discovered that sun strike does slow you down. Hard to drive a road, with or without notes if you can't see the bastard.

So to the last stage, 13 as it would happen, a sprint of 3 laps round an industrial park, oil on the road, big kerbs, lots of spectators. They had laid concrete dust to soak up the oil, we decided to make some more concrete dust to the delight of the crowd. Not enough road for our corner was the problem and we hit said kerb, pushing the front arm back and the tyre into the inner guard. Not puncturing the tyre or bending the rim, just bending the arm. After lots of time we managed to get the tyre off the guard enough for the wheel to turn and for us to limp around and finally finish. Those were the longest 8kms I have ever done. But we did finish, get some points, and not be completely last.

Here's looking forward to some good old flowing gravel in two months.

Keep it rubber side down, shiny side up.
Jody

Classified Advertisements

After a long discussion they were wiped out by a train.

WANTED: Clubnight Attendees
No wages, inducements occasionally offered. Be at the clubrooms, 7.30pm, third Tuesday EVERY month, RAIN HAIL, COLD OR SHINE.

Clubrooms to rent: Rates are extremely friendly, with ample parking and no close neighbours. Contact Bernie on 934 7468 or 025 822468.

Remember: If you change your address or phone number please let Karin Keith know.

It is free for WCC members to advertise in the classifieds (non-commercial). Motoring News goes out every month to all WMSA and CRRS clubs (plus a few others).

Wanted: Press releases – do you send these out to your sponsors and / or the media? You could send the editors a copy to print in the magazine (free).

Wanted: Photos for the magazine – state whether you want them returned or they are likely to be cut to size by the editors. Can be brought to clubnight or dropped off to a committee member. You could email them if you have the technology.

Clubrooms and Magazine Details

The clubrooms are situated in Russell Terrace (south end), Newtown.
Committee night is the first Tuesday of every month, except January.
Clubnight is on the third Tuesday of every month, starting at 7.30pm.
Motoring News is published monthly at the very start of the month. The deadline for articles and advertising is the end of the month. We welcome all contributions.
The contents of *Motoring News* do not necessarily represent the views of the Executive Committee. Whilst we do not mind other organisations reproducing any articles we have ownership of, we do insist upon the courtesy of an acknowledgement.
Every effort is made to present accurate information, however, Wellington Car Club and members do not accept responsibility for any inaccuracies. We are unable to accept responsibility for guaranteeing the goods and services advertised.

Editor's Report:

Sorry the Bulletin wasn't in your letterbox last month - Sue went away and Karin didn't do what she should have. Having both computers die didn't help. Apologies from Karin and Sue says she's going to go back to Hong Kong.

Sue and Gordon had a fantastic time and Sue has been heard planning the next trip already.

A great month for Wellington Motorsport with Deborah winning the Rally Founders Trophy and Smokin' Joe winning the Midnight Sun to Red Sea Marathon Rally.

Thank you everybody who has given us articles and photos for this month's mag - makes our job so much easier.

For those of you who have asked Karin - 24 of the Kakapo chicks born this year have survived to fledging and all are doing well. The ratio of females to males is looking great too (sorry guys, you lose).

Sue and Gordon went to Wales while away (for a rally of course). Great hospitality was shown by the locals, they work on a rally each week for about 6 weeks at this time of year (summer over there). Sue's not sure why 3 cars caught fire but it caused a few problems for the organisers. The country side seemed just like home - short gorse and small rabbits.

Sue and Gordon found a hillclimb the day after the rally - it has been run for almost 100 years, thousands of spectators at £10 per head. Paddocks of cars. (Flash ones from the photos we've seen). All for 1000 yards uphill.

Gordon discovered the McLaren showroom in London but couldn't get in - he'd forgotten to get his secretary to ring and book him an appointment and had left his suit, tie, briefcase and bodyguard at the hotel. The lady at the desk hardly looked up when he knocked on the door. Don't they want to sell them??

Thought for the month: The days are getting longer!

Joke for the month: What is the difference between bogeys and broccoli ? Kids don't eat broccoli.

Bernie's Blurb: (*a.k.a. The Prez Sez*)

Profound apologies for the lateness of this bulletin. The magic box that normally produces the work of art decided that when sh@# happens! – it happens at the worst time. This month even the loaner didn't want to perform either. So we had a matching pair of duds.

As I have been pretty darn busy, most things have taken a back seat during this month. Hopefully normal operations will resume shortly.

Anyway, on with the saga. This month saw the Playstation & pool challenge at CopperFace Jacks. Unfortunately it was not well attended by our club members, so we were basically stuffed by the Levin team – well done guys. Maybe Friday is not such a good night?

The Car Trial for the Blind was held last Sunday (16th) based in Titahi Bay. Again, not well patronised by our members – only Paul Taylor, Ian Jensen, Mike Hodgetts and myself bothered to volunteer and do the trial. Paul finished well up, I was a few places behind him (missed some checks and ran about four minutes late), Ian was seen performing wagon train circles at the J'ville roundabout and Mike was seen heading up Rahia St. All in all, the trial ran pretty well. Congratulations to Dianne MacDonald and her team, well done. Thanks to all the other clubs that helped out with drivers. Maybe next year we will have a large team of drivers /marshals to support an event we have been involved with for over 20 years

The first committee night was postponed as only four managed to show.

The following week's meeting was again attended by few numbers. Flu seemed to claim a few this time, but again, the club is hard to run without committee members showing up to do their bit. Maybe the committee members are suffering headaches from banging their heads against a brick wall of apathy– nuff said.

Clubnight this month was the go-kart challenge at Seaview. When I left there, seven intrepid members were duelling on the track. Lack of communication (& bulletin) were to blame for the low numbers. We need to get the telephone tree operating again to remind everyone of clubnight.

Driver Training Day is on again in August, see later for details.

We are still working on the new venues for motorkhanas, sprints, etc. aiming at the cheaper level of motorsport. What about a track outside the clubrooms???

A working bee date for clubrooms interior is to be finalised and will be notified in next bulletin.

Don't forget – Subs are due by 31st July , renewal forms will be sent out shortly.

AGM is on soon, so think about what you want as a member and who you want on the committee.

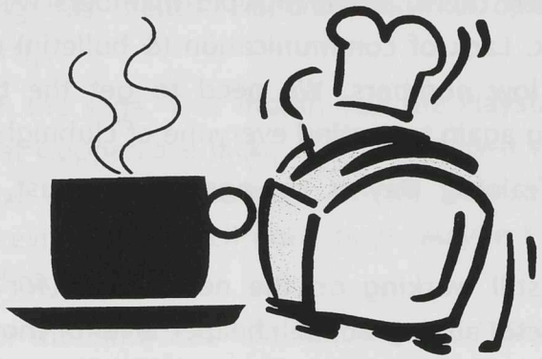

Have a another great motorsport month and keep the roof pointing up. Please don't drink & drive, I have enough problems with the sober idiots on the road.

Cheers,

Bernie.

2002 NZ CLUB RALLY CHAMPIONSHIP

MEMO TO COMPETITORS:

20 May 2002

The first two qualifying rounds of all three regional series have now been completed and the points updates are attached for your information. This year the three regional series have been included on the one page to let you all see who your closest rivals are.

Number wise for 2002, the 4WD class is down slightly in all three regions to 41 eligible for points, while the 2WD class stands at 87, up in the North Island and down slightly in the South Island The Otago Classic Rally attracted a good field of 38 cars, and as they did not complete all stages of the main rally, points gained from this rally have been calculated separately.

TOP QUALIFIERS AFTER TWO ROUNDS: 4WD

59 Leigh Marston from Christchurch – not a lot of competition for Leigh as many South Island drivers do not qualify for the Club Rally Championship

55 Glen Rosser's skill on tarmac gave the Hamilton driver maximum points at Taranaki.

52 Steve Burley also of Hamilton – gained maximum points from his home rally.

48 Steve Scott's new Subaru Impreza brought him success in his home rally, the Taranaki Tarmac rally.

TOP QUALIFIERS AFTER TWO ROUNDS: 2WD

64 Deane Buist from Christchurch has gained maximum points from both rounds. A very serious contender for the Championship title

59 Dave Strong also has a new car this season, a Honda CRX. The Aucklander is chasing the 2WD title to add to his trophy collection.

59 Charlie Evans from Hamilton, a flyer in the Mazda RX7, a finalist in 2001.

59 Brent Rawstron a classic rallyist from Christchurch, will be looking to better his 2001 result.

The final of the Club Rally Championship will again be held in Nelson this year, on the 8th September and this will be a double points scoring event. Supplementary regulations for this rally will be sent direct to you.

REMINDERS for competitors contesting the NZ Club Rally Championship:

- The rules and regulations are included in the Portfolio. If you do not have a copy, it can be downloaded off the Motorsport NZ Website, or obtained from MotorSport NZ Office.
- If you are seriously contesting the Championship, would you please complete and return to me asap, the **Driver Profile** that is included in the Portfolio.
- Names of Crew and towns must be affixed to the rear side windows of your car. Refer to Article 8.2
- **Decals**: The three Regional Rally Series Articles contain regulations on the placement of Series Sponsor decals. Would you please make sure that your decals are affixed in the correct areas.

Best of luck for the rest of the season.

HARBOUR CAPITAL CAR CLUB

invites you to

SMILEY'S WALL TROPHY CAR TRIAL

on

Saturday 20 July 2002

Starts and **finishes** at 15 Major Durie Place, **Waikanae**.
Documentation from **10:00am**, first car away at **10:30am**.
Mid-event **break** at **Levin** – food, petrol and toilets.
First car due to **finish** about **3:00pm**, followed by **afternoon tea** and **results**.
Entry fee **$35** per car.

Entries accepted on the day, but the organisers would appreciate a **phone call** a few days before to help them estimate photocopying and afternoon tea required.

Organisers are **Carol Weston** phone 499 0263 and **John Rapley** phone 562 8356.

Official timepieces are used, but you should still bring a **watch** or **clock** so that you can timekeep.

The trial includes a short **map reading** section – the organisers will supply the map for this. You don't need to bring **maps** of the Kapiti / Horowhenua areas, but you may find them useful.

This is the first daytime interclub car trial in the Wellington region for 8 years – be part of the revival !

You'll be finished in plenty of time to get back to town for the rugby !

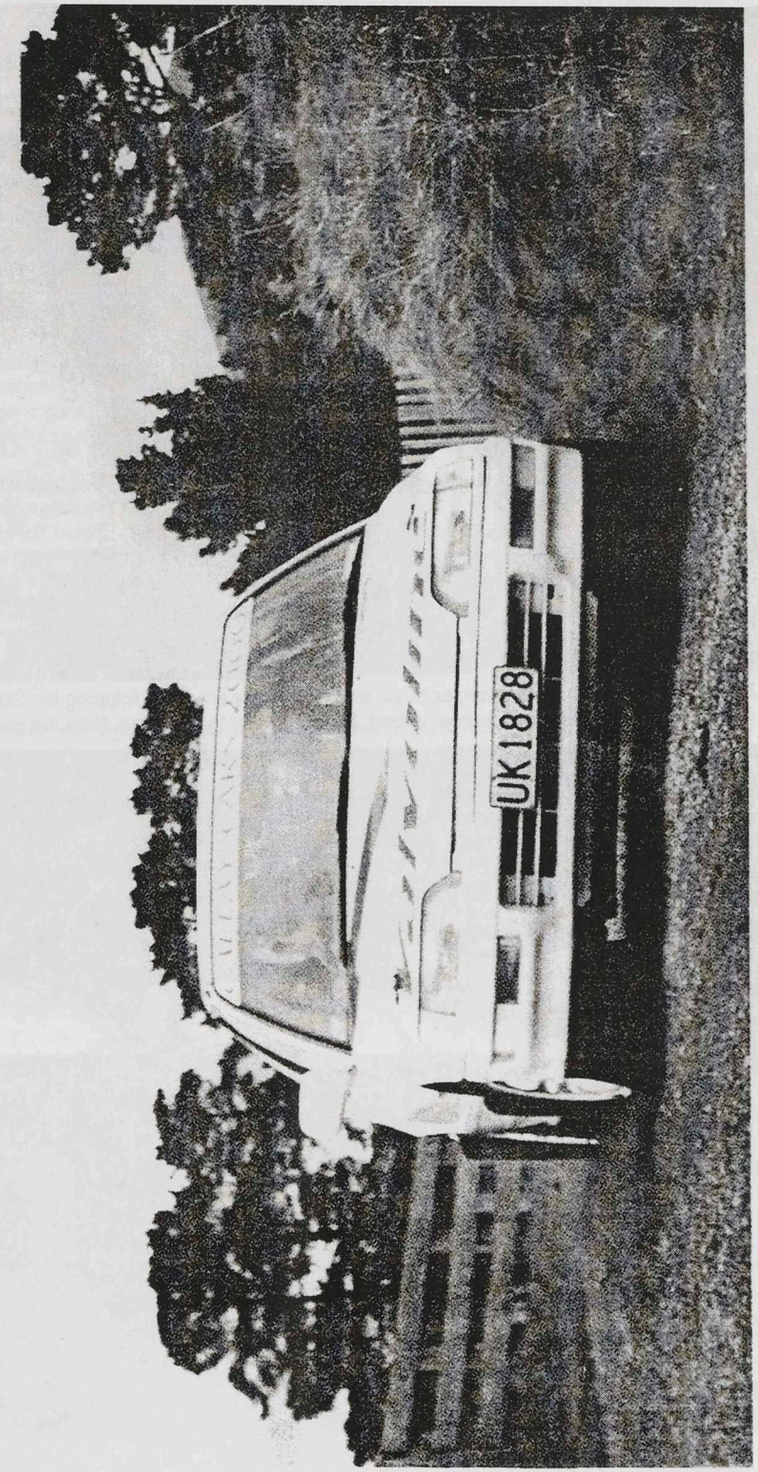

---

*The **Midnite Trial Shield** (last awarded in 1993) will be presented to the highest placed **Harbour Capital Car Club** crew on this event.*

---

*This event is **Round 1** of the **Wellington Motor Sport Association**'s Wall Trophy **interclub series** for 2002. Rounds 2 and 3 are the Gold Star national championship events on 31 August and 1 September. After the end of the series these trophies (last awarded in 1994) will be presented:*

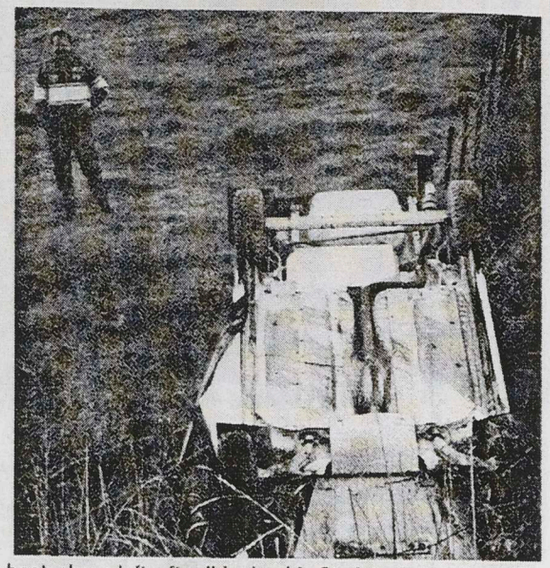

*The **Wall Trophy** – for the winning **club**,*
*The **PME Datsun Cup** – for the winning **driver**,*
*The **VUCC Cup** – for the winning **navigator**,*
*The **All Round Trialling Cup** – for the winning **participant**.*

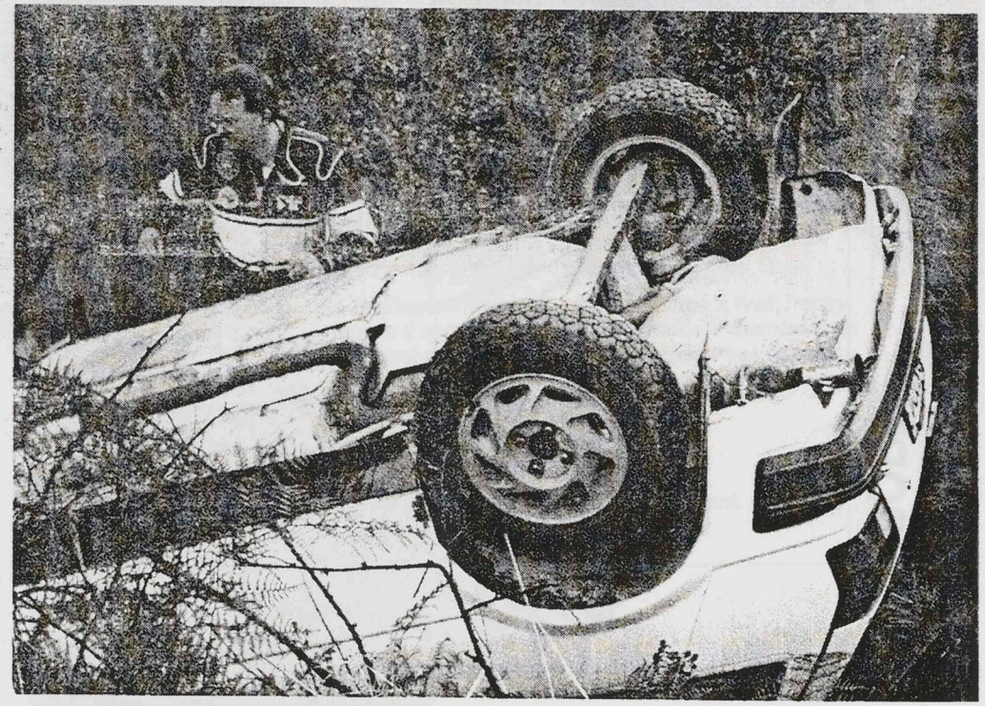

TED CLAY, from Wellington, won the 1301 - 1600cc class in his Honda Civic.

Wairarapa Times-Age 01/05/2002

JOHN CROUCH, from Wellington, exits via the boot, above left, after fl;ipping his Starlet min the first official run. In the other photos, unhurt, he checks out the damage. Note the passenger door.

Tea Creek Gravel Sprint.....Bugger!

I have been competing in the local WMSA Gravel Sprint Series for quite a few years now, and apart from a few brushes with banks and fence-posts, it has generally been incident free. Unfortunately this all changed at the recent Tea Creek Gravel Sprint when I had a little roll down a bank.

For those of you that don't know Tea Creek, it is a gravel hill-climb about 1.8 kilometres in length, held in the foothills of the Tararua Ranges just west of Carterton. It is a fairly straight forward piece of road, but does contain a couple of tricky corner combinations. The one which caught me out is just after the start line, and is a combination of a fast open right-hander which runs into a tight left-hander with a drop of about 4-5 metres on the inside.

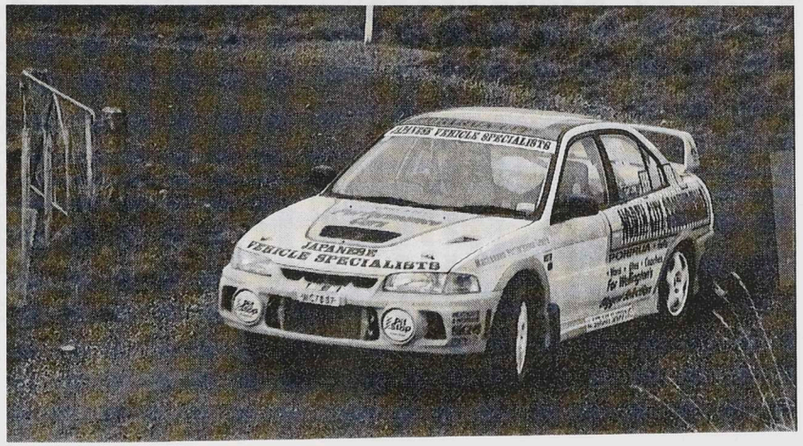

The roll happened on my first official run, and was the result of me trying to maintain speed through the corner by coming out of the faster corner a little quicker and cutting the tight left hander. Well that was the theory, and it seems to work well for Possum Bourne and Colin McRae in their mega-horsepower WRC cars. Unfortunately, as I found out, hanging a front wheel over the edge in a Front-Wheel-Drive 1300cc Starlet doesn't quite have the same affect as in a 4WD turbo-charged WRC car. The net result was a tumble down the bank, ending upside down against a fence (...some might say I was emulating Colin McRae a bit too closely, but I couldn't possibly comment!).

Anyway, the roll cage did its job, and I crawled out the back hatch. The car is not too badly damaged, but does need a new roof, new passenger door, and some other panel beating. Still haven't decided whether to fix it, or possibly re-shell into a later model Starlet. Anyway, I hopefully should be back competing later this year or the start of next year.

Bugger.

John Crouch.

PS I still need a few more rolls to catch up to Gordon Diggle. Perhaps I should have offered him a ride!

Dear Editor
A wee dissertation for the Motoring News.....

Paul announced – We're going out Wednesday night ! "Where to ?'I asked
Night Trial , he said
A what ??
As a novice at any thing to do with motor sport, I was totally in the dark (no pun intended !)
But, a night out with no kids sounded like fun and, a chance to meet new people. Not quite knowing what I was in for, we left home armed with a clipboard, torch and a pen.
We arrived at the Lower Hutt car club rooms and signed in. An explanation from John Rapley of how to read straight line maps left me thinking perhaps a night at home with the kids may have been the better option !!, however the map co ordinate plotting didn't seem too hard. We were given instructions and 1 minute to read them, reading them didn't appear too fazing (these were written clues)and off we went on time to part One. We found our first check board without hassle, but it's no easy task juggling clipboard, torch, pen, clues and Paul muttering what's the time?, what's the next clue ?
After strongly reminding him that I was a night trial virgin, we settled into Part One and completed it 1 minute late, which Paul seemed fairly happy with. Those check boards can be confusing, let alone the cryptics in the clues. Fancy kp/h being wrong ? oops...it's meant to be kph – very stressful stuff to us virgins.
Whew, I was thinking – survived that, how can it get harder, until I was handed two sheets of paper with arrows and lines on it. This is not logical I thought and remained totally confused for ¾ of the first page when mud turned to clear thinking and I began to see the sense of it all. A few reminders to Paul of my virginal status, I was beginning to feel dizzy (and almost a little carsick)going around and around, thank goodness Paul knows what DDDUL means, we finally returned to the Car Club rooms. I was quite surprised how quickly the time passed.
My first words to the very calm Dianne were Coffee ???? as I told her how stressful this had been for me, wait there's more says John, and hands me a map, and co ordinate clues.
We completed the map with only one mistake, this for me was the easiest part of the whole evening.
As each competitor completed the last section we got to socialise at last. Imagine my jaw dropping when I heard the results announced and Paul and I came 3rd out of 17 entrants. We were delighted, but I have to thank Paul as he has the know how to show me how. We'll be back in June for Round 2.
PS For you who don't know DDDUL means, delete the instruction you were doing, delete the next two instructions, do a u turn then next left – Got that ??

HVMC

invites members of WMSA Clubs
to a Stewards Trophy

SEALED MOTORKHANA

WHEN ???
Sunday 14th July 2002

WHERE ???
General Motors Carpark - Upper Hutt
cnr Alexander Rd & Dante Rd - Trentham

TURISMO

TRANSAM

CAR TRIALS 2002

Why not give car trials a go this year?

What's a car trial? It's a navigation and timekeeping exercise, where crews follow instructions to travel around public roads at a set average speed, and points are lost for missing checkpoints and for early or late arrival.

All you need is a road-legal car, a navigator, pens, a clipboard, and a torch. Additional crew members, and local street maps, are an advantage. Bring your family and friends.

Never done a car trial before? No problem! The monthly night trials are an ideal place to start. Contact the organiser beforehand, and we can probably put you in with a seasoned campaigner for your first event. Or just turn up and have a try anyway – and learn as you go.

This year there is a **five round series**, on the evening of the second **Wednesday** of each month from May to September. You don't have to do all rounds – just do as many as you want.

Round 1	**May 8**	**Darryl and Sandra Monk, phone 934 4990**
Round 2	**June 12**	**Barry Lakeman, ph 970 1339, and Eddie Conroy, ph 478 6742**
Round 3	**July 10**	**Ben Stockbridge, phone 472 1716**
Round 4	**August 14**	**Stephen Marks, phone 477 1815**
Round 5	**September 11**	**Cathy and Mike Reid, phone 568 6322**

All rounds in 2002 **start and finish at the Hutt Valley Motorsport Club rooms**, Halford Place (end of Jackson Street), Petone. Documentation from **7 pm**, first car away at 7:30 pm. Running time is approximately 1 hour 30 minutes. Relax over a coffee afterwards.

Entry fee is $10 per car for each round, inclusive of Motorsport NZ levy.

You don't need car club membership for your first two events. After that, only the driver needs to be a member - of any car club in the Wellington Motor Sport Association. No competition licence required.

All participants earn points in each round, and there's a trophy for the winner of the series.

Enquiries to event organisers (above), or the series co-ordinator John Rapley, phone 562 8356.

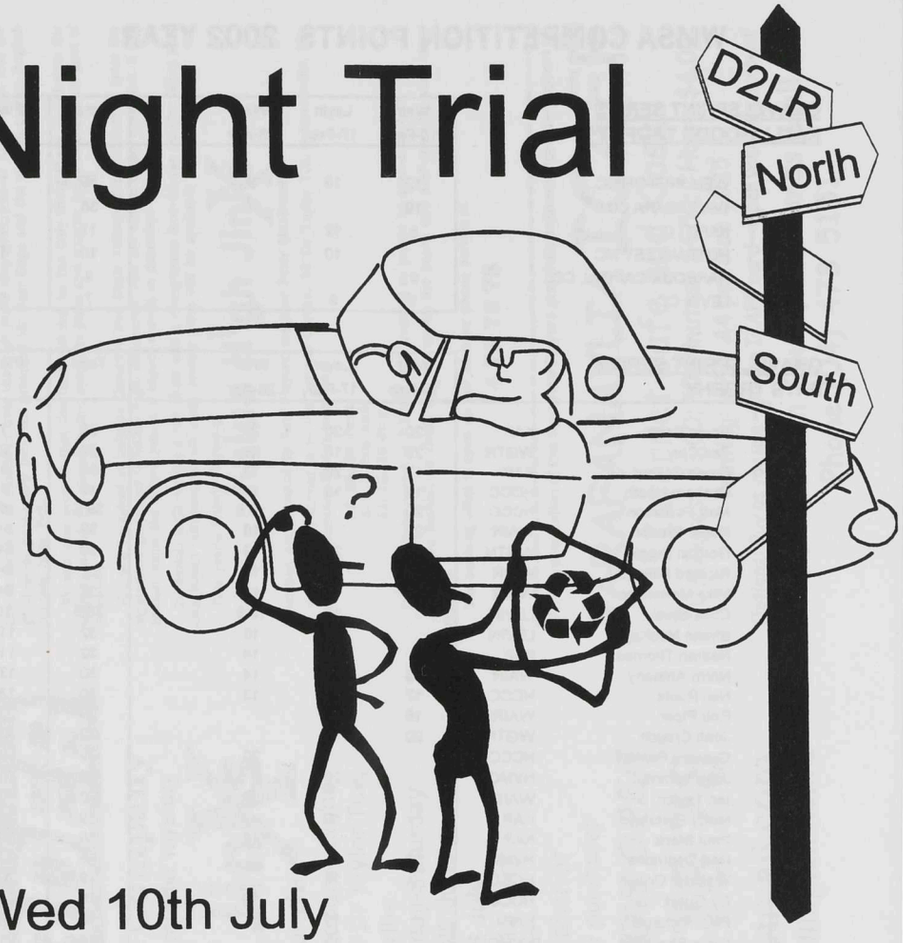

Email john.rapley@parliament.govt.nz to receive updates and information during the year.

DAYTIME EVENTS

And if you're keen to do some daytime events on good country roads, mark these dates in your diary and watch out for further details:

July 20	A three-hour event in the Kapiti/Horowhenua area; round 1 of the local interclub series; organisers Carol Weston ph 499 0263 and John Rapley ph 562 8356.
August 31 & September 1	Five-hour events in the Wairarapa; comprising the national Gold Star championship, also rounds 2 and 3 of the local series; organisers Wayne Gair & Dianne McDonald ph 236 7541, and Paul & Katrina Te Punga ph 586 0689.

Night Trial

Wed 10th July
7pm start
HVMC Clubrooms

$10 entry fee

New Players Theatre Company
presents the *pun*-ishingly hilarious murder mystery

Kalua H'gh Jinks

written and directed by Peter MacKenzie

With a sumptuous four-course dinner
At Terrace Centre, 18 Dr Taylor Tce,
Johnsonville
Thursday-Friday-Saturday
27, 28, 29 June
4, 5, 6 July
11, 12, 13 July

Please be seated by 7.15pm
Tickets $35 includes dinner
(BYO wine — juice available for purchase)

BOOKING OFFICE NOW OPEN
Phone 4 78 78 78
E-mail newplayers@hotmail.com
Website http://newplayers.wellington.net.nz

The organising committee of Kalua High School class of '77 invite you to the
25th anniversary dinner of their graduation day.

New Players Theatre Company invites you to enjoy a *pun*-ishingly hilarious time as the ex-classmates reminisce over the high jinks they got up to at Kalua High and the good times past under their old principal Mr Noel Edge and the ever-so-correct English teacher Miss Pell.

We can also promise that the time will not be the only thing that's past before the evening is out. For there's a jinx upon the Jinks and murder lurks in the chalk dust of academe.

You will be asked to help as Detective Eva Dints collects the evidence to solve the mysterious goings-on at Kalua High. Remember, you too will be under suspicion. If you cannot name the culprit you can expect a spell in detention

To assist, we'll provide a few clues and a sumptuous four-course dinner. Bring your own liquid refreshment, although orange juice will be available for purchase.

This year's Murder Mystery
Kalua H'gh Jinks

is written and directed by New Players' member Peter MacKenzie.

The reunion dinner is at the Terrace Centre, 18 Dr Taylor Tce, Johnsonville. The season is **Thursday-Friday-Saturday**
27, 28, 29 June
4, 5, 6 July and
11, 12, 13 July

Dinner will be served at 7.30pm each evening so please be seated by 7.15.

Places are limited. So chalk this one up on the board now and enrol for your class reunion.

The booking office is open on our 24-hour phone service at
4 78 78 78

For the production of this flyer, New Players gratefully acknowledges the support of

A ROYAL WELCOME ON THE SHORES OF THE RED SEA

Friday, June 21, 2002

DAY 19, JUNE 21st – WADI RUM to AQABA: Finish – 140 kms
The Final Day – 10 Countries – 8,177 kms – 40 special stages

Never has the sea been such a welcome sight for the drivers of 21 cars. The surviving cars and crews that had spent the night in the desert swooped down from their final mountain stage to the welcome sight of the sparkling blue Red Sea.

The Midnight Sun to Red Sea rally, after 20 harrowing days and 8,000 gruelling kms had reached its final destination. Such was the elation that several of the crews leaped in fully clothed for a soggy celebration of their achievement.

HRH Prince Faisal of Jordan, himself a motor sport enthusiast, flagged in the 21 survivors shaking every one by the hand and presenting them with an engraved Finishers Award.

Kiwis Joe McAndrew and Murray Cole who had lead all the way from the first stage in Sweden in their Honda Integra crossed the finish line with a 10 minute lead over the classic V8 Capri Perana of Richard Martin-Hurst and Tony Devantier. Both of them enjoyed trouble free runs.

Graham Lorimer and Jenny Brittan in their Toyota Corolla were third after a Lazerus style come-back where they came close to retiring with rear suspension torn off their car in an accident in the Czech Republic. But a hasty rebuild and drive though the night into Romania saw them arrive at the start line the following morning just in time to take their start. Their third place award was a fitting reward for their 30 hours without sleep.

Caution had been the byword for the competitors over the final 21 km craggy mountain stage. But not for Mark Bowie who trailed Peter Hall by 31 seconds and pressed on hard to turn that deficit into a 9 second advantage and jumped from 10th to 9th place overall. The stage, named The Fat Lady, claimed no victims.

The battle between the Classics and the modern show room GpN cars was resolved with victory for the Honda and two Classics in the top five.

Joe McAndrew's performance was outstanding – he won 24 of the 40 stages and was in the top three 34 times. Other stages winner were Ray Bellm (4), Keith Callinan (4), Richard Martin-Hurst (2), Nick Starkey (2) and Graham Lorimer (1).

For a full results / leader board and stage times, press the "On Event Results" button on the Midnight Sun to Red Sea Home Page.

It is free for WCC members to advertise in the classifieds (non-commercial). Motoring News goes out every month to all WMSA and CRRS clubs (plus a few others).

Wanted: Press releases - do you send these out to your sponsors and / or the media? You could send the editors a copy to print in the magazine (free).

Wanted: Photos for the magazine - state whether you want them returned or they are likely to be cut to size by the editors. Can be brought to clubnight or dropped off to a committee member. You could email them if you have the technology.

For Sale: Datsun P510, 1972 Rally / Hillclimb Car.
Homologated Roll Cage, Mod Engine, Delorto 45mm Carbs, 5-Speed Gearbox, Lock Diff 4.375:1 Ratio, Fibreglass Bonnet, Boot and Guards, Polycarb Windows, Adjustable Front and Rear Suspension. $4500, phone Tony on 04 385 8475 or 0274 977 171.

New members:

Welcome to the following people who have joined the club this month. We hope to see you at a clubnight soon (unless you live in Taupo of course)!

Kim Naylor
Jason Naylor
Neil Rice

Wanted: Toyota Rally Car. Sprinter AE86, DX, TE 27, Coupe or Similar. Registered with logbook and certs. Cage. Must be tidy. Willing to look at high spec. cars minus some parts (LSD, Seats etc). Cash Buyer around $2500. May look at Starlet. Email Russell Dixon: *globalthrill@hotmail.com*

is celebrating its 50th Jubilee.
(So is the Queen).
Celebrations are to be on
the weekend of 19 - 20th of October 2002.
If you are a past member or
you are interested in knowing more contact:
The Secretary,
Taranaki Car Club,
Private Box 704,
New Plymouth.

News from Welsh rallying circles:

Subject: Mutiny Rally Thanks

Dear All,

Firstly many thanks for your help on Saturday 1st June 2002.

It was an "interesting" time with the incidents that seemed to be centred on the Historic section of the event, especially SS5. With a fire engine and air ambulance we had a challenging day which everyone worked together to carry off extremely well. I think I did more stage miles than the competitors!

After the stages closed I know that the recovery units had quite a few recoveries to do, some of the cars well off. I did keep in touch with radio control by phone so know that they were all accomplished and you on your way home by the time we got to Rally HQ that evening.

I tried to at least speak to all the safety crews but if I missed you please accept my apologies. Those units that I did not get bills off if you email them to me I will ensure you are paid by return.

As you are no doubt aware there is a substantial marshals prize fund so please make sure you return the postcard ASAP if you have not already done so. If you did not get a card at sign-on let me have your names and addresses and I will forward them on to be included (they will go in the events marshals database but not be passed on).

The press release is below and the full results can be accessed via the event website at www.mutinyrally.com

We look forward to seeing you next year

Regards

WOODSIDE WINS THE MUTINY!...

Robert Woodside has won the Mutiny National Rally in his Subaru Impreza to give the Ulsterman his maiden British National Rally victory. With Dean Beckett co-driving, he arrived back at the finish of the event in Llandrindod Wells 14 seconds ahead of the hybrid Peugeot Cosworth of runner-up Andy Burton.

Steve Petch was 3rd, giving the Richmond driver his best result to date in the Hyundai Accent WRC, while Kumho National Championship leader Kenny McKinstry (who prepared Woodside's car!) was fourth. Kenny set the fastest time on the opening stage of the day but then had to give best to Woodside on the next and was unable to match his countryman's pace for the rest of the day.

Julian Reynolds took 5th in another Subaru while Mark Perrott, from Leominster, rounded off the top six in his Ford Escort WRC.

The day was punctuated by time-consuming incidents, mostly involving competitors in the Mutiny Historic Challenge and all without serious injury, which ultimately meant that the last couple of stages were cancelled. However, retirements amongst the National crews were few and far between - Jeremy Easson (14) & Kevin Stevens (19) retired their Mitsubishi Lancers but they were the only two of the top twenty starters not to be classified as finishers. Anthony Willmington went on to take his first win in the Mitsubishi Ralliart Evolution Challenge.

Former BTRDA Gold Star champion Martin Meadows won the Mutiny Club Rally in his Proton Satria, seven seconds in front of the Subaru Impreza of Martin Wyeth. A succession of Ford Escorts followed, the first of which was driven by David Young.

In the Mutiny Historic Challenge, Devonian Paul Kynaston put his fearsome Sunbeam Tiger to the front, while the Porsche 911 of Steve Perez was second. The Post Historic section went to the Ford Escort RS1600 of Charles Golding and Stuart Rolt, in another Porsche, was second.

NUMBER: 30036
Implementation Date: Immediate
Issue Date: 29 April 2002

MANUAL AMENDMENT

These amendments have been authorised to the text of MotorSport Manual Edition 30. It is recommended that in addition to retaining a copy of the amendment that all parties modify the text in their Manual according to the following:

APPENDIX THREE - SCHEDULE R - RALLIES

3.6 **Checking of the Route and Special Stages by Officials:**

(b) **Delete existing text and replace with:**
"Entry onto the route by Stewards (and Observers) must take place at the latest 30 minutes before the start time of the final road closing car (Car No. Zero)."

Reason:

To clarify when officials cars may enter a special stage and to bring our regulations into line with the International Sporting Code.

This amendment is issued for MotorSport New Zealand by the Administration.

Kapiti Car Club 25th Anniversary Rally
October 12th 2002.

KAPITI
CAR CLUB INC.

NEWS RELEASE: 26 - 06 - 2002

This event, scheduled to be the fifth & final round of the 2002 Palmside New Zealand Central Region Rally Series has today been cancelled.

Whilst the event was progressing well on an organisational level, circumstances beyond the control of the rally committee have deprived us of the use of a considerable proportion of, already confirmed, special stage mileage.
The recent 'weather bomb' which caused so much destruction on the Coromandel has caused such deterioration on 2 of our prime stages that they are now, neither useable, nor economically repairable.
The same spell of weather alerted the Wellington Regional Council to a potential problem on the access route to another special stage. They, quite correctly, felt they were unable to guarantee our passage through this area in October, which is our wettest month of the year and, on that basis, we were unable to plan further.

At the time of committing to run this event in March we had signed contracts for roads which would have given us 90 kilometres of special stage and we were working on more.
Today, as I write this notice, those stage kilometres have been reduced to approximately 55 which is clearly not enough for a CRRS rally.
Indications are that our efforts to locate more roads in time for the event were proving fruitful but with no absolute certainty our thoughts were directed toward being fair to the sponsors and competitors, who are planning the remainder of their season, and, of course, to the organisers of the Taupo Rally which will now become the final round.

To those of you who have been inconvenienced, please accept my sincere apologies but you can be assured we didn't enter this project lightly and with thousands of hours, and dollars, expended so far the decision to cancel was not an easy one.

The good news is that we continue to enjoy the support of the Wellington Regional Council and our other private road owners who have all promised more high quality forest roading, with adequate access, in time for our June 2003 event.
The Kapiti Rally Committee continues to work tirelessly to ensure next year's event will be of the highest quality and indeed worthy of your support.

Clubrooms and Magazine Details

The clubrooms are situated in Russell Terrace (south end), Newtown.
Committee night is the first Tuesday of every month, except January.
Clubnight is on the third Tuesday of every month, starting at 7.30pm.
Motoring News is published monthly at the very start of the month. The deadline for articles and advertising is the end of the month. We welcome all contributions.
The contents of *Motoring News* do not necessarily represent the views of the Executive Committee. Whilst we do not mind other organisations reproducing any articles we have ownership of, we do insist upon the courtesy of an acknowledgement.
Every effort is made to present accurate information, however, Wellington Car Club and members do not accept responsibility for any inaccuracies. We are unable to accept responsibility for guaranteeing the goods and services advertised.

Editor's Report:

The Club ran an evening for young "performance car enthusiasts". Sue says it's a while since she last stood on a street corner talking to young fellas! Jody Seabright wrote an article about the evening that was published in the DominionPost. If you are going to write anything on this subject for publication please contact Jody first on 477 2262 or *jody@seacoal.co.nz* Thanks to all those involved in lending cars, providing refreshments, sharing their knowledge etc. Shane O'Keefe won a free Driver's Training session

Sue has had a lousy week - Gordon's car was stolen along with his bag which contained his "life" along with the instruction booklet for his new cellphone. It rained at Hastings (A LOT) but he did finish 3rd in class. Results later in the mag. Graeme Penhey was killed in an accident on Haywards Hill road on Saturday. The club sends condolences to his family, friends and Harbour Capital Car Club. Graeme was a great guy who was willing to do anything for motorsport - including working in Wellington Car Club timing crews. He has left a big hole to fill.

The club AGM is in September. It would be great if only one was needed this year - PLEASE come along so we make a quorum this time.

The last issue of Motoring News for those members who's membership isn't renewed will be the next issue (September). 2001/2002 Membership expires 31 July 2002. Please renew yours ASAP if you haven't already done so.

Thought for the month: Cherish every day.

Joke for the month: Did anyone notice the election - who won and will it make any difference?

Bernie's Blurb: (*a.k.a. The Prez Sez*)

Election: No surprises there - I hope we end up with a Minister of Transport who understands and likes motorsport.

Performance Car Enthusiasts (young ones): A very successful night on Cambridge Terrace with these people - spent about three hours chatting (we all know how much Bernie likes to chat) to them, discussing their situation and requirements. We tried to convince as many as possible to try Driver Training. Thanks to Craig Shepherd and Julie for the use of her car despite Julie not knowing. To Smokin' Joe for the use of the Impreza (driven by Gordon who still can't get the smile off his face). To Roger Rowse for bringing his Datsun. To everyone else who turned up to help out or lent a hand behind the scene.

Hawkes Bay Rally: Lousy weather, other than that all went pretty well. Our club-members did well, one even contributed to the motorsport fund. It's not often you lose the top five competitors - certainly opened the field up and made for interesting results. Well done to Richard Mason for a well deserved win. 100 starters, 77 finishers.

Venues: These are still a high priority so if you have any ideas I would love to hear from you.

Kilbirnie is one event we need to kick back into life. Revise the track we can make it work.

Remember the AGM is in September, what do you want, who do you want - please start thinking about it now.

Unfortunately Michelle has resigned as secretary. I am sorry to lose her off the committee. If anyone feels they could help in this or the treasurer's job please contact me.

On a very sad note, Graeme Penhey of Harbour Capital Car Club was killed Saturday 27th in a motoring incident on Haywards Hill. A huge loss to both HCCC and WCC of a guy who lived for his motorsport. If not competing he was organising or helping out at every event he could attend. His funeral service will be held at St Barnabas Church, 106 Mana Esplanade, Paremata, 1pm Friday 2nd September. As a mark of respect a competition car drive-by would be an appropriate send off for Graeme. If you able to be here with your competition car it would be wonderful. Messages can be sent to Graeme's family at 154 Rawhiti Road, Pukerua Bay. No flowers please. On a personal note, Graeme's smile and visits to rally HQ, race control and events will be sorely missed. Race in peace.

Till next time,

Bernie.

CAR TRIALS 2002

Why not give car trials a go this year?

What's a car trial? It's a navigation and timekeeping exercise, where crews follow instructions to travel around public roads at a set average speed, and points are lost for missing checkpoints and for early or late arrival.

All you need is a road-legal car, a navigator, pens, a clipboard, and a torch. Additional crew members, and local street maps, are an advantage. Bring your family and friends.

Never done a car trial before? No problem! The monthly night trials are an ideal place to start. Contact the organiser beforehand, and we can probably put you in with a seasoned campaigner for your first event. Or just turn up and have a try anyway – and learn as you go.

This year there is a **five round series**, on the evening of the second **Wednesday** of each month from May to September. You don't have to do all rounds – just do as many as you want.

Round 1	**May 8**	**Darryl and Sandra Monk, phone 934 4990**
Round 2	**June 12**	**Barry Lakeman, ph 970 1339, and Eddie Conroy, ph 478 6742**
Round 3	**July 10**	**Ben Stockbridge, phone 472 1716**
Round 4	**August 14**	**Stephen Marks, phone 477 1815**
Round 5	**September 11**	**Cathy and Mike Reid, phone 568 6322**

All rounds in 2002 **start and finish at the Hutt Valley Motorsport Club rooms**, Halford Place (end of Jackson Street), Petone. Documentation from **7 pm**, first car away at 7:30 pm. Running time is approximately 1 hour 30 minutes. Relax over a coffee afterwards.

Entry fee is $10 per car for each round, inclusive of Motorsport NZ levy.

You don't need car club membership for your first two events. After that, only the driver needs to be a member - of any car club in the Wellington Motor Sport Association. No competition licence required.

All participants earn points in each round, and there's a trophy for the winner of the series.

Enquiries to event organisers (above), or the series co-ordinator John Rapley, phone 562 8356.

Email john.rapley@parliament.govt.nz to receive updates and information during the year.

DAYTIME EVENTS

And if you're keen to do some daytime events on good country roads, mark these dates in your diary and watch out for further details:

July 20 — A three-hour event in the Kapiti/Horowhenua area; round 1 of the local interclub series; organisers Carol Weston ph 499 0263 and John Rapley ph 562 8356.

August 31 & September 1 — Five-hour events in the Wairarapa; comprising the national Gold Star championship, also rounds 2 and 3 of the local series; organisers Wayne Gair & Dianne McDonald ph 236 7541, and Paul & Katrina Te Punga ph 586 0689.

Clubrooms and Magazine Details

The clubrooms are situated in Russell Terrace (south end), Newtown.
Committee night is the first Tuesday of every month, except January.
Clubnight is on the third Tuesday of every month, starting at 7.30pm.
Motoring News is published monthly at the very start of the month. The deadline for articles and advertising is the end of the month. We welcome all contributions.
The contents of *Motoring News* do not necessarily represent the views of the Executive Committee. Whilst we do not mind other organisations reproducing any articles we have ownership of, we do insist upon the courtesy of an acknowledgement.
Every effort is made to present accurate information, however, Wellington Car Club and members do not accept responsibility for any inaccuracies. We are unable to accept responsibility for guaranteeing the goods and services advertised.

Notice of Annual General Meeting

Notice is hereby given of the 60th Annual General Meeting of the Wellington Car Club (Inc.) to be held at the clubrooms Russell Terrace, Newtown, Wellington on

Tuesday 17 September 2002
commencing at 7.30 pm.

AGENDA:

1. *Confirmation of the Minutes of the 59th Annual General Meeting*
2. *President's Report*
3. *Approval of Accounts for the year ending 31July 2002*
4. *Membership Fees*
5. *Election of Office Bearers*
6. *General Business*

Members unable to attend the Annual General Meeting may make written nominations of members for election as officers of the club. The member nominated must accept the nomination either in writing (form below) or personally at the meeting otherwise the nomination will not be accepted. A member unable to attend may appoint a proxy to vote for him/her.
Written nominations or proxy appointments must be received by The Secretary, three days prior to the date of the meeting. Post to Private Box 5142, WELLINGTON
Only current financial members are eligible to vote or appoint a proxy.

Light supper will be provided & Bar will be open

Bernie's Blurb: (*a.k.a. The Prez Sez*)

Another interesting month has flown by. Seems like the last bulletin was done yesterday.

Thanks to Joe for his talk at last clubnight.

John Lucas and team ran another successful Driver Training Day. Judging by the number of phone calls I have answered and the letters, it was well received by all who attended. Hearty thanks to everyone who was involved. This is a tremendous way to bring in new members and for all involved to have a ball.

Went off to Taupo Rally with Sue last weekend. Weather was OK on the way until we hit Turangi. Later it poured down, right through the night and showered all day. Miserable for the service crews and certainly made for interesting off-road excursions in the special stages. Torrential rain on Sat night (streams through the marquee) which carried on till the last car started on the last stage. Cleared up and sun shone until we hit Turangi where it started raining again until we passed thru Hunterville, finally clearing up when we came close to home.

We started 72 on Saturday afternoon, finished 51 officially with another 6 (rejoins) completing the course on Sunday afternoon. The attrition rate was pretty high, 2 blown motors and 2 rolls in SS1. Many suffered suspension damage which caused broken gearboxes and axles. Saturday night was excellent with Taupo Club setting up a huge marquee at the track. The horizontal bungy was run in here, alongside the spit roasted pig and *cheap* booze. Instead of the usual ripping off by the caterers, the club provided the service themselves (just like the old days). Well done Alan Barnes and team. See results later in bulletin.

Venues: These are still a high priority so if you have any ideas, don't hide, get yourself along to a committee meeting. We would love to hear from you.

Kilbirnie is one event we are working towards making happen again. We can make it work if more of you become involved.

AGM Is this month. Please, please make a serious attempt to attend. -- **YOU ARE THE CLUB** --

What do you want, who do you want - please start thinking about it now. If you cannot attend, make sure you send in your proxy.

Targa officials have been to town and require 20 to 25 block and safety marshals for Shelly Bay. This will be on a first in - best view basis. Sue is co-ordinating, so contact her soon. This effort will raise funding for the club and give some great viewing of the 227 entries (at 30 second intervals).

Off to Nelson on the 6th for the final round of the Clubsport Rally Championship. Has to be one of my favourite locations - laid back rallying.

Till next time,

Bernie.

Competitor Coaching Day 3rd August Manfield Back Track

completed

Today I received in the mail a laminated certificate of achievement signed by the president of the Wellington Car Club which certified I had successfully the competitor coaching day. The memories of that day spent zooming around the track came flooding back…

I had done the previous track day and thought I'd do it again. This time the attraction was the dual sprints at the end of the day.

Tony Oliver introduced us to the competitor coaching day and told us what we'd learn and what the safety rules were. The other instructors and organisers helped him. They set the tone that made the day low-key and fun.

After the talk the instructors co-piloted us round the track and showed us braking points, apexes and lines through corners. Each one of us had three different instructors to talk us round and each instructor had a slightly different view of the track. That gave us a chance to try different approaches to corners, which is always fun. Tony was in the co-driver's seat when I drove us off the track on both sides, one after the other. My only defence is that I was under instruction. Went wide in a tightening corner, onto the grass, overcorrected, drove across the track onto the other grass, straightened up, and back on the track. Maybe I'll make a rally driver after all.

We broke for lunch that Sue Diggle had prepared. We ate ham and vegetable soup, sausage rolls, open sandwiches and apples. It was very nice.

We went back out trackside and learnt emergency braking, moose-testing, and how to find a late apex at the hairpin. We circulated round these tests until we'd got everything right at least once. Some people had a negative reaction time, in other words, they braked before the flagman signalled to do so. Some of us with ABS found that the braking was better if you didn't engage the ABS. This is the first time that this has happened to me, normally it's been useful.

The organisers made a safety decision to have single car sprints not dual sprints which made sense due to the width of track, tightness of corners and the driving level of us beginners.

Some people with sense called it a day at that stage. The rest of us threw fuel, rubber and brake pads to the wind and had a go at the sprints. Everyone looked like they had fun. My worst corner is still the hairpin and the hairpin marshal watched my attempts and gave me some excellent advice on getting round it.

The things I learnt from the day was to enter the corners even slower and that driving out of the second half of the corner was just as important as hitting the apex. The net result of all the track advice was to reduce my lap times by 5 seconds since last time. Tony gave advice to drive smoothly. I'm naturally a lurcher and slider so it will take a while before I learn that particular technique.

We did 3 laps and a warm down lap. There were about 15 cars for the sprint so we got to circulate heaps of times. No sooner had you warmed down, parked the car and stepped out to chat than it seemed like you got back out onto the track again.

We had a debriefing in the Manawatu Car Clubrooms where Jody and Sue read out our times. They handed out chocolate fish for notable events like doing the best slide. There were some young guys there who hadn't been before. They didn't give much away but it looked to me like they had a good time. The aim of the training day was to entice more people off the streets onto the track and it was successful. I think there were 6-8 new people who hadn't done a competitor coaching day before or been on a track.

I enjoyed the day and I want to thank John Lucas and everyone else who made it such a great day.

Alan Groves

CAR TRIALS 2002

Why not give car trials a go this year?

What's a car trial? It's a navigation and timekeeping exercise, where crews follow instructions to travel around public roads at a set average speed, and points are lost for missing checkpoints and for early or late arrival.

All you need is a road-legal car, a navigator, pens, a clipboard, and a torch. Additional crew members, and local street maps, are an advantage. Bring your family and friends.

Never done a car trial before? No problem! The monthly night trials are an ideal place to start. Contact the organiser beforehand, and we can probably put you in with a seasoned campaigner for your first event. Or just turn up and have a try anyway – and learn as you go.

This year there is a **five round series**, on the evening of the second **Wednesday** of each month from May to September. You don't have to do all rounds – just do as many as you want.

Round 1	**May 8**	**Darryl and Sandra Monk, phone 934 4990**
Round 2	**June 12**	**Barry Lakeman, ph 970 1339, and Eddie Conroy, ph 478 6742**
Round 3	**July 10**	**Ben Stockbridge, phone 472 1716**
Round 4	**August 14**	**Stephen Marks, phone 477 1815**
Round 5	**September 11**	**Cathy and Mike Reid, phone 568 6322**

All rounds in 2002 **start and finish at the Hutt Valley Motorsport Club rooms**, Halford Place (end of Jackson Street), Petone. Documentation from **7 pm**, first car away at 7:30 pm. Running time is approximately 1 hour 30 minutes. Relax over a coffee afterwards.

Entry fee is $10 per car for each round, inclusive of Motorsport NZ levy.

You don't need car club membership for your first two events. After that, only the driver needs to be a member - of any car club in the Wellington Motor Sport Association. No competition licence required.

All participants earn points in each round, and there's a trophy for the winner of the series.

Enquiries to event organisers (above), or the series co-ordinator John Rapley, phone 562 8356.

Email john.rapley@parliament.govt.nz to receive updates and information during the year.

DAYTIME EVENTS

And if you're keen to do some daytime events on good country roads, mark these dates in your diary and watch out for further details:

July 20	A three-hour event in the Kapiti/Horowhenua area; round 1 of the local interclub series; organisers Carol Weston ph 499 0263 and John Rapley ph 562 8356.
August 31 & September 1	Five-hour events in the Wairarapa; comprising the national Gold Star championship, also rounds 2 and 3 of the local series; organisers Wayne Gair & Dianne McDonald ph 236 7541, and Paul & Katrina Te Punga ph 586 0689.

SPONSOR

Dear Competitors/Clubs/Organisers

Thank you all for supporting the 2002 PALMSIDE NZ Central Region Rally Series.
It may have been a shortened series, but the competition was very close, with the potential winner coming from any of the five classes.

Congratulations to all the prizewinners – especially to Grant Blackberry and Belinda Hatton on winning the Series in only their second year of competition. It couldn't have been closer for runner-up with a countback necessary between Wayne Parker and Euan Fuge. This went Euan's way, while Wayne had the honour of winning the final rally of the series.

This year we again saw a large number of rookies entered, and some serious competition right to the end, with Brent Newton taking the honours. I'm sure the discounted entry fees for next year will see this young driver back and even more competitive. There seems to have been a lot of carnage over the four rounds which saw a number of competitors fall by the wayside, but fortunately there were no serious injuries, just some rather sad looking cars.

Sanctioning the Series and the change of eligibility for Class E has certainly been a good move as there has been harmony in all classes this year and the series has run smoothly.

Having PALMSIDE NZ as sponsor for 2002, and the Prize Draws at each round, has seen a greater attendance at prizegiving. This is good, as it shows support and appreciation for the sponsors and rally organisers who make the events happen for you.

Special thanks to Deane Buist from PALMSIDE NZ for his contribution to our Series. Deane along with his associated sponsors, Chinane Clothing, Toyo Tyres, Silverstone Tyres, and Jamex Seats have made a huge contribution to the series. Deane passes on his thanks to you the competitors for supporting him, which has in turn resulted in PALMSIDE NZ's decision to **continue with a sponsorship deal for 2003**. Thank you Deane, we look forward to working with you again.

The MotorSport NZ website has been a very useful source of information this year and will continue to be so as long as everyone supplies Trudie with the information. A number of clubs now have their own website which is good and a link has be made between them and the motorsport nz site.

Best of luck to all competitors competing in the final of the NZ Club Rally Championship next weekend, and Rally NZ later in the year.

That about wraps up the Series, except for the AGM of the Central Region Rally Panel to be held on 28 Sept. See attached details. Remember, this is your series, so come along a have your say on how you want it to progress. We should have a five round series next year, but there are no confirmed dates at time of going to print due to the possible date change for Rally NZ & the AP Round next year.

As Co-ordinator of the Series I would like to thank all the Central Region Rally Panel, the competitors, organisers, helpers and supporters for again making it all happen, and to Graham for his moral support throughout the season.

Regards

Margaret Thompson
Series Co-ordinator

re: The Ashley Stichbury Memorial Trust

On Friday May 17 this year the New Zealand motorsport fraternity lost a friend and fellow enthusiast in Ashley James Stichbury.

The recently crowned New Zealand V8 Touring Car champion and two-time former New Zealand Formula Ford champion died as a result of a brain haemorrhage. He was just 30 years old.

Many of you will have met and got to know Ashley, whether as a teenager racing a Kart, a young man racing a Formula Ford or an adult making his way in both the business and motor racing worlds. Others will have simply enjoyed watching his race craft as he drove single-seaters, TranZams and V8 Touring Cars. Ashley was one of 'The Good Guys' and we are all feeling his loss keenly.

When something like this happens, we all wonder what we can do.

A group of us - led by Peter Martin and comprising Owen Evans, Richard Giltrap, John Fisher and myself - felt that the best way to remember 'Stich was to set up a Trust to benefit his wife Anna and their baby son Zac. Anna, and Ashley's parents Paul and Susan-Jane Stichbury agreed that this was a good idea and The Ashley Stichbury Memorial Trust was born.

I would like you to consider making a donation to the trust - either as a club or as individuals.

Donations by way of cheque can be made to;

The Ashley Stichbury Memorial Trust
C/o Fisher Business Advisory Services Ltd
P O Box 3491
AUCKLAND

A receipt and thank you card will be issued

You can also donate $20 (or more if you ring several times) by telephoning 0900 STICH (78 424) Each time you telephone the number $20 is automatically deducted from your telephone number.

Ashley gave his all for his motor racing and he will be remembered as a fearless competitor, a loving son, brother, husband and father - and a very good friend! Any support you can offer in this matter would be greatly appreciated.

Yours sincerely

Ross MacKay
on behalf of The Ashley Stichbury Memorial Trust

Clubrooms and Magazine Details

The clubrooms are situated in Russell Terrace (south end), Newtown.
Committee night is the first Tuesday of every month, except January.
Clubnight is on the third Tuesday of every month, starting at 7.30pm.
Motoring News is published monthly at the very start of the month. The deadline for articles and advertising is the end of the month. We welcome all contributions.
The contents of *Motoring News* do not necessarily represent the views of the Executive Committee. Whilst we do not mind other organisations reproducing any articles we have ownership of, we do insist upon the courtesy of an acknowledgement.
Every effort is made to present accurate information, however, Wellington Car Club and members do not accept responsibility for any inaccuracies. We are unable to accept responsibility for guaranteeing the goods and services advertised.

PRESIDENT'S REPORT 2002

It is my pleasure to present the annual report for the year 2001 – 2002 to my fellow club members.

General
Wellington Car Club has had an excellent year with steady increase of new members and well run events

Financial
The club is in a fairly healthy financial situation at present. Please refer to Treasurers' report.
We have our funding application in for next year's Shelly Bay /Alexander Rd. Approval has been granted so the event planning is underway. The organisation is considerably easier with the costs already underwritten,
This year's event was profitable thanks to the sponsorship and advertising deal arranged by Nathan Ewart. Club members and competitors owe him a large vote of thanks.

Membership
Presently stable at 82, the numbers have quietly increased during as the year as a result of Driver Training and additional publicity. There are still around 40 members who have not yet renewed their subs. Hopefully these will be forthcoming shortly. Thank you to Sue and Karin for taking on this task.
The drive to attract new members will be in the hands of the incoming committee, but all members need to work actively on bringing new people on board.

Clubrooms
We are still in possession of the rooms. No moves have yet been made to sell or relocate. There is a strong possibility that we may secure some council land for a club track venue. If this does come to pass, we should seriously look at raising funds to relocate and make more frequent use of our facility.
We are also presently negotiating with four other clubs for them to use the clubrooms for their club meetings. The income will assist with the annual running costs of the building. Members will be notified through the bulletin when negotiations are completed.
We have rented it out for social events without any problems.
Deferred maintenance will have to be addressed over the coming summer. The exterior needs cleaning and repainting. The interior needs tidying up and hopefully a fresh coat of paint to uplift members and visitors. Would a member be interested in overseeing this work, including setting up the funding application and following through.

Equipment
Maintenance costs have reduced this year with rally signage being sold off to Taihape Club. The upside of the sale was the huge reduction in our insurance premium.
Funding applications are in place for new equipment. I understand that these have been approved and awaitng confirmation by mail. Among our requirements are new safety vests, road cones, fire extinguishers, flags and radios.

Clubnights
These were mainly organised by Sue. Every night had a different theme, from engine management to films to suspension to "what happened on the World Marathon Rally" (aka) – the saga of Murray Cole's Gold card and how it was swiped to within an inch of its life through 20 countries in 40 days.
Generally clubnights were well attended, on average 16 members. Opinions have to be

canvassed on whether to continue or not.

Events
Shelly Bay and *Alexandra Road* Weekend was very successful this year. Saturday's turnout of 40+ for Shelly Bay left room for more, but those who braved the blustery showers certainly enjoyed their day.
The numbers may well have been higher, but the introduction of compulsory roll-cages may have unfortunately excluded some previous competitors. I apologise to anyone this may have affected. However, in the interests of safety, this decision will stand.
Sunday morning at *Alexandra Rd* found better weather which ensured a full house 60+ for an enjoyable and exciting day's racing. With only two mishaps, the day ran pretty smoothly. A huge thanks to all who helped with the taping, signage, barriers and clean up etc. We are extremely fortunate to secure the services of Upper Hutt Rescue for our First Aid coverage. The event must be popular with them as the same faces have showed up to be involved for two years running, even down to helping with marshalling duties.
My thanks to Paul, Nathan, Michelle and Sue for the great efforts they put in to make these events so successful. I hope that they will all be back for the next installment.
The good news is that CopperFaceJacks have confirmed their involvement and continued sponsorship.

Rally
The club is also the proud holder of the Central Region Rally Series Club Cup, in conjunction with Taihape. Thanks to the brave efforts of our Class B competitors, Tony Dixon and Gordon Diggle who both finished the season well. Tony won the class with Gordon finishing third overall.
Unfortunately the hoped-for Kapiti Rally was not to be this season. However.
the WMSA clubs have decided to run a round of the Central Region Rally Series.
The date is yet to be confirmed as everything hinges on the FIA settling the World Rally Championship dates. Please give the rally organisers as much help as possible as this will be the major event next year. We need approximately 150 people in the field to make it happen, so let's all get behind the effort.
Targa is also coming to town on Saturday 3rd November. The final stage will be at Shelly Bay. The club has been asked to provide block and safety marshals for this

Venues
The search for new venues is still ongoing. Preliminary discussions have been held with WCC regarding use of a large carpark for motorkhanas and various roads for sprints. More on these as negotiations progress.

Personnel
It was my honour and pleasure to announce Sue Diggle's Life Membership at the WMSA prizegiving.
A just reward for all the years Sue has put into working bees, administration, organising clubnights, flying the flag at all CRRS rallies and jointly running the membership and bulletin publication with Karin and generally pushing me along.
Thank you Sue, from all of us who have worked with you over the past .

Sincere thanks to the committee members who really put the effort in this year. Your work has certainly placed the club on a strong footing.
Michelle and Andrew both retired earlier this year. Michelle is moving back to Wanganui and Andrew is off to visit Mother England. Thank you both for your time and efforts.
All but three are willing to stand again, but with the up coming work load more are required.
Fortunately some of those retiring this year will carry on their work. Paul Taylor will work on the speed committee and Edwin will maintain the website.
I would also like to record our thanks to Barry Carrington for his work as club scrutineer. He is off to the sunnier climes of the Hawkes Bay to manage a new branch for Brendon Motors. Thank you all again.
I would also like to welcome Rochelle Moore back into the fold. She has previous committee experience as club and rally treasurer and is standing for that position this year. Thank you Rochelle.

Qualifications
Four of the committee qualified for Clubsport Organisers Warrants this year. This gives us the assurance that we will have a consistent level of event organisation and management. Thanks to you all for your time and effort.
As the club has not had a Warranted Clerk of Course for some years, Nathan Ewart recently attended a Clerk of Course seminar in Christchurch. His warrant should be issued in due course.

Bulletin
Thanks to Sue and Karin for the bulletin preparation. Comments from my travels around the country suggest it is read regularly in many and varied locations.
Articles and photos contributed by members are appreciated. If you have any interesting stories, photos, rumours or associated material, please send it in. After all the magazine is for your edification, enlightenment and entertainment.

New competition
I am happy to announce that discussions with Dunlop have been successful and they will be the major sponsor of a challenge series next year, The format will be similar to the Toyo Challenge in Auckland.
It will be held over four rounds, motorkhana, autocross or trial, sprint and hillclimb.
Class and overall points are awarded. Prize will be a sets of Dunlop goodies, with real $$$ and product.

Thank you for you attendance and I wish you safe and happy motoring.
Bernie Keith

Driver Training Days have been very successful. From reasonable beginnings they have attracted a dedicated following.
Well organised by John Lucas and Sue Diggle, ably supported by Joe M^{c}Andrew, Tony Oliver, Iain Mollison, Alan Harvie, Mike Galvin, Gordon Diggle, Nathan Ewart, Wayne Gair and Ken Cuttle, these days have on a life of their own.
Many thanks to the "engine-room crew" for their valuable time and efforts to promote safe and enjoyable driving.
The next training day is November 30th on the Big Track at Manfeild. If you intend to take part in this please book in with John asap.

Upcoming Events:

October 13th	Bathurst
October 15th	Clubnight; Tales from Rally of New Zealand
October 20	Intermarque Trail; H.Capital
October 27	Port Rd; Hutt Valley
October 28	Motorkhana; Levin/H. Capital
October 28th / 3rd Nov	Targa Rally; Marshals still needed – see advert.
November 9/10th	Aussie V8s; Pukehoke
November 16/17th	Race; Whittakers - Manfeild
November 19th	Clubnight; Race Forum
November 23rd	Gravel Sprint; Gladstone Road, Levin
November 24th	Auto-X; Donnelly Park, Levin
November 30th	Competitor Coaching, Big-Track, Manfeild, WCC
December 1st	Gravel Sprint; Dorsets Road, Wairarapa
December 17th	Clubnight; Little People's Party
December 25th	Reindeer Race – SLH. Ring Wayne Gair for details.

2002 Palmside NZ Central Region Rally Series

Series Co-ordinator's Report

An increase of two in the number of competitors, saw the Series reach an all-time high of 125 registered – 72 drivers & 53 co-drivers. An indication that rallying is very much alive in the Central Region.

This year the Series was shortened to four rounds with the Kapiti round being cancelled, but it was in the best interests of their club and the CRRS to cancel the rally rather than run a sub-standard event.
The teams of organisers running rallies must be commended for their dedication as time is very precious now and there seems to be less hours in the day to do all what is required. The backbones behind each rally put so much of their own and work time into organising the events and a big thank you must go to you all. Without you and your team of helpers there would be no Series.

This year we had a new sponsor, with Deane Buist of Palmside NZ offering to sponsor the series the day following the 2001 prizegiving. Deane and his co-sponsors, Chicane Clothing, Simon Curry Ltd, Toyo Tyres, Silverstone Tyres and Jamex Seats provided a prize package for the competitors of almost $5000. As well as this Deane also supplied all the cloth logos, decals and paid the postage for mailouts. In total the 2002 sponsorship package was worth around $7,000. Residing in Christchurch, it was not possible for Deane to attend each round but he did make it to Round 3 at Hawkes Bay, not only as the sponsor but a competitor as well. On behalf of everyone involved with the Series I would like to thank Palmside NZ very much for their commitment to the CRRS in 2002.

Speedsport Magazine also made a big contribution to our series, (approx $800) in providing four 6-month subscriptions to Speedsport at each round, for rally helpers. I know that this has been greatly received by the recipients, too often they receive nothing in return for their huge input.

NZ wide publicity this year has been quite good, with Mike Stock – Auto Trader giving a comprehensive coverage before and after each event. I have supplied Mike with info on each of your events, even though some of you had also. It is better to have too much than not enough. Speedsport has also given us coverage, but unfortunately their deadline coincided with each of our rounds and space was limited. Mike Beauchamp from MotorSport Central has again provided very good coverage, once again though it is up to the organising clubs to keep him informed.

The MotorSport NZ Website has been a huge success this year with rally information. Trudie Cooper is willing to publish as much as you can give her on your events. More and more clubs are setting up their own Websites which is good, and a link has been made from the Motorsport NZ site to them.

Rally HQ has been controlled by Bernie Keith at all rounds and the Results compiled by Chris Parker and Charlotte Reihana, thank you all for your dedication to the series. A couple off HQ facilities have not been entirely satisfactory for Bernie and Chris this year with their location and lack of restriction of people entering the room, which affects their concentration. This is something to be considered before next season. Information to Officials has also been too late in some cases, especially with extra reading required of the Safety Plans. As a past organiser I know that we

like to print as late as possible, and sometimes this cannot be avoided due to changes having to be made. I would ask organisers next year to please keep your Officials informed as early as possible. With many giving their support to a number of clubs, it is imperative they know well in advance of how much time off work, if any, is required to get to your event. Time and money doesn't seem to stretch as far any more.

Attendances at prizegivings have been very good this year, probably due to competitors having to be present to collect a Palmside Prizedraw, and the attention given to speakers and prizewinners has certainly improved. A contributing factor to this has been the extra seating and a meal with prizegivings.

With round four at Taupo becoming the final round, the Annual Prizegiving this year was held immediately following their rally. With the large number of registered competitors and the closeness of competition; there was not sufficient time between rally finish and prizegiving. While I am very grateful to the help given to do the final points, mistakes were still made due to the haste of getting them done. I do not have a laptop computer, so all calculations had to be done manually and prize lists hand written. Time for the final prizegiving is something we must look at closely for next year.

With the introduction of the Eligibility Form for Class E , I have not heard a 'peep' out of any competitor, in fact a couple of 2WD competitors changed class midseason as they found their cc ratings were above the class limit.

Seeding this year has been reasonably accurate but some clubs are still re-seeding their local drivers too high and not notifying the CR Seeding Officer (Grant Brodie) of changes to the seeded list. While the Clerk of the Course has the final say it would be appreciated if the seeding officer is notified of any changes so his records can also be changed.

Finally thanks to my husband Graham for his help and support, which was especially needed this year with our shift from Gisborne and my difficulty in settling in a new town. Thank you also Mike Gibbs for your support, all the officials and timing crews the series could not have proceeded without your help. To the clubs that have provided accommodation and meals, thank you. Competitors, you have been a great bunch this year; the friendliness of the Central Region has been very obvious at any event you have entered in either of the 3 regional series.

I wish everyone a very successful 2003.

Margaret Thompson
Central Region Rally Series - Co-ordinator
26/9/2002

Clubnight: October 15th:

Stories from Rally New Zealand Competitors and Spectators.

Venue: Wellington Carclub Clubrooms
Russell Terrace, Newtown.
7.30 Start.

PROPOSED CLASSIC MOTOR RACING SERIES

Are you tired of Sprint races?

Are you sick of Clubman events where entries cover all comers and speed differences are huge?

Are you interested in racing your Classic car over summer amongst fellow enthusiasts under sensible rules and at reasonable cost?

We may have the series for you!

Our aim is to:
Promote Classic motor racing over summer (and winter if you participate!).
To provide Classic motor racers with a larger number of events to participate in rather then the current two official "classic" events that are run.
To race at Manfeild and possibly Taupo to attract those of you from the central and lower North Island.
To provide a set of rules that will allow all manner of classic cars to participate to a criteria that best suits the spirit of Classic motor racing.
To enable Classic car owners to race at summer series events and show that we can provide close, trouble free, and crowd pleasing racing.
To provide grids of 23 or more every time we race.

We are keen to promote a series, not a big dollar class, just a bunch of people who enjoy racing their cars and having a bit of social interaction with other like minded racers.

Will you join us?

If enough classic racers get behind us we may be able to source sponsorship to assist the enjoyment of the events.
We are keen to get this launched as soon as possible, so signify your interest now!
Rules and regulations are being put together to ensure that all manner of classic cars can participate to a criteria that best suits the spirit of Classic motor racing.

Contact either of us by phone or email to find out more or to signify your interest in taking part.

Hamilton, 2001

Re: In-car video recording system

Dear Sir/Madam,

I have started up a small company in Hamilton as I believe that I have a product that will be of interest to many rally and racing enthusiasts around New Zealand. My company, Nymick RaceGear, has initially produced a DIY kit to enable the average rally team the ability to install and run a high quality in-car video recording system. The kit was designed around my own needs as I have wanted to take in-car video in a rally car for some time, but my previous attempts at using a camcorder in the car did not produce very good results.

The system I provide contains an external pencil camera lens that is small and lightweight and is easily attached to a roll-cage or the dash. The kit also includes a computerised control unit that we have developed in Hamilton. This control unit is the heart of the system. It allows the driver or navigator complete control over the recording process with a flick of a single switch. The control unit instructs a Sony Handycam (mounted at the rear of the car in a camera bag), to begin and end recording so that only the real action is recorded to tape, and not all the waiting around in between stages. The control unit displays how much tape is left in the Handycam so that the pit-crew can quickly decide whether or not a new tape needs to be loaded into the Handycam.

I have used the system in my car successfully. Also Kerry Evans, a Waikato National Championship competitor, has purchased the system and has used it in the recent Hawkes Bay rally much to his satisfaction.

The system we sell costs $1299 inclusive of GST. It contains all the cables and instructions needed for installation. The only extra equipment that needs to be provided by the buyer is a recent Sony branded Handycam with A/V in recording capability. This Handycam will allow high quality digitally recorded images to be stored to Digital-8 tape or even Mini-DV tape. A suitable Handycam, the Sony DCRTRV240E, is available for $1699 inclusive of GST from many home appliance retailers. The results can be stunning!

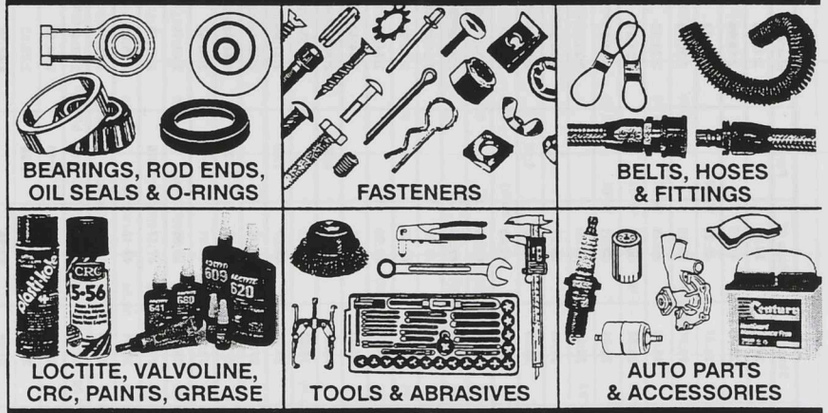

Please find enclosed two copies of our brochure. We would be grateful if you could let people in you club know about our system. Possibly 2-3 people might want to share a system and move it between the cars. Our web-site also contains lots of pictures of the system.

Thanks,

Nick Body

Clubnight: November 19th:

Race Forum

Venue: Wellington Carclub Clubrooms
Russell Terrace, Newtown.
7.30 Start.

PRODRIVE

October 2002

PRODRIVE is in the Wellington area on the October weekends of 12-13, 19-20, and 26-27 and possibly November 2-3.

- Prodrive will be run at Hutt Park Raceway, Seaview, possibly for the last time because the site is to be redeveloped
- The time of day is approximately 9:00am to 4:30 depending on numbers of college students needing trained.
- Wayne Gair has the memory aid sheet for the training programme and this helps.
- If the weather is really grotty, you will be advised if the day's activities are postponed.

Could previous tutors please advise their availablity. There will be a training/catchup session before you see the students!

Could others interested in helping to tutor:

- Please Email or ring me if you would like to help.
- Please leave your name and number on my answerphone if I am not there.

Contact: Dianne McDonald phone: (04) 236 7541 or email: diannem@ihug.co.nz

Ever wanted to drive fast - legally?

Wellington Car Club
are running a competitor
coaching day, followed by a
dual-car sprint
at the 'Big-track',
Manfield, Feilding.

PROMOTE YOUR EVENTS ON NATIONAL TV FOR FREE!

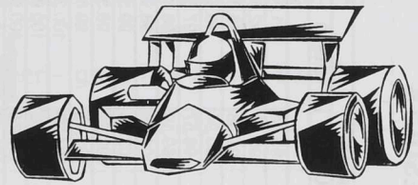

Q. How do you promote your local motorsport event on TV for FREE?

A. Send Jody the details, at least 3 weeks before the event.

Couldn't be simpler.

But who is Jody you ask?

A volunteer working to help promote motorsport.
I don't work for TVNZ, but compile a list of events each week and send it to them and to RadioSport. They then advertise our events for free. This is my contribution to the sport I love.

My Contact Details are

Jody Seabright
63 Ohariu Road
Johnsonville
Wellington

Ph (04) 477 2262 (h)

E-mail heathers@ihug.co.nz

So, if you want your event promoted on the Shell Helix Motorsport Show and RadioSport, then send me all of the details.

A big thank you to all of the people and clubs who do send me regular info. Your help is appreciated!!

If you don't already send me info then put my details on your database for when you send out the event regs, or better still send me a copy of your club magazine. It's automatic that way, no thinking required.

Also, keep sending, phoning, and e-mailing your support for motorsport programmes and coverage to the media. This is the advice from TVNZ. The decisions to televise our sport over any other is partly based on the responses they receive. TVNZ log every response they get, and this forms part of their ratings.

So, continue to stand up for our sport, and be vocal about it. It's not a sin out say you like fast cars. If you don't say it, no one else will!!

And thanks to MSNZ for letting me hitch a ride on their mail out, again, saved me lots of money.

P.S. If you're sending me the info, why not send it to your local news media as well. They may not publish it the first time but with persistance you can usually get them interested.

Sold

For Sale: Datsun Z - huge array of parts

Wanted: Floor mounted pedal box Contact Ken Cuttle *(04) 938 0677 - cuttlefish@paradise.net.nz*

Thank-you: To the boys-in-blue who found Gordon's car minus its radio but with 4 space-saver wheels (Does this mean they stole another 3 cars we wonder?

Jumma's webpage has been updated! Go to http://www.jummas.cjb.net/ and follow the links.

For Sale: A great range of motorsport books. Go to the Capital Books shopin Waring-Taylor Street. If you tell them you are a car club member they might give you a discount.

Classified Advertisements

Wanted: Clubnight Attendees
No wages, inducements occasionally offered. Be at the clubrooms, 7.30pm, third Tuesday EVERY month, RAIN HAIL, COLD OR SHINE.

Clubrooms to rent: Rates are extremely friendly, with ample parking and no close neighbours. Contact Bernie on 934 7468 or 025 822468.

Remember: If you change your address or phone number please let Karin know so she can update your details (*karin@paradise.net.nz*)

It is free for WCC members to advertise in the classifieds (non-commercial). Motoring News goes out every month to all WMSA and CRRS clubs (plus a few others).

Wanted: Press releases - do you send these out to your sponsors and / or the media? You could send the editors a copy to print in the magazine (free).

Wanted: Photos for the magazine - state whether you want them returned or they are likely to be cut to size by the editors. Can be brought to clubnight or dropped off to a committee member. You could email them if you have the technology.

For Sale: 1x hot little donkey. Fully modified Toyota 4AGE (*1600) complete*. Has been tweaked a *little giving 200 plus hp at flywheel.* Full TRD bits throughout. Reliable and proven class winner in CRRS. Only 2 rallies since re-build. TRD close ratio gearbox available (only 4 rallies) with, or as separate sale. Phone Tony Dixon (04) 587 0450
